Belgian National Rys.—Earnings.—
The New York Agency of the Banque Belge pour l'Etranger has receive by cable the following official information regarding the gross earning (taxes deducted) of the Belgian National Railways, during the month of the 1008 Frs. 60,600,00 Frs. 214,800,00 Frs. 5,400,00 Transportation of passengers and luggage.....

These figures compared with total gross income (tax deducted) of fr 273 500,000 for the month of Sept. 1928 and frs. 275,000,000 for the mont of Aug. 1928.—V. 127, p. 2680.

sources

Bolivia Railway.—Reorganization of Loan Capital.—A agreement dated Jan. 21 1928 between the Republic of Bolivia, the Bolivia Railway, The Antofagasta (Chili & Bolivia Railway Ltd. and representatives of large majority in amount of the holders of first mortgage 5% bonds of Bolivia Ry. has been reached, with a view to reorganization of the company's loan capital. The proposals relating the first mortgage bonds of the company, and which the holders of those bonds are now asked to accept, are sufficiently as follows: stantially as follows:

stantially as follows:

(1) Holders of the bonds will receive an equivalent nominal amount in new bonds in exchange for their present holdings. The total amount (existing 1st mtge, bonds is £5.750.000, of which £1.707,600 are held be others than the Antofagasta company, and £4,042,400 by the Antofagast company.

(2) The new bonds, dated Jan. 1 1927, will be income sterling bond making for interest as from that date, and maturing in 40 years. The will be issued in two series: Series A limited to £1.707,600 proportionatel distributable among holders of existing 1st mtge bonds except the Antofagasta Company, and series B limited to \$4,042,400 receivable exclusive by the Antofagasta Company.

(3) The new bonds will be secured by a 1st mtge, upon all properties an assets covered by the existing 1st mtge, and will be entitled to non-cumulative interest up to 5% per annum payable upon the conditions specified.

(4) The Antofagasta Company will guarantee to the holders of the £1.707,600 of new series A bonds that from Jan. 1 1927, until the principe of the bonds shall be payable, but only so long as the Antofagasta Compan continues to lease the lines of the Bolivia Railway the interest paid o the bonds shall not be less than 3% per annum in respect of any calenda year.

(5) The income of the Bolivia Railway consists of the rentals payable.

the bonds shall not be less than 3% per annum in respect of any calenda year.

(5) The income of the Bolivia Railway consists of the rentals payabl under the lease by the Antofagasta Company; and the net earnings arisin therefrom as determined annually will be distributed in the following order (a) £10,000 to a supplementary capital fund for extensions, betterment or other necessities of the lines.

(b) 5% of such net earnings, or £10,000 annually, whichever is the greater, to the purchase of new series A bonds outstanding. The interest on such bonds as have been purchased (guaranteed as above provided will be applied towards the purchase of further series A bonds.

(c) £4,295 3s. 3d. to a fund for repayment of past advances of the Bolivia Government on account of its guarantee of interest on the existing 1s mtge. bonds, repayable in accordance with Clause 27 of the company concession.

(d) To payment of interest on all new bonds (series A and B) up to 5° annually, non-cumulative.

(e) To payment of the interest up to 5% annually, non-cumulative, o new (or stamped) second mortgage bonds of £1,707,600, to be receive by the Bolivian Government in replacement of an equal amount of existin second mortgage bonds. When all new series "A" bonds have been pur chased they will be delivered to the Bolivian Government (with the gual antee thereon of the Antofagasta Company cancelled) in exchange for the new (or stamped) second mortgage bonds which will then be cancelled.

(f) Any balance to dividends on share capital, reserve funds or othe appropriations as the directorate of Bolivia Railway may decide.

(6) The rentals payable to Bolivia Railway by the Antofagasta Company will be increased to 40% of the gross receipts of all lines as from Jan. 1927, instead of 40% for the Viacha-Oruro Line and lower percentages for the other lines. The additional rentals thus payable in respect of the year 1927 would be about £26,000, but no part of such additional rentals

will be available for the benefit of any bondholders who do not accept the proposals in the manner prescribed.

The provisional agreement is the result of extended conferences with the Bolivian Government. The Association Suisse des Banquiers, J. Henry Schroder & Co. and Speyer & Co., who represent a large majority in amount of first mortgage bonds, believe that the provisional agreement is in the best interests of all holders of such bonds and accordingly recommend that such bondholders record their approval of that agreement, and their agreement to accept new series "A" bonds in exchange for their existing first mortgage bonds.

Bondholders must record such approval and agreement not later than Dec. 20 1928, by executing the form to be obtained on application from any of the following depositaries or agents, and depositing the same, together with their first mortgage bonds, with any of said depositaries, to wit—Geneva: Banque de Paris et des Pays Bas. Credit Suisse.

New York: Speyer & Co., 24-26 Pine Street.

Or with their Sub-Agents—

London: J. Henry Schroder & Co., 145, Leadenhall Street, E. C. 3.

In exchange for bonds so deposited, the depositaries will issue deposit receipts in the names of the depositors entitling them to receive in due course:

(a) The new series "A" bonds or, in case the proposals are not consum-

(a) The new series "A" bonds or, in case the proposals are not consummated, the old bonds deposited.

mated, the old bonds deposited.

(b) The interest on the new series A bonds in respect of the period from Jan. 1 1927 to June 30 1928, which will become payable after the proposals have met with the necessary approval on presentation of the deposit receipts for enfacement.

If the proposals are consummated, bondholders depositing their bonds for exchange for new series A bonds will be required to contribute towards the expenses of obtaining a quotation for those bonds in Switzerland and those of the depositaries undertaking the deposit and exchange, and for this purpose a deduction of 3s. 2d. in respect of each £20 face amount of new series A bonds will be made upon payment (against enfacement of the deposit receipts) of the interest in respect of the period from Jan. 1 1927 to June 30 1928. The Antogafasta Co. has agreed to pay all other expenses, including those of the delegation to Bolivia, duties payable in America on the new issues, the cost of the new bonds and of preparation of all necessary documents, and the legal expenses.

If the proposals are not consummated the bondholders will be entitled to the return of their bonds without charges, on application to their respective depositaries.

to the return of their bonds without charges, on application to their respective depositaries.

J. Henry Schroder & Co. of 145 Leadehall St., London, as from time to time constituted, are to act as the agents and attorneys-in-fact (irrevocable) of the accepting bondholders, other than the Antofagasta Co., with full authority to pass upon, and, in their discretion, to approve the new first mortrage, the new 1st mtge, bonds and all other instruments in connection with the carrying out of the provisional agreement; and the approval of J. Henry Schroder & Co. shall in each and every instance be final and conclusive and binding upon each and every such accepting bondholder. J. Henry Schroder & Co., as from time to time constituted, are also to have full authority (irrevocable) to determine on behalf of the accepting bondholders, other than the Antofagasta Co., whether the provisional agreement has met with the approval necessary to enable it to be carried through.

A joint letter from the Association Suisse Des Banquiers, Bale. J. Henry Schroder & Co. (London) and Speyer & Co., New York, says:

Co., New York, says:

Since the failure on Jan. 1 1927, of The Bolivia Ry. to pay the principal of its first mortgage 5% bonds due on that date, negotiations have been carried with the Antofagasta (Chili) & Bolivia Railway Ltd. and with the Bolivian Government at whose request a delegation representing a large majority of the bonds was sent to La Paz toward the end of 1927. The Bolivian Government's consent to any scheme of reorganization is indispensable, especially in view of its ownership of £2,500,000 second mortgage 5% bonds of the Bolivia Railway due Jan. 1 1932.

The results of these negotiations are embodied in any agreement dated Jan. 21 1928, between the Government of Bolivia and the above mentioned delegation, the terms of which are summarized above.

These proposals provide, among other things, for the issue of new 40-year first mortgage 5% non-cumulative income bonds dated Jan. 1 1927, in 1927, that the interest on the new bonds shall not be less than 3% per annum as from Jan. 1 1927, subject to the conditions indicated in the above notice, and for the setting up, out of earnings, of a fund of a minimum of £10,000 a year for the purpose of purchasing, below par, or drawing at ar, the new bonds, other than those to be issued to the Antofagasta (chili) & Bolivia Railway. While the amounts of bonds to be retired by the sinking fund will depend upon the amounts, if any, by which the company's earnings applicable to this fund exceeded the £10,000 minimum annual requirement and upon the prices at which the bonds can be bought, it is estimated that the fund will retire a substantial majority, if not all, of the bonds by maturity.

While the acceptance of these proposals entails concessions on the part

the fund will retire a substantial majority, if not all, of the bonds by maturity.

While the acceptance of these proposals entails concessions on the part of the bondholders, we believe that they constitute the best settlement obtainable and that it is to the interest of the bondholders to agree thereto, particularly in view of the substantial concessions which the Antofagasta (Chili) & Bolivia Railway is willing to make on its part.

If these proposals are not accepted, the courses open to bondholders appear to be either to take their pro rata share in the net earnings of the Bolivia Railway which are equal at this time to interest of about 2½% per annum on the bonds, without the bondholders having the benefit of a fund to provide for their retirement: or to institute expensive foreclosure proceedings, which might involve difficulties with the Bolivian Government and which, having regard to the present net earnings of the company and its prospects for the near future, would, in our view, result in the loss of a substantial portion of the principal of the bonds.

In these circumstances, we recommend to the acceptance of these proposals as being in the best interests of the bondholders.—V. 124, p. 639.

### Chesapeake & Ohio RR .- Rehearing on Building Line Denied—Bond Application.

Denied—Bond Application.—

The I.-S. C. Commission on Nov. 7, announced its denial of a petition filed by the C. & O. for reconsideration and re-argument of the case in which the Commission authorized the Virginian and Norfolk & Western railways to build an extension in the Guyandot Valley of West Virginia, while denying the application of the C. & O. for authority to build an extension in the same territory.

The Commission also vacated and set aside its postponement of the effective date of the certificates issued to the Norfolk & Western and Virginian so that they become effective at once.

The company has applied to the Inter-State Commerce Commission for authority to issue \$30,000,000 4½% 65-year refunding and improvement mortgage bonds.

Proceeds from the sale of the bonds will be used to reimburse the road's treasury for a like amount of moneys expended from income prior to Sept. 1 1928, for additions and betterments to its owned and controlled lines, for the purchase of stocks and bonds, and for loans and advances to subsidiary companies. The company also proposes to pay off, from the proceeds of the issue, its promissory note dated March 1 1924, for \$9,200,000 payable to the Director-General of railroads, due March 1 1930, and bearing interest at the rate of 6% per annum.

Athough no contract has as yet been entered into for the sale of the bonds, the company believes they can be sold, as of Oct. 1 1928, at a price of not cess than 92½% of par.—V. 127, p. 1803.

Chicago Milwaukee St. Paul & Pacific RR.—Definitives
The company is prepared to exchange, at its office at 52 Wall St., N. Y.
City, the outstanding temporary equipment trust certificates, series E.
P. G and H. for definitive certificates with interest warrants attached.—
V. 127, p. 1671.

Chicago & North Western Ry .- Abandonment of Branch.

The I.-S. C. Commission on Nov. 10 issued a certificate authorizing the company to abandon its branch line of railroad known as the Heinemann line in Langlade County, Wis, extending from a junction with the main line of its Ashland division about one mile north of the City of Antigo, westerly, northwesterly, and northerly, terminating in section 31, township 33 north, range 9, east, 25.33 miles.—V. 127, p. 2812, 1803.

Chicago Rock Island & Pacific Ry.—To Extend Line.—
The Chicago Rock Island & Pacific Ry, and the St. Paul & Kansas City
Short Line RR., a subsidiary, have applied to the I.-S. C. Commission
for authority to extend their lines from Allerton, Iowa, to Birmingham,
Mo., a distance of 138 miles, of which 53 miles represents proposed trackage
rights and 85 miles from Coburn, Mo., to Birmingham Mo., represents
new construction.

new construction.

The plan for financing the proposed construction is through the issuance of 1st mage.  $4\frac{1}{9}\%$  gold bonds of the Short Line, which will be guaranted by the Rock Island.—V. 127, p. 2226.

Chicago St. Paul Minn. & Omaha Ry.—Equip. Trust.—
The company has applied to the I.-S. C. Commission for authority to assume obligation and liability in respect of \$690,000 of 4%% equipment trust certificates, to be used in the purchase of 250 stock cars and 200 gondola cars, and to be offered for sale on competitive bids.—V. 127, p. 2812.

Cincinnati New Orleans & Texas Pacific Ry.—Extra Dividend of 3% on Common Stock.—The directors on Nov. 20 declared an extra dividend of 3% in addition to the regular semi-annual dividend of 4% on the outstanding \$8,970,000 common stock, par \$100, both payable Dec. 26 to holders of record Dec. 7. An extra distribution of 3% was made on this issue on Dec. 21 1926 and on Dec. 27 1927.—V. 126, p. 3586.

Consolidated RRs. of Cuba.—To Receive Dividend.—See Cuba Northern Rys. below.—V. 127, p. 2680.

Cuba Northern Rys.—Dividend of \$4.40.—
The directors have declared a dividend of \$4.40 per share on the common stock, payable Dec. 28 to holders of record the same date. An initial dividend of like amount was paid on Sept. 28 last. Over 99% of the \$14.000,000 outstanding common stock (par \$100) is owned by the Consolidated RRs. of Cuba.—V. 127, p. 2680.

Kansas City Mexico & Orient Ry.—Sale Completed.—
The purchase of the company by the Atchison Topeka & Santa Fe was finally completed and possession of the road transferred at Kansas City, Mo., on Oct. 20. Members of the Santa Fe board of directors were elected directors of the Orient at that time and W. B. Storey, President of the Santa Fe, E. J. Engel, V.-Pres., E. L. Copeland, Sec. & Treas., and S. T. Bledsoe, Gen. Counsel, were elected to corresponding positions on the Orient.—V. 127, p. 1250.

Minneapolis & St. Louis RR.—Foreclosure of Mortgages

Modified.—
The recommendations of Howard S. Abbott, special master in chancery, regarding the foreclosure of mortgages were modified to permit a prior lien against the White Bear branch to the Northern Pacific and were otherwise affirmed, in an order of the Federal District Court filed on Nov. 10 by Judge Wilbur F. Booth. Jan. 5 1929, was set as the date for a hearing on the final decree of foreclosure.

Judge Booth decided that the Northern Pacific had a prior lien against the sale of the White Bear branch because it assumed a mortgage of \$200,000 in 1901, against the 12 miles of road from White Bear to east Minneapolis & St. Louis first consol. and first refunding mortgages, it being the contention of the trustees that the mortgage of the Northern Pacific had been merged in the title of the road which was thus free from any lien which might arise.—

V. 127, p. 2523.

Missouri Pacific RR.—Bonds.—
The I.-S. C. Commission on Nov. 14 authorized the company to issue \$30,000,000 of 1st & ref. mtge. 5% gold bonds, series G. \$25,000,000 of said bonds to be sold at not less than 96½ and int. and the proceeds used in the payment of short-term notes, for working capital, and for capital expenditures, and to pledge and repledge from time to time, to and incl. Dec. 31 1930, the remaining \$5,000,000 of bonds as collateral security for short-term notes. (See offering in V. 127, p. 1944.)—V. 127, p. 2681.

New Orleans Texas & Mexico Ry.—New Entrance Asked Into New Orleans .-

New Orleans Texas & Mexico Ry.—New Entrance Asked Into New Orleans.—

Authority for the construction and operation of a new entrance to New Orleans for the Missouri Pacific system is asked of the I.-S. C. Commission in an application filed by the New Orleans Texas & Mexico Ry., a subsidiary of the Missouri Pacific, made public on Nov. 19.

The N. O. T. & M., asks a certificate authorizing it to build and operate an extension from a connection with its main line on the east bank of the Mississippi River at or near Baton Rouge, La., and extending southeasterly direction to a point at or near New Orleans, where connections may be had with the tracks of various railroads, a distance of 82 miles. Between Baton Rouge and New Orleans the company now uses the track of the Yazoo & Mississippi Valley RR., through a trackage agreement, under which it cannot participate in local business between those points.

"The successful and economical operation of applicant's line of railroad" it says, "requires in part different terminal arrangements within the New Orleans switching district. Also, applicant should be relieved from the expenses and delays incidental to the operation of a ferry across the Mississippi River: should be permitted to participate in traffic originating at Baton Rouge, La., the New Orleans switching district, and at all points between points west of the Mississippi River on the other hand, and New Orleans, and points east of the Mississippi River on the other hand, and New Orleans, and points east of the Mississippi river on the other hand, and as a subsidiary company of the Missouri Pacific RR., should provide for that company a more expeditious and less expensive route to and from the New Orleans switching district with the removal of present disadvantages of crossing the Mississippi River by means of a ferry and with the providing of adequate terminal facilities."

It is stated that the present line of the Missouri Pacific from St. Louis to New Orleans is nearly 100 miles longer than the line of its str

Pennsylvania Co.—Tenders.—
The Girard Trust Co., trustee, Philadelphia, Pa., will until Nov. 30 receive bids for the sale to it of 40-year guaranteed 3½% gold trust certificates, series D, due 1944, to an amount sufficient to exhaust \$100,000 at a price not exceeding par and interest.—V. 127, p. 2681.

Pittsburgh & West Virginia Ry .--Rehearing on Order

For Extension of Railway Denied Trunk Lines.

The I.-S. C. Commission made public Nov. 19 an order denying the petitions of the Baltimore & Ohio RR. and the Pennsylvania RR. for reconsideration of the case in which the Pittsburgh & West Virginia Ry. was granted a certificate of public convenience and necessity to construct an extension from Cochran's Mill, near Pittsburgh, to Connellsville, Pa., 58 miles.

etitions filed by the trunk lines set forth that the order authorizing struction was issued on a vote of 5 to 4, with one member of the

Commission, who was known to oppose the project of the Pittsburgh & West Virginia, necessarily absent. The trunk lines argued in support of their plea for reconsideration by the entire Commission, that, had the absent member voted, the result would have been a tle and the application would have been disapproved.—V. 127, p. 2684, 2681.

St. Louis-San Francisco Ry .- Outlook .- Chairman E.N. Brown on returning from an inspection trip of the company's

Business conditions in the territory served by the road are spotty but on the whole good. Our business at the present time is running about the same as at this time last year. We estimate that gross revenues and net operating income for the last quarter of 1928 will be approximately equal to results for the corresponding period a year ago.

On the inspection trip, we found equipment, as well as roadway and buildings, in very good condition.

The Muscle Shoals Birmingham & Pensacola RR., which has been placed in operation as a part of the Frisco for several months, is producing satisfactory results; that is, its business has been up to expectations despite the fact that it has been operating under unfavorable conditions. Farmers along this line had to replant corn several times due to excessive rains in the spring. The demand for lumber was poor until recently and this lessened business from this source. This section of the road had a bumper potato crop, but the price was so low that it did not improve the buying power of the farmers.

Examiner Opposes Capitalization of Unauthorized Invest-

Examiner Opposes Capitalization of Unauthorized Invest-

The I.-S. C. Commission has made public a proposed report on the application of the company for authority to issue \$8,000,000 of consolidated mortgage, 4½% gold bonds as collateral for short term notes in which Examiner A. C. Devoe recommends that such authorizations should be granted only on the express condition that "out of its treasury as reimbursed by the proceeds should immediately upon such reimbursement be deposited and held, until expended, in a separate fund, and should be expended by the applicant solely for acquisition, construction, completion, extension, or improvement of facilities, for additions and betterments to its property, or for the acquisition of new equipment, after Jan. 1 1928."

As part of the basis for the issue of the proposed bonds, the company submits \$5,000,000 of two year secured gold notes, or short term notes issued to provide for their payment at maturity. These notes were issued in connection with the acquisition in 1926 of 183,333 shares of the common stock of the Chicago Rock Island & Pacific.

The issue of consolidated mortgage bonds is proposed by the Frisco to capitalize part of its expenditures for equipment. As of July 31 1928 the total book value of this equipment, as reported in the examiner's report, was \$23,263,478, the total obligations issued in respect thereof \$20,383,500, and the road's equity in the equipment \$12,585,478.

With reference to the Frisco's claim that its Rock Island stock is a proper basis for the issue of its stock or bonds, inasmuch as its holdings are pledged under its prior lien mortgage and the consolidated mortgage, and the proceeds of the stock, if sold, must be applied either to the retirement of bonds or to capital expenditures, the examiner's report states:

In the present case the applicant admits that its holdings of Rock Island common stock are insufficient to give it control of that company and it has not been shown that such holdings will probably be permanent. The applicant acquired the 183,333 shares of Rock Island common stock a

Southern Pacific Co.—Control of Branch Line.—
The I.-S. C. Commission on Nov. 12 approved the acquisition by the company of control, by lease, of the Chowchilla branch of the Visalia Electric RR. The Chowchilla branch of the Visalia, extends from a connection with the Central Pacific Ry. at Chowchilla in a general southwesterly direction to a point in block 42 of Dairyland Farms Subdivision No. 2, 10.2 miles, all in Madera County, Calif. The Central Pacific Rv. is operated by the Southern Pacific under lease. The Visalia is controlled by the Southern Pacific through stock ownership.—V. 127, p. 2524.

Southern Pacific RR.—Abandonment of Branch Line.—
The I.-S. C. Commission on Nov. 10 issued a certificate authorizing the Southern Pacific RR., the Southern Pacific Co., Lessee, and the Atchison, Topeka & Santa Fe Ry. to abandon a portion of their Oil City branch, known as the Treadwell branch, extending from Treadwell Junction to Porgue, a distance of 2.47 miles, in Kern County, Calif.—V. 127, p. 1252.

## PUBLIC UTILITIES.

Alabama Water Service Co.—Corrected Earnings.—
The company in typing the September earning statement for the Alabama Water Service Co. and the California Water Service Co. used the wrong form for each so that the California Water Service Co. earnings were sent out under the name of the Alabama Water Service Co. and vice versa. The figures were published in the "Chronicle" as sent out by the company, so that the Alabama company figures appeared under the California company and the California company figures under the Alabama company in last week's issue.—V. 127, p. 2814.

All America Cables, Inc.—New Director.—
Frank W. Phelan, Vice-President of the International Telephone & elegraph Corp. and Executive Vice-President of the All America Cables, c., has been elected a member of the board of directors of the latter commy.—V. 126, p. 2786.

Allegheny Gas Corp.—Bonds Offered.—Drake, Riley & Thomas, Los Angeles, are offering at 98 and interest to yield over 6.70%, \$1,800,000 1st mtge. & coll. 6½% gold bonds (with stock purchase warrants).

(with stock purchase warrants).

Dated Nov. 1 1928. Due Nov. 1 1943. Denom. \$1,000 and \$500. Red. all or part, on any int. date. upon 30 days' notice, to and incl. May 1 1934. at 107½ and int., the redemption premium thereafter decreasing 36 of 1% annually. Semi-annual interest payable, M. & N., without deduction for 2% of the normal Federal income tax. Equitable Trust Co., New York, trustee.

Company.—The properties of corporation supply gas at wholesale to prominent public utility and industrial companies in West Virginia. The Upham Gas Co., a subsidiary, operates under the jurisdiction of the P. U. Commission of the State of Ohio.

The corporation and its subsidiary will own 147 gas wells and over 100 miles of pipe lines, including gathering lines and will control through lease, or own in fee, the gas rights in approximately 37,000 acres of land in the gas-producing territories of Lincoln and Kanawha Counties, W. Va., and Knox County, Ohio.

Security.—The present issue of bonds will be secured by a first closed mortgage on all of the fixed physical properties and developed leases of the corporation, subject only to outstanding contracts for the sale of gas and the usual farm mortgages. They will be additionally secured by pledge of all of the preferred stock and practically all of the common stock of Upham Gas Co.

Stock Purchase Warrants.—Each \$1,000 bond will carry a warrant entitling the holder thereof to purchase a unit of 10 shares of the common stock of

of all of the preferred stock and practically all of the common stock of Upham Gas Co.

Stock Purchase Warrants.—Each \$1,000 bond will carry a warrant entitling the holder thereof to purchase a unit of 10 shares of the common stock of the corporation at \$5 per share to and including Nov. 1 1933; at \$7.50 per share to and including Nov. 1 1938; at \$10 per share to and including Nov. 1 1943.

Sinking Fund.—Provision is made in the trust indenture for sinking fund beginning Jan. 25 1930, calculated to be in amount sufficient to retire this entire issue prior to maturity.

Anchorage (Alaska) Light & Power Co.—Bonds Offered.—Russell-Colvin Co., San Francisco, recently offered \$250,000 1st mtge. sinking fund 7% gold bonds at 100 and

s250,000 1st mtge. sinking fund 7% gold bonds at 100 and int.

Dated Aug. 1 1928; due Aug. 1 1943. Int. payable F. & A. Red. either in whole or in part, on Aug. 1 1931, or any int. date prior thereto, at 106 and int., and thereafter at 106 and int., less ½ % for each expired 6 months between Aug. 1 1931 and Aug. 1 1943. Denom. \$1,000 and \$500 c\*. Normal Federal income tax 2% paid. Calif. personal property tax paid up to 6 mills. Seattle National Bank, Seattle, trustee. The Bank of Alaska, Anchorage, co-trustee. Wells Fargo Bank & Union Trust Co., San Francisco, paying agent.

Company.—Company is erecting a modern hydro-electric power generating and transmission plant in Southern Alaska, near the City of Anchorage. Construction is now in progress and includes lake control works, concrete diversion dam, tunnel, penstocks, power house, high-tension transmission line, substations and some distributing lines. The City of Anchorage itself leases and operates a fully completed distributing system built and owned by the United States Government, and has contracted to purchase electricity at very satisfactory rates from the Anchorage Light & Power Co. for a period of 15 years.

The territory served includes the shops (valued at \$7,000,000) and head-quarters of the Alaska RR., which are now utilizing steam-generating electricity. This will be entirely supplanted by the hydro-power of the company, and the present steam plant will be maintained as a stand-by. Rates for domestic and power purposes will be substantially reduced below rates now being charged, and consumption of electricity for both domestic and industrial uses will increase considerably. The population served will be approximately 3,000.

Security.—Bonds will be secured by an absolute 1st mtge. lien upon all the physical properties now owned or hereafter acquired by the company, including Federal power permits, rights of way, contracts and other tangible assets, valued in excess of \$500,000.

Sinking Fund.—Commencing June 10 1931, and yearly thereafter, the c

Common stock 500,000 500,000 a Remaining \$250,000 par value reserved for future issuance under restrictions. b Remaining \$150,000 par value reserved for future construction purposes and general corporate uses.

Arkansas Power & Light Co.—Co-Transfer Agent.—
The American Exchange Irving Trust Co. has been appointed co-transfer agent for the \$6 preferred stock.—V. 127, p. 1945.

Associated Gas & Electric Co.—Registrar.—New Director.
The American Exchange Irving Trust Co. has been appointed registrar for \$100.000.000 10-year 514.000 convertible investment certificates, due Nov. 15 1938. (See also V. 127, p. 2524.)

Daniel Starch has been elected a director .- V. 127, p. 2816.

Daniel Starch has been elected a director.—V. 127, p. 2816.

Basic Utilities Corp.—Organized.—

A new holding corporation Basic Utilities Corp., has been organized in Delaware to acquire and hold the capital stocks or other securities of telephone and other public utility companies. Capitalization consists of 50,000 shares of Class A stock (non-voting) of no par value and 1,000 shares of no par Class B stock. The class A shares are entitled to non-cumulative dividends of 60 cents a share in each year before any dividends are paid on the class B shares and to participate in all additional dividends, share for share, with the class B shares when declared.

The corporation has acquired options for the purchase of substantially all the outstanding stock of 9 telephone companies furnishing telephone service for domestic and industrial purposes in a number of growing communities in Virginia and West Virginia. Proceeds from the sale of 50,000 shares of no par Class A capital stock to be offered, will provide funds to complete the purchase of these properties and will be used for the investigation and purchase of other utility properties to be acquired. It is planned to group these properties under centralized management, reducing overhead expenses and increasing net earnings.

The directors include M. Lloyd Bowen. (Pres.), Henry C. Brown, Walter Hammer, I. M. Kalt, Frank L. Parks (Conde-Nast Publications, Inc.), Walter Pfaendler, (V-Pres.), Jules Schwartz, Mortimer J. Wohl, and John M. Woodford, (V-Pres. & Treas.).

Central Hudson Gas & Electric Corp.—Rights.—
The common stockholders of record Sept. 15 were recently given the right to subscribe on or before Nov. 2 for additional common stock (no par value) at \$25 per share on the basis of one new share for each 10 shares held. Subscriptions were payable either in full on Nov. 2 (less 6% to May 2 1929), or in three installments, viz.: \$5 on Nov. 2 1928, \$10 per share on or before Feb. 2 1929, and \$9.70 per share on or before May 2 1929. The latter payment is after deducting interest at 6% on all payments to May 2 next.
For the convenience of stockholders who received a fractional warrant and were desirous either of obtaining the necessary additional fractional warrants entitling them to subscribe for one full share, or who were desirous of disposing of such fractional warrants, the corporation acted as the agent of the stockholders. For this purpose the value of the right to subscribe to one-tenth of a share was fixed at \$2.50.

At last accounts there were outstanding 300.048 shares of common stock. The directors in July last authorized the issue of additional common stock to an amount equal to 20% of said stock outstanding at the time of such Issue at \$25 per share and directed an application to be made to the New York P. S. Commission for authority to make such issue.—V. 124, p. 504. Central Hudson Gas & Electric Corp.-Rights.

Central Illinois Public Service Co.—Bonds Offered.—Halsey, Stuart & Co., Inc. are offering \$5,700,000 1st mtge. 5% gold bonds series G at 100 and int.

Dated Nov. 1 1928; due Nov. 1 1968. Red. all or part on 30 days' notice at following prices and int: on or before Oct. 31 1933 at 105; after Oct. 31 1933 and on or before Oct. 31 1938 at 103; after Oct. 31 1938 and on or before Oct. 31 1943 at 102½; after Oct. 31 1943 and on or before Oct. 31

1953 at 102; after Oct. 31 1953 and on or before Oct. 31 1958 at 101½; after Oct. 31 1958 and on or before Oct. 31 1963 at 101; after Oct. 31 1963 and on or before Oct. 31 1967 to maturity at 100. Interest payable M & N. at office of Halsey, Stuart & Co., Inc., in Chicago or New York without deduction for Federal income taxes not in excess of 2%. Commany will agree to reimburse the holders of Series 6 bonds, if requested within 60 days after payment, for the Penn, and Conn. 4-mills and Maryland 4½-mills taxes and for the District of Columbia personal property taxes not exceeding 5-mills per \$1 per annum and for the Mass, income tax on the interest not exceeding 6% of such interest per annum. Denom. \$1,000, \$500 and \$100 c\*.

Issuance.—Arthorized by the Illinois Commerce Commission.

Security.—Bends will be secured by a first mortgage on all of the fixed properties, rights and franchises of the company, now owned, and on all such property hereafter acquired against which any bonds may be issued under the mortgage. The value of the fixed property of the company as determined by independent examining engineers plus subsequent additions is largely in excess of the first mortgage bonds to be outstanding upon completion of the present financing.

Company.—An Illinois corporation. Supplies directly with one or more classes of public utility service 396 communities in the State of Illinois without competitition of like service and wholesale electrical energy to 14 other other public utility companies, which in turn serve 65 communities. Company's generating station of 50,000 k. w. initial capacity located on the Mississippi River near Grand Tower, Ill. combines the desirable features of readily accessible coal and abundant condensing water. Company also operates 4 other central generating stations, and in addition has contracts for the purchase of power from 7 central stations, including the great hydro-electric station at Keokuk, Iowa. Company's main generating stations are located practically at the mouth of some of the largest and best equipped coal mines in central and southern Illinois. From its own stations, including the capacity of the Grand Tower station, and through its contracts for the purchase of power, the company has a total available capacity of 132,500 k. w. Total connected load on the company's system is now approximately 263,500 k. w. Company owns 2,654 miles of high tension transmission lines, all of which are of modern and recent construction, and also owns and operates 28 ice plants with a combined daily capacity of approximately 1.400 tons.

Electric Public Utilities Co.—Court Upholds Sale.—
Holding that no evidence had been given to show that purchase by the company of four small western Maryland power companies would be detrimental to the public interests, the Circuit Court at Baltimore on Oct. 30 ordered the case-remanded to the Maryland P. S. Commission for authorization of the sale. The first of the company to obtain control of the smaller companies has continued for more than a year before the Commission and the courts of the State.

The price the company proposes to pay for the four companies is \$518,000. The companies are the Home Electric Co. of Lonaconing, the Emmitsburg Electric Co.. the Antietam Electric Light & Power Co. and the Midland Electric Co.

The Commission held that the transfer of the properties would be detrimental to the public interest, on the ground that the purchase price was inflated and eventually would be reflected in rates charged customers of the companies. The court held that there was no evidence to substantiate the claim of the Commission. An appeal may be taken by the latter.—

Interborough Rapid Transit Co.-U. S. Supreme Court Orders Reargument in 7-Cent Fare Case and Clearer Briefs.-Rehearing Set for Jan. 14.—

In an order read from the bench, Nov. 19 by Chief Justice Taft, the U.S. Supreme Court directed a re-argument on Jan. 14 next of the case by which the city of New York seeks to prevent the Interborough from increased the five-cent fare to seven cents. The test of the order follows:

"159—Gilchrist, et al, vs. Interborough Rapid Transit Co.

"This case is ordered to be restored to the docket for re-argument on Jan. 14 1928.

"The same limitations as to the time of argument and the number of counsel as in the original hearing shall apply. It is directed by the Court that new briefs shall be filed complete, and that the old briefs heretofore filed shall not be used.

counset as in the original hearing shall apply. It is directed by the Court that new briefs shall be filed complete, and that the old briefs heretofore filed shall not be used.

"The new briefs shall be compact, logically arranged with proper headings, concise, and free from burdensome, irrelevant and immaterial matter. The appellants shall prepare and file their briefs on or before Dec. 17 1928.

"The appellees shall prepare and file their briefs on or before Jan. 2 1929, and the appellants shall file reply briefs on or before Jan. 9 1929."—V. 127, p. 2228.

Interstate Power Co. (Del.).—Bonds Offered.—An additional issue of \$4,000,000 1st mtge. bonds, 5% series of 1957, is being offered at 96 and int., to yield over 5¼%. by a syndicate headed by the Chase Securities Corp. and including West & Co.; Spencer Trask & Co.; Federal Securities Corp.; Pynchon & Co.; Halsey, Stuart & Co., Inc., and W. S. Hammons & Co.

Data from Letter of H. L. Clarke, President of the Company.

Data from Letter of H. L. Clarke, President of the Company.

Company.—A Delaware corporation. Furnishes electric light and power to 267 cities and communities located in the States of Minnesota, Iowa, South Dakota and Oklahoma, and in addition supplies gas to seven communities and steam heat to two, and also operates an electric railway and bus service in Dubuque and adjacent territory. Through wholly owned subsidiaries, electric light and power are furnished to 74 communities in the States of Wisconsin, North Dakota, Nebraska and Illinois. The total population of the territory served by the system is approximately 460,000 and the company's customers total over 91,000. The combined annual electric output is about 112,000,000 k.w. The capacity of the system's electric generating plants is approximately 40,000 k.w. Approximately 91% of the net earnings of the system is derived from the sale of electric light and power, 8% from gas, and 1% from electric railway and bus service. The company and its subsidiaries own 15 steam electric generating plants.

Lunenburg Power, Light & Waterworks, Ltd., Germany.—Bonds Offered.—Potter & Co. and Foreign Trade Securities Co., Ltd., are offering \$1,100,000 1st mtge. 20-year sinking fund 7% gold bonds, at 98 and interest to yield about 7.20%. Bonds are dated May 1 1928 and mature May 1 1948.

May 1 1948.

All the stock of this company, organized in 1927, is owned by the city of Lunenburg, Germany. Electric it ht and power, gas and water service is furnished to Lunenburg, and electric light and power to 52 other communities closely adjacent. The company operates under exclusive franchise, and serves an arricultural and industrial section approximately 580 square miles in size with a population of about 78,000.

Proceeds of this loan will be used for additions to the company's properties and for extensions to the plants now in operation. Independent American engineers have appraised the properties owned, on the basis of production costs new less depreciation, as of Jan. 18 1928, as having a value of over \$2,264,765 which is equal to over 2.06 times the amount of this loan.

Not earnings for 1927 were \$200.714 or over 2.61 times the annual interest requirements on this loan.—V. 127, p. 2365.

Michigan RR.—Sale.—
William S. Sayres, Jr., will sell the property at public auction Dec. 20 at Battle Creek, Mich.—V. 125, p. 2671.

North American Co.-Wired Radio Inc., a Subsidiary, Signs Two Contracts with Federal Telegraph Co., a Subsidiary of Kolster Radio Corp.—
Frank L. Dame, Pres. of the North American Co.; Rudolph Spreckels, Chairman of the Board of Kolster Radio Corp. and Ellery W. Stone, Pres. Kolster Radio, announced Nov. 16 the closing of two contracts of faraching importance between Wired Radio, Inc., a subsidiary of the North nerican Co., and Federal Telegraph Co., a subsidiary of Kolster Radio

orp.
Under the first of these contracts, Kolster Radio Corp. secures title to me 600 patents, patent applications and inventions in the communications, dio, wired radio, electric phonograph, television and talking motion icture fields. These patents and inventions have been acquired by the orth American Co. during the past six years and their acquisition by olster marks probably the largest single transfer of radio patents in the story of the industry.

Mr. Stone, discussing the contracts, said: "These 600 patents acquired Kolster Radio include several groups which patent attorneys state are idely infringed in the radio industry to-day and are expected to yield large sysitles to Kolster as well as to place the company in an exceptionally rong position in the radio, electric phonograph and talking motion picture index.

rong position in the radio, electric phonograph and talking motion picture isids.

"Exclusive licenses are granted back to Wired Radio, In., by Kolster in the field of wired radio only, and Kolster retains full title to all of the stents and exclusive manufacturing and selling rights in all fields other than that of wired radio. By acquisition of the North American group of atents, Kolster has further increased its already strong patent position in eradio and allied industries.

"The second agreement, which remains in force until Sept. 2 1941, with newal options, provides that Sired Radio, Inc., will purchase not less than be third of its total requirements for apparatus from Kolster Radio Corp.

"A cost plus 25% basis."

Mr. Dame said: "The second contract forecasts the arrival of the injustry's latest development, wired radio, which in the future will suppleent but not displace present broadcasting on the air. Wired Radio, Inc., is been doing very important development work, during the past six sars, on the transmission of radio programs over electric light and power ires. Experimental installation is now being made in Cleveland. There is been sufficient progress to make it necessary for the company to be sured of manufacturing facilities upon a large scale. In the contracts ith Kolster Wired Radio, Inc., is retaining all rights necessary to the delopment in its particular field. When plans have been completed, wired dio will become available to all of the major public utilities of the United ates."

dio will become available to all of the major public utilities of the United ates."

The sending of wired radio programs into homes over electric light wires ill require special socket plug-in receiving equipment which will be manuctured by Kolster Radio Corp. and furnished to electric light customers a nominal monthly rental. The sets will also be adaptable for reception om present day radio broadcasting stations.

Static, fading and station interference will be entirely eliminated by wired radio system, and summer reception will be as good as winter. so, reception difficulties encountered in cities on account of steel frame alidings will be overcome.

Rental charges for wired radio apparatus, which will include maintenance, lll be a moderate monthly fee. There will be three channels in operation the outset, according to present plans. One will carry a program of siscla music, another of more popular entertainment and a third will be voted to lectures and educational programs. It is planned to establish master studio for the entire United States from which programs by well sown artists will be sent out to wired homes in all parts of the country. The North American Co. is one of the oldest and largest public utility liding companies, controlling through stock ownership five main groups electric light and power companies operating in important areas of the nited States. The electric properties in each group form a distinct internnected power system. The five groups are located in Central Calirnia, centering in San Francicso, Oakland, Sacramento and Fresno; in nio, centering in San Francicso, Oakland, Sacramento and Fresno; in nio, centering in San Francicso, Oakland, Sacramento and Fresno; in nio, centering in San Francicso, Oakland, Sacramento and Fresno; in nio, centering in Milwaukee, Racine, Kensosha and Appieton; and Washington, D. C., extending into adjacent sections of Virginia and aryland. The North American system serves 1,150,000 customers in the pre than 800 communities, has power plant capacity of 1,

Rudolph Spreckels, Chairman of the Board of the Kolster adio Corp. and of its subsidiary, the Federal Telegraph o., when interviewed regarding the contracts executed tween Wired Radio, Inc., and the Federal Telegraph

o., said:

"When I purchased control of the Federal Telegraph Co., which was gaged primarily in radio communication on the Pacific Coast, I realized in importance to its stockholders of securing a greater diversification in e company's business as well as a nation-wide expansion. The first step the development of a diversified business was accomplished by acquiring subsidiaries of C. Brandes, Inc., manufacturers of radio head sets and ad speakers, with plants at Newark, N. J., Toronto, Canada, and in igland. The next constructive step was the negotiation of a contract the the Columbia Phonograph Co. under the terms of which Columbia rehases exclusively from Kolster all of the electric phonographs and radio is for combination therewith which Columbia requires in its rapility panding business. This was followed by an exceedingly important concet with the Radio Communication Co., a subsidiary of the Mackay impanies, which latter group of companies was subsequently combined the International Telegraph & Telephone Co. This contract gave the object Company an important interest in world-wide radio communication, sluding a greatly enlarged manufacturing outlet. The contracts just excuted will give the Kolster Radio Corp. a commanding position in another portant development stage of the radio industry, that of wired radio, which radio programs will be supplied to homes over electric light wires. Will mean the installation in a vast number of homes of a modified form the Kolster set and will greatly enlarge the manufacturing activity of the mpany, which has already grown to large proportions, having practically ubled within a year. The additional radio patents now acquired will of great strategic value to the Kolster Company, still further improving a strong position it already occupies through the ownership of important tents previously acquired. With an exceptionally strong patent sluar nand with contracts that insure for a considerable period a large volume profitable manufacturing business, the outlook of the Kolste

omaha & Council Bluffs St. Ry.—Settlement.—
A special dispatch to the "Journal of Commerce" from Omaha, Neb., v. 12 said: Acceptance by the stock and bondholders of the company the 30-year franchise voted recently, opens the way for immediate netations for the purhcase by the two communities served of the combined I and railroad bridge operated by a subsidiary. Mayor Dahlman will brilly announce the representatives of the city and President Shannahan the company has expressed his willingness to push matters along. The company must be refinanced, since a three-year extension was unted a year ago in order that the situation, then chaotic, might be ared up. Before this can be done it is probable that banking houses will sire to know what effect upon revenues the loss of the big profits now de by the bridge will have. These have been used to pay bond interest of other expenses, the car company falling short of the sum several thould dollars a month. Included in the car company's expense account, wever, is an item of \$60.000 a year rental for the bridge.—V. 127, p. 107.

Peoples Light & Power Corp.—Div. on Class A Com. Stk.

The directors have declared the regular quarterly dividend of 60c.
per share on the class A common stock, payable Jan. 1 1929 to st-ckholders of record Dec. 8 1928. A similar dividend was made on Oct. 1 last.
Holders of class A common stock may apply this div. to the purchase
of additional shares of class A common stock at the rate of 1-50 of a share
for each share held; this being at the rate of \$30 per share for additional
stock purchased.
Unless advised at or before Dec. 18, that the stockholder does not elect
to exercise the right to subscribe for additional class A common stock and
requests that the dividend be paid in cash, certificates for class A common
stock and (or) non-dividend bearing scrip certificates therefor, will be issued
to each registered holder of class A common stock entitled to the Jan. 1
dividend.—V. 127, p. 2527.

Public Service Co. of Northern Illinois.-According to a Chicago dispatch, the company is applying to the Ill.nois Commerce Commission for authority to issue and sell or piedge \$10,000,000 additional 1st lien & ref. mtge. bonds; to issue and pledge \$8,461,000 additional 1st & ref. mtge. bonds; and to issue and pledge \$8,461,000 additional 1st & ref. mtge. bonds; and to issue and sell 2,000 shares of additional capital stock without par value.—V. 127, p. 281

Public Service Electric & Gas Co.—Merger Enjoined.—
Vice-Chancellor John H. Backes, Nov. 15, filed an o inion in Ch acery
Court permanently enjoining the proposed merger of Public Service Electric
& Gas Co., with five smaller companies which it has leased for 900 years.
The smaller companies are Essex & Hudson Gas Co., Hudson County
Gas Co., Paterson & Passaic Gas & Electric Co., New Brunswick Light,
Heat & Power Co. and Somerset, Union & Middlesex Lighting Co.
The merger was approved May 21 1927, by the New Jersey Public
Utilities Commission, and Waldron M. Ward and Thomas G. Haisht
sought an injunction in behalf of the minority stockholders of the five small
companies. The majority stock in each, already held by the Public Service
company, voted for the merger.

It is expected the decision will be taken to the Court of Errors and
Appeals.

The opinion of the court reads in part as follows:

The opinion of the court reads in part as follows:

The complainants' resistance and their contention that they ought not to be compelled to exchange their first lien securities for gilt edged second line security is not without appeal, and were the decision to rest here there would be some embarrassment in squaring the merger with fairness. But there is a more serious inequity: The preferred stock lacks permanency. It is redeemable within three years at the option of the Electric and Gas Co. Thus the merger in effect, is nothing less than a forced sale by the majority stockholders to itself at a price fixed by it and payable at its pleasure.

The Public Service corporations contest the right of a court of equity to interfere in the internal affairs of the merging companies in the absence of fraud, actual or constructive. There is, of course, no suggestion that the majority stockholders entered into the merger agreement with actual intent to defraud the minority. Neither have they earned a decoration for unselfishness. The objection of the defendant corporation is, as an abstract proposition, accepted doctrine, and the principle was recognized in Bingham v. Savinas Investment & Trust Co., 138 At. 1, Rep. 659, where dissatisfied stockholders sought to prevent their company from absorbing two others. That case involved purely internal management of a going concern, honestly pursued. Here the situation is different. The complainants' companies are about to be absorbed and the minority stockholders face the possibility, if not the probability, of being cast into the discard. This, by right of might and by means unwarranted and oppressive, and their only appeal for relief is to this court. The merger will be enjoined.

The stockholders' protective committee, formed by

The stockholders' protective committee, formed by Rossvelt & Sons, in a letter to stockholders, says in part:

Although the decision is subject to an appeal to the Court of Errors and Appeals of the State of New Yersey, payertheless we believe that the decision is subject to an appeal to the Court of Errors and Appeals of the State of New Yersey, payertheless we believe that the decision is subject to an appeal to the Court of Errors and Appeals of the State of New Yersey, payertheless we believe that the decision is subject to an appeal to the Court of Errors and Appeals of the State of New Yersey, payertheless we believe that the decision is subject to an appeal to the Court of Errors and Appeals of the State of New Yersey, payertheless we believe that the decision is subject to an appeal to the Court of Errors and Appeals of the State of New Yersey. cision is sound and that it will not be disturbed by the higher court 127, p. 1948.

Public Service of Pennsylvania, Inc.—Earnings.—
The company reports gross earnings of \$372.012 and net earnings available for interest. &c. of \$115.599 for the year ended Sept. 30 1929, as compared with gross of \$337.827 and net available for interest, &c., of \$97.781, for the year ended Dec. 31 1927.—V. 127, p. 953.

Public Utilities Consolidated Corp. - Subsidiary Company Acquisition .-

The Union Water Co., Arcata, Calif., has been purchased by the W. B. Foshay Co. of Minneapolis. It will be operated by the Public Utilities California Corp.—V. 127, p. 2684.

Somerset, Union & Middlesex Lighting Co .- Merger Enjoined.—

Utilities Power & Light Corp.—New Realty Subs.—
Purchase of the Continental National Bank Building in Chicago, Ill., by the above corporation, was announced this week.

The sale of the building by the Continental National Bank follows its merger with the Illinois Merchants Trust Co. The enlarged institution will make its headquarters in the present Illinois Merchants Bank building. Ne otiations for the transfer of the building were conducted by Arthur Reynolds, President of the Continental National Bank & Trust Co.; Harley L. Clarke, President of the Utilities corporation, and Phillip R. Clarke, President of the Federal Securities Corp., which will handle whatever public financing is done.

It is understood that a new corporation to be known as the 208 South La Salle Street Building Corp. will take title to the Continental Bank building property. Its common stock, as well as that of the Utilities building, also owned by the Utilities corporation, will be vested in a new concern to be known as Utilities Power & Light Realty Trust. It is expected that \$15,000,000 of bonds, secured by 1st mtge, upon the property at 208 South La Salle St., will be issued, along with an issue of collaterally secured debentures of the Utilities Power & Light Realty Trust.—V. 127, p. 2529.

law firm of Rushmore, Bisbee & Stern) have been elected directors.—V. 127,
p. 2686.

Air-Way Electric Appliance Corp.—Earnings.—

Net earnings for the month of October as reported by the corporation are \$184.335 after all charges and allowance for Federal taxes. This compares with \$107.667 for Oct. 1927. Net earnings for the 10 months of 1928, after all charges and allowance for Federal taxes, amount to \$1,137,122 as compared to \$561.216 for the same period of 1927.

The balance sheet as of Oct. 31 1928, shows current assets in excess of five times current liabilities, with net current assets of \$3,430,007.—V. 127, p. 2686.

Allied Packers, Inc.—Plan for Sale of Assets to Hygrade Food Products Corp.—A plan for the sale of the assets of the company, to Hygrade Food Products Corp. on a basis which gives bondholders of Allied Packers cash and a marketable security and at the same time permits stockholders of Allied Packers, upon supplying part of the new cash required, to Packers, upon supplying part of the new cash required, to retain to a considerable extent their existing interests, was announced Nov. 20 by a committee headed by George W. Davison (Pres. of the Central Union Trust Co., New York), and including Livingston E. Jones (Pres., First National Bank, Phila.), F. S. Snyder (Chairman of the Institute of American Meat Packers), Casimer I. Stralem (of Hallgarten & Co.), Lucius Teter (Pres., Chicago Trust Co.), and Roswell C. Tripp (of Potter & Co.).

The plan carries the endorsement of both Frank R. Warten

The plan carries the endorsement of both Frank R. Warton, Pres. of Allied Packers, Inc., and Samuel Slotkin, Pres. of Hygrade Food Products Corp., and has been approved by the boards of directors of both companies. J. A. Sisto & Co. have undertaken to form a syndicate to underwrite the plan.

have undertaken to form a syndicate to underwrite the plan. Stockholders of Hygrade Food Products Corp. will be asked to increase the authorized capital of the company to 500,000 shares of capital stock without par value of which it is proposed to issue at present only an amount sufficient to enable the consummation of the plan, the balance being reserved for future expansion. They will be asked also to authorize the creation of an issue of first and refunding mortgage bonds in the amount of \$6,000,000, of which \$5,000,000 will be issued for the purposes of this plan and the remaining \$1,000,000 reserved for the refunding of existing mt e. bonds. Of the \$5,000,000 presently to be issued, stockholders of Allied Packers will have the right to purchase at par \$2,399,820 and the balance will be offered publicly by the underwriting syndicate.

Holders of securities of Allied Packers, Inc., who deposit their securities with the committee on or before Dec. 8 1928, will be entitled to the following rights under the plan:

Holders of the \$5,310,500 1st mtge, and collateral trust 8% gold bonds and of the \$2,955,000 conv. 6% debentures will receive for each \$1,000 of bonds, \$300 in cash and 7 shares of capital stock of Allied Packers will Holders of the 59,350 shares of valor prof. stock of Allied Packers will

ucts Corp.

Holders of the 59,350 shares of prior pref. stock of Allied Packers will receive, upon payment of \$180 for each 10 shares held, nezotiable purchase warrants entitling them to receive \$180 par value of the new 1st and ref. mtze. bonds of Hygrade Food Products Corp. Upon exercise of these warrants, they will receive in addition 3½ shares of capital stock of the Hygrade company.

Holders of the 59,617 shares of senior pref. stock and 1.093 shares of pref. stock of Allied Packers will receive, upon payment of \$120 for each 10 shares held, negotiable purchase warrants entitling them to receive \$120

par value of bonds and, in addition, 1 share of capital stock of the Hy

par value of bonds and, in addition, 1 share of capital stock of the Hygrade company.

Holders of the 100,500 shares of common stock of Allied Packers we receive, upon payment of \$60 for each 10 shares held, negotiable purchas warrants entitling them to receive \$60 par value of bonds and, in addition 1-5th share of capital stock of the Hygrade company.

The committee, which has studied the situation from all angles, recommends the plan as fair to the various classes of stock of Allied Packers pointing out that it is problematical whether on a forced liquidation an ejecemeal sale of the corporation's assets any net amount could be realized more than sufficient to pay creditors in full or even to realize sufficien for that purpose. The plan as devised, while the amount to be realized something under the book value of these assets as part of a going concert leaves a considerable amount attributable to stock investment and, in the opinion of the committee, is greatly in the interests of both creditors an stockholders.

for that purpose. The plan as devised, while the amount to be realized, something under the book value of these assets as part of a going concert leaves a considerable amount attributable to stock investment and, in thoplain of the committee, is greatly in the interests of both creditors an stockholders.

Mr. Warton, who has agreed to become Chairman of the Hygrade Foo Products Corp., estimates in his letter endorsing the plan that the fiv plants of Allied Packers located at Buffalo, Chicaco, Detroit, Topeka an Wheeling could be operated at a profit of not less than \$1,250,000 annuall by a company with adequate working capital and credit coupled with sound merchandsing potenting aernings to lack of working capital and inability, because of pecuting aernings to lack of working capital an inability, because of the unbalanced financial structure, to obtain necessary banking credit. In consequence the company has been unable to develop a business in cured products, from which profits are mainly realfable, while developing a large business in fresh meats, in which the turn over is rapid and working capital is returned much more quickly that would be possible if the necessary time were taken to convert the freshmeat into cured product. The marketing of fresh meats, Mr. Warton notes, normally results in losses.

Mr. Warton remarks that while the operations of the company hav been much better since the close of the fiscal year ended Oct. 31 1927 during which the company experienced a net decrease in net worth of \$5, 619,699, it is not anticipated that full interest and other charges will be earned during the fiscal year ended Oct. 31 last, complete figures on which will be a subject to the plan, should be products of Allied Packers and through its acquisition of Allied Packers by Hygrade Food Products Corp. Mr. Warton says, in pair "Hygrade Food Products Corp. Mr. Warton says, in pair "Hygrade Food Products Corp. Mr. Warton says, in pair "Hygrade Food Products Corp. Mr. Warton says, in pair "Hygrade Food Products Corp.

Max W. Ball has resigned as President and director and will be succeeded
by Arthur E. Johnson, President of the Mountain & Gulf Oil Co. and VicePresident of the Argo company. Ralph O. Deitler, Assistant to the President of the Midwest Refining Co., has been elected to the Argo board of
directors to succeed Mr. Ball. Other officers are James Owen, Chairman
of the Board; E. F. Randolph, Vice-President and Treasurer; W. O. Merryweather, Secretary, and H. C. Bretschneider, a Midwest Refining Co.
official, and James R. Jones, directors.—V. 126, p. 1510.

Arlington Apartments, Inc., Pittsburgh.—Bonds Offered.—The F. H. Smith Co., Washington, D. C., recently offered at par and interest, \$1,650,000 1st mortgage 6½%

coupon gold bonds. Dated Oct. 15 1928; due serially, 5 to 15 years. Callable on any int-date on or before Oct. 15 1931 at 102 and int.; thereafter to and incl. April 15 1941 at 101 and int., and thereafter at 100 and int. Provision is made for payment by the corporation of normal Federal income tax up to 2%; also for refund, on proper application within 30 days after payment of taxes, of Pa., Conn., or Vt. 4-mills tax, Md. 4½-mills tax, Va. 5-mills tax, D. of C. 5-mills tax, Mass. State income tax up to 6% of the int. per annum, N. H. State income tax up to 3% of the int. per annum, or any other State tax up to five mills per dollar of the principal amount per annum.

or any other State tax up to five mills per dollar of the principal amount per annum.

Security.—These bonds will be secured by a first mortgage on the land and modern apartment building to be erected thereon, known as the Arlington Apartments, Pittsburgh, Pa.

Lana and Building.—The lot fronts 208 feet on Aiken Ave., and 151 feet on Center Ave., containing approximately 30.000 sq. ft. Plans call for a modern steel and concrete fireproof building, equipped with three elevators and electric refrigeration. The exterior will be of ornamental terra cotta and face brick. There will be 158 apartments, ranging in size from one room, kitchenette and bath, to four rooms, kitchenette and bath. On the first floor there will be six stores. Fireproof garage space for the convenience of tenants will be provided in the basement of the building. The Arlington Apartments is designed to be one of the finest structures of its type in Pittsburgh.

Armour & Co. (Ill.).—Vice President Resigns.—
Arthur Meeker has resigned as Vice-President and a director.—V. 127, p. 412.

Associated Rayon Corp.—Organized—Financing Under

The Associated Rayon Corp. was incorporated Friday (Nov. 23) in Maryland with a total authorized capital of \$40,000,000 6% cum. conv. pref. stock and 2,000,000 common shares (without par value), of which \$20,000,000 pref. stock and 1,200,000 common shares are to be presently outstanding.

The company has acquired substantial interests in a number of the

outstanding. The company has acquired substantial interests in a number of the leading artificial silk companies throughout the world, including Vereiniste-Glanzstoff and Bemberg Cos. of Germany, the "Enka" Co. of Holland and the "Snia Viscosa" of Italy.

An offering of the company's securities will probably be made shortly by Speyer & Co. and Lehman Brothers in New York and on the European Continent by Lazard Speyer-Ellissen K.a.A., Berlin and Frankfort-on-Main, and Teixeira de Mattos Brothers. Amsterdam.

Stock Offered.—Hanson Bros., Inc., Montreal, recently offered \$1,500,000, 7% cumul. pref. shares at par (\$100). and divs., carrying a bonus of four shares of common stock with each 10 shares of preferred stock. For further details see V. 127, p. 1950.

Associated Dyeing & Printing Corp.—Has New Finishing Process.

The corporation has announced an improved process for the weighting and finishing of silk fabrics which has already met with an excellent reception in the trade, according to C. H. Dimick, Vice-President in charge of sales. This process, called the "W" finish, was perfected by the company's chemical staff under the direction of Dr. W. L. Wirbelauer, President of the company. The new finish totally eliminates the use of lead for weighting and gives the fabric what is known technically as a "full round hand." New business and repeat orders already booked indicate a substantial increase in the volume of business handled by this company.—V. 126, p. 4085.

Atlantic & Pacific International Corp.—Earnings.—
The corporation, an investment trust, reports earnings on average capital paid in for the month of October of 12.3%, computed on an annual basis.
This figure does not take in consideration unrealized profits and appreciation of holdings.

This figure does not take in consideration unrealized profits and appreciation of holdings.

The company's investment portfolio, it is said, is built up to yield a weighted average current return of not less than 6%. Total resources as of Oct. 31 were distributed as follows: Bonds, 37.2%; preferred stock, 10.3%; common stoks, 26.9%; cash and call loans, 15.6%. Geographical distribution of the funds was as follows: United States and Canada, securities, 33.5%; cash and call loans, 15.6%; Germany, 20.2%; France, 2.3%; Hungary, 2.1%; Japan, 1.5%; Austria, 1.3%; Italy, 1%; Rumania, 1%; England, 0.8%; Holland, 0.5%; Yugoslavia, 0.2%.—V. 127, p. 2093.

Atlas Plywood Corp.—Earnings.—
The company reports for the four months ended Oct. 30 1928 a net profit of \$99.985 after charges and Federal taxes. Net sales were \$1.493.450 for the four months ended October 30, against \$983.970, in the corresponding period of previous fiscal year, before acquisition of additional properties.—V. 127, p. 2093.

Atlas Stores Corp.—Sales.—
Pres. N. L. Cohn announces that for the first 10 months of 1928 sales were \$5,934,801. October sales alone totaled \$1,034,000. Orders on hand for Nov. and Dec., the two best months in the radio industry, insure this year's sales will exceed \$7,500,000, compared with sales in 1927 of \$4,476,509, Mr. Cohn added.—V. 127, p. 550.

Interest payable without deduction for nomal Federal income tax not in excess of 2%.

Data from Letter of Herbert L. Stern, President of the Company. Data from Letter of Herbert L. Stern, President of the Company. Business.—Corporation operates the largest and most successful group of theatres in Chicago and holds substantial interests in Great States Theatres. Inc., which operates in most of the important cities in Illinois outside of Cook County, and Kunsky Theatres Corp., operating a chain of theatres in Detroit. The number of patrons served by the Balaban & Katz theatres is in excess of 50,000,000 yearly. Of the common stock of the corporation, 65% is owned by Paramount Famous Lasky Corp., one of the largest producers of films in the United States, which controls Public Theatres Corp., operating one of the country's largest theatre circuits. Assets.—Financial statement of corporation as of Sept. 28 1928, shows net tangible assets, exclusive of leaseholds and all improvements thereon, of \$16.679.432, equal to \$3,335 for each \$1,000 note of this issue. Earnings.—Net earnings available for interest and Federal taxes during the 3 years and 9 months ended Sept. 28 1928 have averaged \$2,192.034, or 7.9 times the maximum annual interest charge of this issue, after charging an average annual depreciation of \$534.846 for the 3 years ended Dec. 31 1927, and \$762,713 for the first 9 months of 1928. These earnings are as follows:

as follows:

1925.

1926.

\$1,868,086

\$2,446,962

\$2,311.707

\$1,593.375

x The above earnings for the 9 months' period include \$271.352. representing capital gains arising under actual contracts to be consummated prior to Dec. 31 1928. Earnings for the last quarter of 1928 are at a rate substantially in excess of the same period last year. In addition, the corporation will receive, during the last quarter, the benefit of increased earnings from subsidiaries, as well as profits of the Paradise Theatre recently completed.

Purpose.—Proceeds will be applied to retire certain outstanding indebtedness of the corporation and for other corporate purposes, leaving the corporation with no mortgages upon its real estate and no funded debt other than this issue.—V. 126, p. 2151.

poration with no mortgages upon its real estate and no funded debt other than this issue.—V. 126, p. 2151.

Bankers' Securities Corp., Philadelphia.—To Issue \$10,000,000 New Stock—Rights.—

The directors on Nov. 14 voted to issue \$10,000,000 of new stock, making the company's capital \$20,000,000, the full authorized amount. Of the 200,000 shares to be issued, 170,000 shares will be participating 6% pref. stock and 30,000 shares common stock (par value of both classes \$50 a share) but the issue price will be \$60 a share for each, the additional \$10 to be placed in surplus account.

The following statement relative to the new stock issue was given out Nov. 14 by Albert M. Greenfield, Chairman of the board of directors, and Samuel H. Barker, President of the corporation:

"Better to enable the corporation to undertake and do to best advantage additional and important business now offering and in prospect, the board of directors has voted unanimously to double the capital to the full \$20.-000,000 authorized. This action is impelled also by firm conviction that the country is now entering upon an epoch of progress such as will far transcend anything in the past, and in the belief that every sound business should therefore place itself in position to do much more than ever before. "Subscription rights will be given share for share to stockholders of at close of business Dec. 3. Warrants will be sent to these stockholders giving them the privilege to subscribe for the stock to which they will be entitled, the first payment of 25%, or \$15, being due Dec. 17, with the balance payable in three equal installments of \$15 each on or before Feb. 15, March 15 and April 15 1929. Interest will be allowed at 15% from these dates on the amounts paid in, but stockholders may anticipate payments. Holders of new full-paid stock will receive such dividends, regular and extra, as may be declared after Jan. 1 1929.

"The board is gratified at the results so far achieved, which include several large pieces of business at once dignified

\*\* (John) Bean Mfg. Co.—Debentures Offered.—American National Co., Wm. Cavalier & Co., and Geo. H. Burr, Conrad & Broom, Inc., San Francisco, recently offered at 100 and int., \$2,000,000, 10-year 6% convertible debentures.

Dated Oct. 1 1928: due Oct. 1 1938. Denom. \$1,000c\*. Principal and int. (A. & O.) payable at American Trust Co., San Francisco, trustee, or Pacific Coast Trust Co., New York, wintout deduction for normal Federal income tax, not exceeding 2%. Red. all or part upon 60 days' notice on any int. date at 105 and int. Authorized issue \$4.000,000, additional debentures may only be issued for additions and improvements or acquisition of other capital assets, and then only if net earnings for 12 of the preceding 14 months exceeds three times the annual interest requirements of the total debentures to be outstanding. The \$500,000 series "A" debentures have been withheld from this offering by the John Bean Mfg. Co.

Convertible.—These debentures will be convertible at the holder's option, into common stock on the following basis:

Series "A debentures (\$500,000) on basis of par for the debentures and \$50 per share for the stock with adjustment for accrued interest and dividends.

Series "B' debentures (\$1,500,000) on basis of par for the debentures, with adjustment for accrued interest and dividends.

dends.

Series "B' debentures (\$1.500,000) on basis of par for the debentures, with adjustment for accrued interest and dividends and: \$52.50 per sh.

for the stock for the first \$250,000 principal amount of debentures presented for conversion; \$55 per sh. for the stock for the next \$250,000 principal amount of debentures presented for conversion; \$60 per sh. for the stock for the next \$500,000 principal amount of debentures presented for conversion; \$65 per share for the stock for the next \$500,000 principal amount of debentures presented for conversion. If the debentures are called for redemption, the right of conversion shall continue up to and including a date 10 days prior to the date fixed for redemption.

redemption.
Series "A" and series "B" debentures excepting for price of conversion

Series "A" and series "B" debentures excepting for price of conversion are alike.

History and Business.—The company and its predecessors have been continually engaged in the manufacture of horticultural and agricultural of implements for 45 years. It is now acquiring the control of the Anderson-Barngrover Mfg. Co., a long established firm, engaged in the production of canning machinery and allied products. Factories are operated at Lansing, Mich., and San Jose, Calif. with sales offices located at strategic points.

Capital.—Following these debentures there will be outstanding 6,500 shares of 6½% preferred and 120,000 shares of no par value common, representing an equity of over \$5,600,000 at present market prices.

Earnings.—Consolidated net earnings of the John Bean Mfg. Co., and the Anderson-Barngrover Mfg. Co., available for interest on these debentures adjusted to eliminate non-recurring charges, are as follows:

Year ended June 30 1928.

Year ended June 30 1926.

\$544.955
Year ended June 30 1926.

Bellanca Aircraft Corp., New Castle, Del.-Recapitalized.

The stockholders on Nov. 20 voted to increase the authorized common stock from 20,000 shares to 500,000 shares (no par value), of which 175,000 will be outstanding. Holders of the 14,700 shares of old common stock outstanding will exchange their shares for new common stock on the basis of three shares of new for one share of old.

The 10,000 shares of pref. stock outstanding are to be retired at the call price of \$105, provided the holder does not exercise his right of exchange for new common on the basis of five shares of new common for one share of preferred. The new common stock will be in the form of voting trust certificates, as, in order to insure continuity and stability of policy, the new stock will be transferred to five voting trustees under a five-year voting trust agreement. See also V. 127, p. 2823.

Balance Sheet Sent. 30, 1928.

Blauner's (Specialty Store), Phila.—Listing.—
The common stock was admitted to trading for the first time on the lew York Curb Market on Nov. 16. It was listed on the Philadelphia tock Exchange on Nov. 15.—V. 127, p. 412.

Boston Insurance Co.—50% Stock Dividend.—
The stockholders will meet on Dec. 4 to act on a proposal to increase the capital from \$2,000,000 to \$3,000,000 to provide for the payment of a 50% stock dividend. It is expected that dividends at the annual rate of \$16 per share will be paid on the new stock. This is equivalent to \$24 per share on the present stock, compared with \$22 currently paid. It will be the third increase in the dividend since Jan. 1 1927.

As of June 30, the company's capital was \$2,000,000; its surplus, \$10,109,300, and its premium reserve, \$6,466,200. However, since that time about \$1,000,000 has been received under the Alien Property bill award. This, it is assumed, has been capitalized for the payment of the stock dividend.—V. 126, p. 3760.

(C.) Brewer & Co., Ltd., Honolulu.—Extra Dividend.—
The directors have declared an extra dividend of 3% (\$240,000) and the regular monthly dividend of 1%, both payable Nov. 30. The dividends just announced bring this years' payments to 15%.

The directors also authorized the management to proceed with the preparation of plans and specifications for the projected new building, which it is estimated, will involve an expenditure of between \$250,000 to \$500,000.—V. 124, p. 2595.

Bristol Mfg. Corp., New Bedford, Mass.—Resumes Div.
The directors have declared a quarterly dividend of \$1 per share on the capital stock, payable Dec. 1 to holders of record Nov. 17. The last payment was a quarterly dividend of \$1.50 per share made in June last.—V. 127, p. 956.

Burnrite Coal Briquette Co.—Sale.—

The property of the company was sold at auction Nov. 16, the buyer being the Bronze Foundries Co. The property was auctioned off last year to John Hancock, representing Philadelphia interests, for \$134,000\$. but the sale was upset by the courts. The Bronze Foundries Co. will pay \$202,000.

The briquette company went into receivership about five years ago. A sale by John H. Clauer of the E. J. Maier Corp. about three years ago also was upset by the court.—V. 117, p. 784.

Pres. S. A. Wehthelm announced that the company has closed negotiations to take over the Lehigh Valley Coal Co.'s and Lehigh Railroad Co.'s coal pockets at Newark and Irvington, N. J. These plants it is stated, are selling about 400,000 tons of coal per year and will be of considerable advantage to Burns Bros. in the way of earnings in the future.—V. 127, p. 1952.

### Bush Terminal Co.-Regular Cash and Stock Dividends Declared on Common Stock .-

The directors have declared a quarterly cash dividend of 50c. a share and a quarterly stock dividend of  $1\frac{1}{2}$ % on the common stock, no par value, both payable Feb. 1 to holders of record Jan. 4. Like amounts were paid on this issue in each of the 4 quarters of the current year. On July 15 and Oct. 15 1927, the company paid dividends in stock at the rate of 2% quarterly with no cash payment.—V. 127, p. 2534.

Butterick Co.—New Director.— W. C. Evans has been made a director to fill a vacancy on the board.— 1. 127, p. 1256.

# By-Products Coke Corp.—Extra Dividend.— The directors have declared an extra dividend of 75c. per share in addition to the regular quarterly dividend of 50c. per share on the common stock, no par value, payable Sept. 20 to holders of record Dec. 5. An extra dividend of 75c. per share was paid on June 20 last.—V. 127, p. 2232.

Calumet & Arizona Mining Co.—Extra Dividend.—
The directors have declared an extra dividend of \$1 per share in addition to the regular quarterly dividend of \$1.50 per share on the common stock (par \$10), both payable Dec. 17 to holders of record Dec. 1. This makes a total of \$7 per annum for the current year. [For record of dividends said see the industrial number of the "Railway and Industrial Compendium" of June 15 1928, page 34.]—V. 127, p. 2824, 2688.

## Canadian Connecticut Cotton Mills, Ltd.-To Liquidate. The stockholders will meet on Nov. 27 to vote on the final price to be paid for the company's property and inventories by the Dominion Textile Co., Ltd., interests. Price of \$1,875,000 has been agreed upon for the plant, machinery and buildings. Inventories, listed as of Nov. 10, will be priced at the coming meeting. Acceptance of the total price will mean inquidation for the Canadian Connecticut company.

# The company has called for redemption Dec. 20 all of the outstanding 34% 15-year gold debentures at 103 and int. Payment will be made at the Montreal Trust Co., Montreal, or, at the option of the holders, at the principal office of the Royal Bank of Canada, Montreal, or at its agency in N. Y. City. Arrangements have been made whereby any holder who desires to do so may surrender his debentures for redemption prior to the redemption date, in which event he will receive therefor 103 and int. to the date of such surrender.—V. 126, p. 3760.

## Celanese Corp. of America.—New Director.-A. J. Fitch has been elected a director.—V. 127, p. 2535.

Celotex Co.—Plans to Market New Product.—
A special meeting of the directors will be held on Dec. 3 to discuss plans for marketing a new product the company expects to announce shortly. The directors will also inspect improved methods of handling bagasse at lugar mills and recent additions to the Celotex factory.—V. 127, p. 2825.

# Central Alloy Steel Corp.—Merger Rumor Denied.— Rumors of a merger between the Republic Iron & Steel Co. and the Central Alloy Steel Corp. have been denied by J. O. Eaton. a director of the Central company, who is quoted as follows: "There are absolutely no plans for a deal at the moment. Consolidation of these companies has not been discussed."—V. 127, p. 2233.

## Central American Mines, Inc.—Off List.— The Committee on Listing of the New York Curb Market has suspended rading in the capital stock of the company until further notice.—V. 116.p. 2135.

Certo Corp.—Extra Common Dividend.—
The directors have declared the regular quarterly dividend of 75c. per there and an extra dividend of 25c. per share on the outstanding 300.000 shares of no par value common stock, payable Jan. 1 to holders of record Dec. 1. Like amounts were paid on Sept. 30 and Dec. 31 1927 and on March 31, June and Sept. 30 of this year.—V. 127, p. 2233.

# Checker Cab Manufacturing Corp.—Rights.— The directors have voted to offer stockholders of record Nov. 22 the right to subscribe to 125,000 shares of additional common stock (no par value) at \$30 per share in the ratio of 1 share of new stock for each 2 shares neld. The offering of the stock has been underwritten by the corporation's bankers. The proceeds will be used for supplying the corporation and its subsidiary sales and finance companies with additional working capital with which to handle constantly increasing business and sales. Subscriptions expire on Dec. 10 and are payable on or before that date at the American Exchange Irving Trust Co., 60 Broadway, N. Y. City.—V. 127, p. 2825.

## Chicago Mill & Lumber Co.—Successor.— The Chicago Mill & Lumber Corp. has been incorporated in Delaware succeeding the Chicago Mill & Lumber Co. (see V. 127, p. 2825).—V. 127 p. 552.

## Childs Co., New York.—Directors Resign.—Charles L. Roberts and Lewis A. Thompson recently resigned as directors.—V. 127, p. 2094, 2689.

(no par) 4,407.296 2,712.080 4,407.296 2,712.080 Earns. per share \$2.29 \$2.09 \$4.75 \$5.50 Commenting on the earnings Walter P. Chrysler, President, says: New models recently introduced were available for volume shipment only during August and Sept. and in a certain sense, the third quarter operating report really covers only about two months of Chrysler business. Furthermore, the Dodge business was taken over as of July 30 and Dodge earnings are, therefore, included in the consolidated operating statement for only two months.

The corporation has pursued its customary policy of writing off at once all expenses incidental to introduction of new models. Public reception accorded the new Plymouth line and the new models in the Chrysler "65" and "75" lines has been most gratifying.

The new DeStot car has been well received and the record sales of 31,000 cars in the first year's business established by the Chrysler in its introduction in 1924 will assuredly be broken and more than likely doubled.

Plymouth business has increased so rapidly that there is now under construction a plant to be devoted exclusively to Plymouth production, with a capacity of 1,000 cars dally. This new plant is scheduled to begin production on Jan. 1 and to be operating at capacity by the middle of February. Retail deliveries and stocks of cars in the hands of distributors and dealers are most satisfactory. The Dodge dealer organization has responded entime will be required to reastablish Dodge operations on a basis consistent with past performances of this splendid orgalnization, the progress made to date is most encouraging, and indicates that the rehabilitation of this property may be accomplished more quickly than was originally anticipated.

The immediate business outlook is excellent. Indications are that without the acquisition of Dodge, Chrysler growth this year would have been consistent with its past record and the fortunate acquisition of the Dodge business increases by that much the potentalities of the Chrysler Corp. Consolidated Balance Sheet Sept. 30.

# Commercial Credit Co., Balt.—Registrar.— The Guaranty Trust Co. of New York has been appointed registrar for additional 90,000 shares of common stock, no par value. See also 127, p. 2 26.

# Connecticut Valley Lumber Co.—Bonds Called.—Certain 1st mtge. serial 6% gold bonds, series I, due June 1 1930 (aggregating \$117.200) and all of the outstanding series J bonds, due June 1 1931, and series K bonds due June 1 1932, have been called for payment Dec. 1 next at 102½ and interest at the First National Bank of Boston, successor trustee, 67 Milk St., Boston, Mass.—V. 125, p. 2535.

## Consolidated Retail Stores, Rights, etc.— At the special meeting of the stockholders, the proposal to increase athorized no par common stock to 500,000 shares from 230,000 shares was

authorized no par common stock to 500,000 shares from 230,000 shares was approved.

Following the stockholders meeting, the directors voted to offer 50,000 shares of the newly authorized common stock at \$20 a share to holders of record Nov. 20 in the ratio of one new share for each 4 shares held, rights to subscribe to expire Dec. 5 1928.

The directors declared the regular quarterly dividend of \$2 a share on the 8% cumul. pref. stock and 25c. a share on the no par common stock, both payable Jan. 2 1929 to holders of record Dec. 20 1928.

In order to facilitate the issuance of additional shares of the newly authorized common stock in furtherance of the company's expansion plans, holders of the entire issue of limited dividend common stock have agreed to exchange their holdings of this issue for common stock in the ratio of 3 shares of limited dividend common stock in the ratio of 3 shares of limited dividend common stock for 2 shares of the newly authorized no par common stock.

Sales for Month of Octo er.—

## Sales for Month of Octo er .-

Continental Can Co., Inc.—Acquires Wheeling Can Co.
The company has acquired the plants. machinery and business of: Wheeling Can Co. a subsidiary of the Wheeling Steel Corp.
The Wheeling Can Co. was established in 1901 and owns and operates 2 large modern plants in the Wheeling district, manufacturing a diversified line of cans. Plants have both rail and water transportation facilities available. Present volume of business is about 50% greater than in 1925, with approximately one-third of its output in "open-top" cans for food packing and two-thirds in miscellaneous tin containers for paints, chemicals, coffee, oils, etc. In addition to further diversifying the business of the Continental Can Co., these plants will serve as additional outlets to the South and Southwest.—V. 127, p. 2536.

Credit Alliance Corp.—Debentures Purchased by Banking

Syndicate.—
A syndicate headed by Paine, Webber & Co., and including Chatham Phenix Corp., Hibernia Securities Co., Inc., New Orleans, and Mercantile Trust Co., St. Louis, has underwritten for public offering later a new issue of \$6,000,000 10-year 5\frac{1}{2}\frac{1}{2}\text{c}\$ debentures (with class A stock purchase warrants). The proceeds of this financing will be used in part to reduce outstanding bank indebtedness.

The business of the corporation consists of the purchase of notes, acceptances, drafts and installment lien obligations which arise from the sale of essential income producing machinery and equipment, such as laundry machinery, printing presses, bakers' equipment and milling machinery.

For the year ended June 30 1928 the corporation purchased notes and obligations amounting to \$41.252.753, compared with \$28.41.186 for the year ended June 30 1927 and \$13.074.581 for the twelve months ended June 30 1926.—V. 127, p. 2827.

Crowe Manufacturing Corp.—Stock Offered.—McClure & Madden, New York, are offering 57,000 shares common stock at \$12.50 per share.

Capitalization.—Authorized and outstanding, 100,000 shs. common stock (no par value)

Capitalization.—Authorized and outstanding, 100,000 shs. common stock (no par value).

Data from Letter of J. M. Crowe, President of the Company.

Company.—Manufactures and distributes Crowe safety saws. Manufacturing facilities are centrally located at Cincinnati, Ohio. The manufacturing Corp. (Ky.), all the assets and the business of which have been acquired by the Delaware corporation.

Crowe safety saws are portable, circular saws, powered by electric or compressed air motors. They are built in sizes to meet requirements of every type, from the occasional odd-job to the heaviest construction work. The Crowe stone saw, designed especially for cutting stone and using an abrasive wheel, does in a few minutes work that takes hours of time by the old methods. Crowe saws possess a number of patented safety features to safeguard the user.

In the United States, distribution is handled by jobbing houses and local agents. The sales organization is being expanded by the addition of local agents located throughout the country, and working on a straight commission basis. Foreign distribution is accomplished by representatives located in the important countries.

Purpose.—Proceeds from the sale of this stock will be used in acquiring the assets and business of the predecessor corporation, and to expand the corporation's sales organization and increase its manufacturing capacity.

Earnings.—Crowe saws have been perfected less than a year, during which time over 2,000 saws have been built and sold. A careful analysis of production, distributing and overhead costs indicate that the sale of 15,000 Crowe saws a year will result in annual net earnings for the corporation of around \$1,000,000, or approximately \$8.80 per share on 100,000 shores of common stock after deducting Federal income tax of 12%. The margin of profit is safeguarded by the strong patent situation and the sale of 15,000 Crowe saws a year will result in annual net earnings for the corporation by S. S. McClure, formerly production engineer with Celluloid Corp

Cuban Tobacco Co., Inc.—New Officers.—
L. S. Heuston has been elected President, succeeding A. L. Sylvester resigned. J. L. Hardin has been elected Vice-President and a director. Mr. Hardin succeeded Junius Parker on the board.—V. 126, p. 3598.

DeForest Radio Co.—Advisory Committee.—

As a further measure in perfecting the administration of the affairs of this organization, President James W. Garside now announces the appointment of the following to the advisory committee: Wiley R. Reynolds (Chairman of the Reynolds Spring Co.); Powel Crosley, Jr. (President of the Crosley Radio Corp.); P. Chauncey Anderson (Pendleton, Anderson, Iselin & Riggs), and Samuel E. Darby, Jr. (Darby & Darby).

Added to the foregoing are the following members, ex-officio: A. J. Drexel Biddle, Jr., Chairman of the Board, and James W. Garside, President.—V. 127, p. 2235.

Doehler Die Casting Co.—Earnings. Perioa End. Sept. 30— 1928—3 Mos.—1927.

Perioa End. Sept. 30— 1928—3 Mos.—1927. 1928—9 Mos.—1927. Net income after chgs. but before Fed. taxes. \$108,956 \$115,327 \$540,160 \$353.397
The balance sheet as at Sept. 30 1928, shows current assets of \$2,414.071, current liabilities of \$553,265, and net working capital of \$1,860,806. The ratio of current assets to current liabilities was 4.3 to 1. in October the company handled the largest volume of business on record, shipments totalling in excess of \$1,000,000. Net prefits before taxes exceeded \$77,000 for the month. The plants of the company it is stated are now operating at capacity with sufficient orders on hand to keep them busy for the remainder of the year.—V. 127, p. 2095.

Dominion Bridge Co., Ltd.—Rights.—

'Ine common shareholders of record Dec. 8 will be given the right to subscribe on or before Jan. 31 for 37,312 additional shares at \$50 a share on the basis of one share for every 10 held, payable \$10 a share on or before Jan. 31 1929, \$20 on March 15 and \$20 on April 15. The new shares will rank for dividend for the quarter ended April 30.

The statement of the company says: "The increasing business of the company has made it necessary to expend considerable sums on plant, extensions and improvements and further expenditures are in view which the directors feel should be met by additional capital instead of from the accumulative and parent earnings of the company."—V. 127, p. 2235.

(E. I.) Du Pont de Nemours & Co.—Extra Dividend of \$4.75 Per Share—Plans to Readjust Capital—31/2 New \$20 Par Common Shares to Be Issued in Exchange for Each No-Par Value Common Share Outstanding.—The directors on Nov. 19 declared the regular quarterly dividend on the common stock of \$2.50 per share and an extra dividend of \$4.75 per share, making a total of \$7.25 per share. The regular dividend is payable Dec. 15 and the extra of \$4.75 on Jan. 5, both to stockholders of record Dec. 1. An extra distribution of \$3 per share was made on July 5, one of 50 cents per share on

June 15 and one of \$3.75 per share on Jan. 4 1928.

The extra of \$4.75 is, to the extent of \$3.55, a distribution of the extra dividend of \$2.50 per share on the General Motors Corp. common stock held by the du Pont company in the ratio of nearly 1½ shares of General Motors for each share of du Pont common, this ratio being dightly radiant. share of du Pont common, this ratio being slightly reduced due to the issuance now in course of 149,392 shares of du Pont common in connection with the consolidation of the Grasselli Chemical Co. with the du Pont Co. (See also General Motors Corp. in V. 127, p. 2692.)

The directors have called a meeting of stockholders for Dec. 14 for the purpose of voting on a capital readjustment plan involving a change in the authorized common stock from 5,000,000 shares of no par value to 15,000,000 shares of \$20 par value. If this plan is approved, it is contemplated that 3½ new shares will be exchanged for each of the 2,811,-050 shares of no par value to be outstanding at that time, including the new stock to be issued to the Grasselli ChemThe announcement further states:

The announcement further states:

If the recently announced plan to split General Motors shares 2½-for is approved, and du Pont shall issue 3½-for-1, du Pont will then he approximately one share of General Motors for each of its own share outstanding, thus changing the relationship between du Pont's General Motors holdings and its own common stock from the present ratio about 1½-to-1 to that of approximately share for share.

No formal statement as to a dividend rate on the new stock was mad as the fixing of the rate will be a matter for the directors to decide at the meeting in February. It is expected, however, that the total distribution the common stock will be increased. The payment of \$3\$ per share per year by General Motors on its new stock, as recently indicated its statement made by that company, which will then equal a correspondiffuncome to du Pont's own manufacturing activities, which are expected to continue, presage a regular rate on the new shares of about \$4\$ a share which would be equivalent to \$14\$ per share on the present common stock. The stockholders, at the coming meeting, will also be requested to authorize the issuance of not to exceed 500,000 shares of the new commo stock for sale from time to time to employees on the terms and condition to be prescribed by the board of directors.

The regular quarterly dividend of 1½% on the debenture stock we also voted, payable Jan. 25 to holders of record Jan. 10.

T. S. Grasselli of the Grasselli Co. was elected a member of the board—V. 127, p. 2828.

First National Pictures, Inc.—Complaint Dismissed.—
The Federal Trade Commission has decided in favor of the company in dismissing an application for complaint charging First National Pictures with violating the law in employing the practice of block booking, according to an announcement by Irving D. Rossheim, President of the company.
On March 5 1928 First National was notified by Otis B. Johnson, Sec. of the Federal Trade Commission, that "The Federal Trade Commission has reason to believe you are violating the law in employing the practice known as block booking in the film industry. You may have informal hearing before the Board of Review on the questions of fact involved, within 30 days, if desired. Such hearing in nature of opportunity to show cause why complaint should not issue a rainst you alleging violation of law."
The hearing was held before the Board of Review of the Federal Trade Commission and was followed by thoreugh investigation of the company and its branches by a rents of the Commission and the First National Pictures received the following notice from Mr. Johnson: "With reference to an application for complaint lodged with this Commission with respect to certain practices alleged to have been followed by your firm, I am now writing to inform you that the Commission, having conducted a pre-liminary inquiry in the matter, has dismissed the application, being of the commission."—V. 127, p. 2096.

Net income .... V. 127, p. 2097. General Electric Co.—Appointments.—
Barney G. Tang, assistant general superintendent of the Schenectady Works, has been made general superintendent to succeed James A. Smith, who died Oct. 25. John D. Harnden, former superintendent of the testing department, has been appointed assistant to the works manager, F. L. Kemp succeeding him as superintendent of the testing department, and LeRoy Beers has been made plant engineer, a newly created position under the works manager.—V. 127, p. 2374.

General Fireproofing Co.—To Split Up Shares.—
The stockholders will vote Dec. 4 on increasing the authorized capital stock from 200,000 shares of no par value to 500,000 shares of no par value. The stockholders will also vote on approving a split up of the common stock on a basis of 4 new no par shares for each share held. There are at present 81.740 shares of no-par common stock outstanding. The change, if approved, will become effective Jan. 1.

It is expected that the new stock will be placed on a \$2 annual diviend basis, equal to \$8 on the present common which is now on a \$7 basis.—
V. 126, p. 2656.

General Foundry & Machine Co.—Earnings.— The company reports for the nine months ended Sept. 30 1928, net income of \$222,726 after depreciation and Federal taxes, equal to \$7.42 a share on the 30,000 shares of class A stock outstanding.—V. 127, p. 2828

Share on the 30,000 shares of class A stock outstanding.—V. 127, p. 2828

General Ice Cream Corp.—Exchange Offer.—

The directors state that the stockholders accepting the offer of the National Dairy Products Corp. to acquire the common and preferred stocks of the General Ice Cream Corp. must deposit stock certificates duly endorsed with the Marine Trust Co. of Buffalo, N. Y., on or before Dec. 5, next. Unless at least 204, 781 shares of stock have been deposited at that time, the agreement with the National Dairy Products Corp. automatically terminates. The General Ice Cream Corp. has 289,400 shares of common stock and 13,632 shares of preferred stock outstanding, 10 shares of pref. Stock being convertible into 11 shares of common stock.

Under the terms of the agreement with the National Dairy Products Corp., each share of common stock of the General Ice Cream Corp. will be exchanged for 6-10ths of a share of common stock and \$30 principal amount of 5¼% debentures of National Dairy Products Corp. Each share of preferred stock of General Ice Cream Corp. will be exchanged for 66-100 of a share of common stock and \$33 principal amount of 5½% debentures of the National Dairy Products Corp. The directors state it is to the advantage of preferred shareholders to deposit their stock under the offer rather than to convert it into common stock.—V. 127, p. 2829.

General Motors Corp.—Sales for October.—During the month of October General Motors dealers delivered to con--Sales for October.—During the sumers 140,883 cars, according to an announcement by Alfred P. Sloan Jr., President. This compares with 153,833 for the corresponding month last year. Sales by General Motors Divisions to dealers totaled 120,876 cars, as compared with 128,459 for October 1927. The announcement further states:

Attention is called to the fact that both retail sales to consumers and wholesale sales to dealers show a decline as compared with the corresponding month of last year, which is at variance with the trend up to the first of October, which has shown an increase for the year of approximately 22% in wholesale and 24% in retail sales.

This apparent change in trend is occasioned by the Chevrolet and Oakland divisions. Chevrolet has been preparing for the advent of the new six-cylinder model recently announced. Due to delay in production of the new six-cylinder model recently announced. Due to delay in production of the new cylinder available for retail delivery. Other divisions, being not likewise affected, are following the normal trend. November production and sales records will be affected in a somewhat similar manner.

The following tabulation shows monthly sales of General Motors cars by dealers to ultimate consumers and sales by the manufacturing divisions of General Motors to their dealers:

| General Motors to | o their deal | ers.     |         |            |         |          |
|-------------------|--------------|----------|---------|------------|---------|----------|

These figures include passenger cars and trucks sold in the United States, Dominion of Canada and overseas by the Chevrolet, Pontiac, Oldsmobile, bakland, Buick. LaSalle and Cadillac manufacturing divisions of General Motors.—V. 127, p. 2392, 2678.

General Re-Alliance Corp.—Organized.—
Organization of the above company has been announced by E. H. Boles, Pres. of General Reinsurance Co. who states that the new company has been formed to carry out an arrangement in respect to purchase of a half interest in the shares of the United British Insurance Co., Ltd., an English corporation. The United British Insurance Co., Ltd., is controlled by the Royal Exchange Assurance. Royal Exchange Assurance and the new General Re-Alliance Corp., as equal partners, will control the United British Insurance Co., Ltd.
This partnership brings together General Reinsurance Corp. and the Royal Exchange Assurance, the second oldest chartered company in England and one of the strongest financially. The move creates an affiliation of a new kind in the insurance world which is expected to be mutually beneficial.

Under the arrangement, the United British Insurance Co., Ltd., will enter the United States solely for the purpose of casualty and surety reinsurance, with Mr. Boles as United States Manager, and its office at 80 John St., New York. It will take casualty and surety reinsurance direct and also as a retrocessionaire of the General Reinsurance Corp., thereby enabling the latter company to place a considerable volume of its retrocessional business on an admitted basis. Elsewhere throughout the world, the United British Insurance Co., Ltd., under the direction of A. W. Wamsley as Managing Director, and with head offices at the Royal Exchange, London, will write only Fire and Casualty business.

In the United States an Advisory Committee to act with the United States Manager will consist of: John Henry Hammond, of Brown Bros. & Co., New York; Gayle T. Forbush, of the Royal Exchange Assurance, New York; Goodwin B. Beach, of Goodwin-Beach & Co., Hartford, Conn., and Benjamin D. Mosser, of Clark, Dodge & Co., New York.

Germanic Fire Insurance Co.—Stock Offered.—
The stockholders of the International Germanic Trust Co. and International Germanic Co., Ltd., are offered the right to subscribe at \$28.50 per share to capital stock of the newly chartered Germanic Fire Insurance Co. The right to subscribe will expire Nov. 26 and 10% of purchase price is to be paid on subscription, with the balance payable by Dec. 4. The Germanic Fire Insurance Co. will have a paid-in capital of \$1.000.000 and paid-in surplus of \$1,500,000. Allotments on subscriptions will be The following have agreed to account the subscriptions of the contract of the c

made later.

The following have agreed to serve as members of the board of the Insurance company with certain others to be named later: C. E. Albright, Harold G. Aron, William H. Brudi, H. E. Eckhoff, Charles H. Gristede, Basil Harris, August Heckscher, Oscar Heyman, R. H. Johnston, Leo Kaufman, Herman A. Metz, Rudolf Pagenstecher, A. Pertfolio, Norman T. Robertson, Carl Schreiner, Jesse Spier, Mason B. Starring Jr., Max L. Teich and John W. Van Alen.—V. 127, p. 2829.

x Capital stock and surplus represented by 2,000,000 no par shares.

V. 127, p. 2692.

Gotham Knitbac Machine Corp.—Stock Sold.—
The corporation announces that its capital stock, recently offered to Gotham Silk Hosiery Co. stockholders, has been fully subscribed. More than 99½% of the Hosiery company's stockholders exercised their rights. Receipt of orders from 124 citles, representing 38 States of the Union, is also announced by the corporation. These orders are in the form of signed contracts for the right to lease the new Gotham machine for repairing runs in stockings. They cover a period of about 10 weeks operation. (See also V. 127, p. 1683.)—V. 127, p. 2692.

Grand Union Co.—Stock Increased—Rights.—
At special meetings of the board of directors and stockholders action was taken to increase the authorized number of common shares (no par value) from 500,000 to 1,000,000. Action was further taken to offer to preferred and common stockholders of record Nov. 27 the right to subscribe on or before Dec. 17 for additional preferred and common stock on the basis of each holder of 10 shares of common stock or of 10 shares of preferred stock having the right to subscribe at \$83.34 for a unit consisting of one share of pref. stock and one share of common stock.

At the office of Brown Brothers & Co. it was stated that the increasing activities and profitable expansion of the company were such as to render it desirable that the company have at its disposal additional funds for the purpose of financing additional acquisitions and for additional working capital.—V. 127, p. 2829.

Grasselli Chemical Co.—Depositary.—
The National City Bank of New York has been appointed depositary for the common stock of the Grasselli Chemical Co., whose merger with the duPont company, was recently announced. The bank will also act as redemption agent for the Grasselli company's preferred stock. See also E. I. duPont de Nemours & Co. above.—V. 127, p. 2829.

Great Lakes & Atlantic Corp.—Organized.—
The corporation has been incorp. in Maryland with an authorized capitalization of 100.000 shares (\$100 par). The company's charter authorizes the construction and operation of steamships, motor ships, canal bar's, and self-propelled barges. Au hority has been received to issue bonds and debentures in connection with the business of public carrier. Three residents of Maryland incorporated the company.
It is understood that Col. Edward C. Carrington, Pres. of Hudson River Night Line, will be the president of the new company and that the new company may absorb the Hudson River Navigation Corp. which operates the Night Line boats, and leading operators on the New York State Barge Canal.

Conferences recently held between Col. Carrington and important opera-

operates the Night Line boats, and leading operators on the New York State Barge Canal.

Conferences recently held between Col. Carrington and important operators on the Canal resulted in tentative agreements for consolidation and sutlining of its terms. The new company is considering engaging in the transportation of automobiles from Great Lake ports to New York City en a large scale, running the automobile directly on the boat at a Great Lakes port such as Detroit, and off at N. w York City. Running time from Detroit to New York via lakes, canal, and the Hudson River, a distance of 771 miles, is 94 hours, or roughly 4 days.

A statement by the company reads as follows: "To illustrate the magnitude of the automobile movement from the Great Lake ports into the Metropolitan District, it would be interesting to know that 24 automobile manufacturers shipped into the Metropolitan District during 1927 152.491 automobiles. 63.507 were brought into New York. 27.762 into the five counties of New York, and 61.222 into the 13 counties of New Jersey. Now these were purely pleasure cars and it is estimated that during the same p riod approximately 800.000 cars were exported from these Lake ports which figure it is conceded will be increased by some 20% in 1928. Take the Buick car which weighs 4,400 lbs. The rate is \$1.22 per 100 lbs.

Take Canal with a water differential of 20% for \$42.95.

Greene Cananea Copper Co.—\$1.50 Dividend.—
The directors have declared a quar. div. of \$1.50 per share on the outstanding \$50,000,000 capital stock, par \$100, payable Jan. 7 to holders of record Dec. 13. Dividends of \$1 per share were paid on July 2 and Oct. 1 last.—V. 126, p. 3396, 3291.

Greyhound Lines, Inc. (of Indiana).—Notes Offered.—Lane Piper & Jaffray, St. Paul, recently offered \$240,000 equipment mtge. 6% gold notes at prices to yield from 5½% to 6% according to maturity.

3½% to 0% according to maturity.

Dated July 1 1928; due serially (J. & J.) Jan. 1 1929-July 1 1932. Denom. \$1.000 and \$500c\*. Principal and int. (J. & J.) payable at Northern Trust Co., Duluth, Minn. (corporate trustee) at Minnesota Loan & Trust Co., Minneapolis, Minn. Interest payable without deduction for normal Federal income tax not in excess of 2% per annum. Red all or part upon 21 days' prior notice at 100 and int. plus a premium of ½% for each six monus or fraction thereof between the date of redemption and the date of maturity. A. B. Miller, Duluth, Minn., individual trustee.

Issuance.—Authorized by P. S. Commission of indiana.

Data from Letter of O. S. Caesar, President of the Company.

Company.—An operating subsidiary of Motor Transit Corp. has acquired the assets and routes of other operating companies, and now owns and operates a system of motor bus lines extending from Chicago to Philadelphia and serving a number of large cities in intervening and adjacent territory. The lines owned extend from Chicago to Toledo, Cleveland, Pittsburgh, Philadelphia and Camden, where connections are made with lines to New York, and include lines from Chicago to Indianapolis and Cincinnati, from Indianapolis to Toledo, from Cincinnati to Dayton. Toledo and Detroit, and from Cincinnati to Louisville. The territory served is favorable for bus line operation.

The motor bus equipment owned by the company is of up-to-date type and design, and is largely of Fageol and Yellow makes. The average cost per bus new of the type used is in excess of \$10.000. Provision is made for systematic maintenance and repair of buses at well equipped garages and service stations along the routes and passenger depots are maintained in the principal cities served.

Security.—Notes are secured by a closed first morgage on 48 passenger

in the principal cities served.

Security.—Notes are secured by a closed first morgage on 48 passenger buses owned by the company, which equipment had on June 30 1928, a depreciated value of \$350.066. The notes are thus issued in an amount equal to less than 69% of the depreciated value of the pledged equipment.

Earnings.—The business of the company has grown rapidly. A substantial portion of its lines has been in operation for periods ranging from only three to six months but these lines are already firmly established and are profitable. Bus mile revenues over the system are high and operating costs are at a figure reflecting economical operation. As certified by

Touche, Niven & Co., Public Accountants, earnings of the lines now owned in the 12 months' period ended July 31 1928, were as follows: Oper. exp., incl. maint. & taxes except income tax\_\_\_\_\_

Net available for deprec., int. & income tax\_\_\_\_\_

Grigsby-Grunow Co.—Estimated Earnings.

Period Ended Oct. 31 1928—

Month. 

(Charles) Gurd & Co., Ltd.-New Common Stock Placed on a \$1.60 Annual Dividend Basis.-

The directors have declared a quarterly dividend of 40 cents per share on the new common stock, no par value, placing this stock on a \$1.60 annual dividend basis. The old common stock, which was split on a two-for-one, was on a \$3 annual dividend basis. The company also declared the regular quarterly dividend of \$1.75 per share on the preferred stock.—V. 127, p. 1259.

Handon Boiler Corp.—Receiver.—
Charles E. Rice was recently app inted receiver by Federal Judge Goddard. The petition for receivership stated that a foreclosure action under a mortgage executed to secure a bond issue of \$150,000 was pending and declared that the corporation was in arrears on tax payments.

Happiness Candy Stores, Inc.—Exchange Offer The stockholders of record Dec. 15 will be offered the privilege of exchanging their common shares for United Cigar Stores Co. of America common stock on the basis of one share of United for each five shares of Happiness. The exchange privilege expires Jan. 15.—V. 126, p. 725.

Harrison's Orange Huts, Inc.—Stock Sold.—McGowen, Cassady & White, Inc., Chicago, have sold (at market) 55,000 shares common stock.

History—Harrison's Opener View Common State of the Company.

Data from Letter of Monroe Harrison, President of the Company.

History.—Harrison's Orange Huts, Inc., is a chain store organization engaged in the conduct of orange huts and sandwich shops throughout the Middle West. The business had its inception four years ago, the first unit being established in 1924. Company is now reputed to be the largest individual buyer of oranges in the Middle West, and since its organization the business has been very profitable.

The profits from the first Hut were used to establish a second unit in its opening year, and since that time the chain has had a steady and consistent growth, until now the Huts in operation in Chicago and vicinity number 54 units. The success of this corporation can be had by comparing the first year's business, amounting to \$25,000, with that of the year 1928 which will amount to dispensing Heart O' Orange, a drink prepared fresh daily from California oranges, built up a substantial business in specially prepared light lunches and other edibles, sales from this item alone amounting to over \$800,000 for the eight months' period ended Aug. 31 1928.

Earnings.—The consolidated net earnings of the company, for the years ended Dec. 31, after all charges including Federal taxes were as follows:

\*70,075

Co. dated Aug. 20 1927, plus plotted of these shares will be used to retire outstanding preferred stock, to furnish additional capital for fixed investment and expansion purposes.

Hartman Corp., Chicago.—Opens New Store.—
The corporation announced on Nov. 16 the opening of a store in Kankakee, Ill. This makes the 24th store in its chain.

Changes in Personnel .-The following changes in officers have been announced:
Edward G. Felsenthal (formerly Secretary and Treasurer) has been elected Vice-President and Treasurer; Barton H. Sackett (formerly Asst. Sec. and Asst. Treas.) as Secretary; Joseph M. Stranch (formerly Mgr. at Milwaukee) as 2d V.-President; A. M. Coop (Comptroller) as Asst. Sec., and M. Kint (Asst. Sec.) as Asst. Treasurer.

Mr. Sackett has also been elected a director.—V. 126, p. 2693.

Hartman Tobacco Co.—Co-Transfer Agent.—
The Chase National Bank has been appointed co-transfer agent for an authorized issue of 150,000 shares of common stock (no par value).—V. 126, p. 1820.

Hawthorne Apartments, Mamaroneck, N. Y.—Bonds Offered.—An issue of \$575,000 1st mtge. 6% gold loan is being offered at 100 and int. by Empire Bond & Mortgage

being offered at 100 and int. by Empire Bond & Mortgage Corp., New York.

Dated Oct. 1 1928; due 1931-38. International Germanic Trust Co., trustee. Interest payable A. & O. 1. Principal and int. payable at the office of the trustee, or at the office of Empire Bond & Mortgage Corp. Denom. \$1,000, \$500 and \$100c\*. Callable at 103 and int. at any time upon three months' notice after Oct. 1 1930, and until Oct. 1 1933, and at 102 and int. thereafter. Interest payable without deduction for Federal normal income tax not in excess of 2%. Company agrees to refund, upon application within 60 days of payment, the personal property tax of any State or the District of Columbia up to five mills, and the income tax of any State, insofar as may be permitted by law, not exceeding 6% per annum on income derived from these bonds.

Security.—A closed first mortgage on land at the northeast corner of Stuart Ave. and Sophia St., Mamaroneck, N. Y., fronting 225 feet on Stuart Ave. and 150 feet on Sophia St. and a 6-story and basement fire-proof elevator apartment building under construction thereon, together with an adjoining plot fronting 105 ft. on the Boston Post Road with an average depth of approximately 81 feet on which is being erected a one-story garage.

average depth of approximately 81 feet on which is being erected a one-story garage.

Hawthorne Apartments will be an attractive and well equipped garden apartment building. The building will contain 77 apartments, consisting of 268 large size rooms, arranged in suites of from one to five rooms.

Valuation and Earnings.—The land and buildings have been independing appraised by the following realtors who specialize in Westchester properties:

Appraiser—

Land.

Buildings.

Total.

Fine & Marvin—

92,500 908,600 1,001,100

Based upon the lower of these appraisals, this loan represents less than 58% of the value of the completed property.

The net earnings after deducting taxes, insurance operating expenses and vacancies have been estimated at \$98,060. This net income is more than 2½ times the greatest annual interest charges and more than twice the combined interest and amortization requirements of this loan.

Haytian Corp. of America.—Position Improved.—
In commenting upon the dissolution of the voting trust, Secretary W. A. Roccher, pointed out that the trust had been formed to assure consolidation of control and that, with the improvement in the company's position, its continuance was deemed unnecessary. See V. 127, p. 2830.

Hazeltine Corp.—Wins Patent Suit.—
In an action brought by the corporation against an Atwater-Kent Mfg. Co. distributor in the U. S. Eastern District Court in Brooklyn, Federal Judge Grover M. Moscowitz ruled Atwater-Kent radio receivers infringe Hazeltine patent No. 1,533,858, holding all claims sued on were valid. The decision ultimately, it is said, will involve an accounting of the Atwater Kent Co. profits resulting from its manufacture of upwards of 2,000,000 radio receiving sets and entitled Hazeltine Corp. to an injunction against the Atwater-Kent distributor. There are actions pending on the same Hazeltine patent in suits against Radio Corp. of America, Grigsby-Grunow and others.—V. 127, p. 2539.

Corporation.—Has been organized in Michigan to acquire the capital stock or all of the assets and business, including good will. of the Houde Engineering Corp. (New York). The Houde Engineering Corp. is manufacturing the Houdaille hydraulic shock absorber, which is at the present time installed as standard equipment by many of the most important motor car manufacturers in the industry. The Houdaille hydraulic shock absorber is a double acting shock absorbing device which greatly increases the riding quality of all automobiles.

The Houde Engineering Corp. started with an initial investment of about \$60.000 and has been built up to its present position in the industry almost entirely from earnings. The year 1928 is the first year that the company has been manufacturing shock absorbers on a quantity production basis and sell ng their product to manufacturers to be installed as standard equipment. Heretofore the company's product has been sold principally to distributors and dealers in automobile accessories. In addition to their present customers, the companh expects to increase its sales greatly in the year 1929.

Earnings.—Certified net earnings of the Houde Engineering Corp. have been as follows: For the year ended Dec. 31 1926, \$179.481; for the year ended Dec. 31 1927, \$141.535; net earnings for the nine months ended Sept. 30 1928 (which is the first nine months of the company's operations on a quantity production basis), \$944.935. Earnings as above stated are after giving effect to elimination of (1) charges for royalties and patent valuation to \$1 (2) non-recurring interest, and (3) non-recurring income (net \$45.552 in 1926, \$29.314 in 1927, and \$61.796 for nine months of 1928); and adjustment of Federal income taxes to the current rate of 12%.

Net earnings as above stated for the first nine months of 1928 amount to \$2.00 per share on the class B stock after class A dividends.

Dividends.—Dividends on the class A convertible preference stock wil

Household Products, Inc.—Extra Dividend of 50 Cents.—
The directors have declared an extra dividend of 50 cents per share, payable Jan. 2 to holders of record Dec. 15. A similar extra distribution was made in Jan. 1925, 1926, 1927 and 1928. The stock at present, is also on a \$3.50 annual dividend basis.—V. 127, p. 2541.

Hudson River Navigation Corp.—Earnings.—
The company reports total gross revenue for the year to Oct. 31 of \$1.823,-358, compared with \$1,730,436 for the corresponding period of 1927, an increase of \$92,922. Saving in operating expenses for the same period was \$77.723, making a total increase in operating income, after taxes, of \$166,-933. Net income available for dividends, after fixed charges, was \$204,664 for the period compared with \$44,756 for the same period of 1927.
For October the company showed an increase of \$5,487, or 4%, in operating revenues, and a reduction of \$21,143, or 13%, in operating expenses, a total increase of \$24,451 in operating income, after taxes.—V. 127, p. 2693.

Humberstone Shoe Co., Ltd.—Rights, Etc.—
The common stockholders of record Oct. 20 have been given the right to subscribe on or before Dec. 1 for additional common stock (no par value) at \$30 per share on the basis of one new share for each share held. Subscriptions are payable at the Trusts & Guarantee Co., Ltd., 302 Bay St., Toronto, Ont., Canada. This offering has been underwritten.
All of the outstanding \$% cumul. preference stock has been called for payment Dec. 22 at 110 and divs. at the Trusts & Guarantee Co., Ltd., Toronto. Holders of preference shares may surrender their certificates for redemption prior to Dec. 22 in which case they will receive 110 and divs. to the date of presentation.

(Henry E.) Huntington (Estate of).—Listed.—
There have been placed on the Boston Stock Exchange list \$9,500,000 5-year 6% sinking fund gold notes, series A, dated Nov. 1 1928 and due Nov. 1 1933. See offering in V. 127, p. 2830.

Hutcheson Arms Apartments, St. Louis, Mo.—Bonds Offered.—An issue of \$225,000 6% 1st (closed) mtge. serial real estate gold bonds was recently offerd by Waldheim-

Platt & Co., Inc., St. Louis, at 100 and int.

Dated June 1 1928: due serially Dec. 1930-1938. Principal and int.
(J. & D.) payable at Boatmen's National Bank, St. Louis, trustee. Red. on any int. date upon 60 days' notice at 102 and int. Federal income tax not in excess of 2% payable at the source. Denom. \$1,000, \$500 and \$100 c\*

The Hutcheson Arms, will contain 61 apartments embodying every modern convenience, including electrical refrigeration, efficient system of ventilation, incineration, vapor heating system, and ample elevator service. The basement is designed to furnish garage service and house the cars of tenants.

The basement is designed to furnish garage service and house the cars of tenants.

The construction of the building is of reinforced concrete and steel, thoroughly fireproof with the exterior finished in matt brick with terra cotta and cut stone trim.

The building, to be 11 stories in height, is located on the west side of Grand Boulevard, between Russell and Flora Boulevards, St. Louis, Mo. The ground fronts 88 ft. on Grand Boulevard, by a depth of 109 ft.

It is conservatively estimated that the annual earnings of the property will be as follows: Gross income, \$61,000: operating expenses, including taxes and insurance, \$25,000: net income available for interest, \$36,000. Based on the above estimate, the earnings are equivalent to more than 2½ times the maximum annual interest requirements.

Hygrade Food Products Corp.—Plan to Acquire Assets of Allied Packers, Inc. See latter company above.-V. 127, p. 2693, 1956.

Hyman-Michaels Co.—Equip. Trusts Offered.—Stix & Co., St. Louis, are offering at 100 and int. \$199,000 5½% equip. trust gold certificates, series A. Issued under the Philadelphia plan. Guaranteed principal and dividends by

delphia plan. Guaranteed principal and dividends by Hyman-Michaels Co.

Dated Sept. 1 1928; due serially Sept. 1 1929 to Sept. 1 1934, incl. Dividends payable M. & S. without deduction for normal Federal income tax not in excess of 2%. Principal and dividends payable at Bank of North America & Trust Co., Philadelphia, trustee. Callable on any div. date at 101 and div. on 30 days' notice, in the inverted order of their serial numbers. Denom. \$1,000.

These certificates are specifically secured by title to 324 steel underframe steel-end doubledeck stock cars. Based on American Rallway Association standard of value, plus actual cash expended on improvements, these cars have a present value of \$303,620, or more than 150% of the total principal amount of certificates being issued.

These cars are leased to the Hyman-Michaels Ce., which in turn has sub-leased them for a period of 6 years to Quaker City Tank Line, Inc., which is operating and leasing the cars in its line. It is estimated that the carnings from these cars, under the sub-lease, which have been assigned to the trustee for the benefit of the certificate holders, will aggregate nearly twice the amount necessary to pay principal and dividends of these certificates.

Independent Oil & Gas Co.—Rights.—

The stockholders of record Nov. 30 will be given the right to subscribe on or before Dec. 21 for additional capital stock (no par value) at \$30 per share, on the basis of 3 2-3 new shares for each 10 shares held.

There were 959,457 shares outstanding as of Sept. 30 1928, which will be entitled to subscribe to 351,801 additional shares. If all the outstanding 12-year 6% conv. debentures are converted by Nov. 30, and all the outstanding stock purchase warrants are exercised prior to Dec. 11 next., 223,901 additional shares may be issued to holders of debentures and stock purchase warrants and they will be entitled to subscribe for 82,097 additional new shares, making the maximum number of new shares possibly issuable 433,898. Shares issued pursuant to the exercise of the stock purchase warrants after Nov. 30 and prior to Dec. 11 will be entitled to subscribe to the new stock at the rate mentioned.—V. 127, p. 2542.

Investment Managers Co.—Annual Report.—

The company has just made public the second annual report covering the operation of its Investment Trust Fund B (Accumulative), one of the few investment trust funds offered to the public that are designed to accumulate capital, rather than to provide current income. No distributions out of income are made to participants in this Fund, all income being reinvested, thus tending to increase the assets value of the Fund.

The report discloses that the net increase in the asset value of Investment Trust Certificates, Series B, representing participations in this Fund, was at the rate of 19.25% per annum on the average face value of certificates outstanding during the fiscal year ending Sept. 30, 1928. A participation in the amount of \$1,000 at the inception of the Fund (May 9 1927), represented assets worth \$1,071.19 on Sept. 30 1927, and \$1.251.58 on Sept. 30 1928. The aggregate value of assets under management in this Fund Sept. 30 1928, was \$4,448.815.

Ipswich Mills.—Balance Sheet.—

The company is sending stockholders a cony of the Sept. 30 1928 balance sheet, reflecting results of liquidation of its circular-knit business up to that date. A reserve of \$40,000 has been set up for inventory shrinkage. As practically all of the circular-knit inventory at Ipswich and Lowell has been disposed of the reserve should be ample to take care of any further shrinkages. Notes payable, which on Mar. 31 1928 amounted to \$1.850,000. had been reduced as of Sept. 30 to \$500,000, and as of Nov. 7 they amount only to \$260,000.

Since Sept. 30 a contract has been signed for sale to a large foreign buyer of practically all the machinery at the Ipswich and Lowell plants. Land and buildings were to be offered for sale at public auction on Nov. 14 and 15.

Present indications are that net quick assets, which stood on Sept. 30 at \$222,770, will be materially increased by Dec. 31, and that when liquidation of circular-knit plants is complete, the Gloucester plant will be eleft free and clear for stockholders, together with ample working capital.

Operations at Gloucester, according to President August Richard, are now being conducted at a profit, which, though small, is satisfactory for a plant of its size.

Comparative Balance Sheet.

(Rudolph) Karstadt, Inc. (Rudolph Karstadt Aktiengesellschaft), Germany.—Bonds Sold.—Dillon, Read & Co.; International Acceptance Bank, Inc.; Bankers Co. of New York; Equitable Trust Co., New York; Bancitaly Corp.; Kissel, Kinnicutt & Co.; Scholle Brothers; Edward B. Smith & Co.; and Shields & Co., Inc. offered Nov. 22 at 98 and int. \$15,000,000, 1st. mtga. coll. 607, sinking, fund, bends. int. \$15,000,000 1st mtge. coll. 6% sinking fund bonds. A substantial amount of these bonds have been withdrawn for offering in Europe. Each bond will carry a warrant, detachable after April 30 1929, entitling the holder to receive without further cost, after said date, 3 American shares, each American share representing 40 Reichsmarks par value of capital stock of the company. These American shares will carry full dividend rights with respect to the fiscal year ending Jan. 31 1929, but will not carry rights to subscribe for capital stock presently to be offered to stockholders in the amount of \$2,360,008 par value.

The company has agreed to call its issue of \$2,264,000 first mortgage 7% sinking fund gold bonds for redemption on April 1 1929, at 101 and int. and bonds of that issue will be accepted, in payment for these bonds, at such redemption price discounted at the rate of 41/2% per annum.

Dated Nov. 1 1928; due Nov. 1 1943. Denom. \$1.000. Interest payable M & N. Principal and int. payable in United States gold coin at the principal office of Dillon, Read & Co., New York, without deduction for any taxes, present or future, levied by German governmental authorities. Bondholders may, at their option, collect principal and interest in London at the office of J. Henry Schroder & Co., in pounds sterling; in Amsterdam at the office of Mendelssohn & Co. Amsterdam, in guilders; or in Zurich and Basle at the office of Credit Sulsse and Societe de Banque Suisse, in Swiss francs; in each case at the buying rate for sight exchange on New York on the date of presentation for collection. In addition to being redeemable for the sinking fund at 100 and int., bonds are to be red. as a whole, or in part by lot, on any interest date, on 30 days' notice, to and incl. Nov. 1 1933, at 102 and int; thereafter to and incl. Nov. 1 1933, at 102 and int; thereafter to and incl. Nov. 1 1933, at 101 and int; and thereafter, at 100 and int. International Acceptance Trust Co., New York, American trustee. Deutsche Kreditsicherung A. G., Berlin, German trustee.

Listing.—Bonds listed on the Boston Stock Exchange and company has agreed to make application in due course to list them on the New York Stock Exchange.

Sinking Fund.—The indenture is to provide for a sinking fund, calculated on an accumulative basis, sufficient to retire 50% of the issue by maturity, by semi-annual redemption of bonds by lot, commencing May 1 1929, at 100 and interest.

on an accumulative basis, surficient to retire 50% of the issue by maturity, by semi-annual redemption of bonds by lot, commencing May 1 1929, at 100 and interest.

Data from Letter of Hermann Schoendorff, Managing Director. Company.—Organized under the laws of Germany. Owns and operates directly or through subsidiaries, the largest chain of department and unit-price stores in Germany. Beginning in 1881 as a small shop established by Rudolph Karstadt with one employee, the business of the company now includes 77 department stores, 17 unit-price stores, 15 factories, and a wholesale and export business.

Security.—Bonds are to be the direct obligation of the company and are to be secured by separate dollar morts axes, in favor of the German trustee, in an aggregate amount in excess of the principal amount of the bonds, such mortgazes severally constituting direct first liens upon parcels of city real estate, having in each case a conservative value, as certified by an independent appraiser, of more than 2½ times the amount of the dollar mortgage thereon. The azgregate value of the properties to be mortgaged has been so appraised at over \$45,000,000. Such value gives effect, in some cases, to the construction or completion of certain buildings, estimated to require 30,500,000 Reichsmarks (\$7,259,000), which sum is to be deposited from the proceeds of these bonds, with the German trustee, to be withdrawn as construction progresses. Any deposited moneys remaining after the completion of such suildings are to be released to the company. The indenture is to permit reduction of the amount of the mortgazes and (or) released of mortgaze property, upon retirement of bonds, under restrictions designed to protect the security for the bonds, as to be set forth fully in the indenture. Certain of the properties to be mortgazed are at present subject to prior liens securing indebtedness in the azgregate principal amount of \$1.240.854. The company as coverant to be mortgazed of these bonds, with the German trustee, pending canc

be charged or credited to income, for the four fiscal years ended Jan. 31 1928, as certified by Price, Waterhouse & Co., have been as follows:

Not Sales

Not Earnings

1928. as certified by Price, Waterhouse & Co., have been as follows:

Net Sales as Above

\$38,946.429 \$2.645,606

1926 43.826,795 2.302,598

1927 47.019.133 2.004,323

1928. Extraordinary charges and credits, representing adjustments in connection with revalorization of mortgages, capital expenditures, etc., for the four fiscal years shown above resulted in the following net charges: 1925—\$883,694: 1926—\$361,144: 1927—\$105.526: 1928—\$468,173.

The maximum annual interest requirement is \$2,267.187 on all interest-bearing indebtedness of the company outstanding on Oct. 31 1928, after giving effect to this issue and the reduction of indebtedness through the application of part of the proceeds thereof and of capital stock recently underwritten. After the application of such proceeds to the reduction of indebtedness above, there remains \$7.701.442 of proceeds, which is to be used by the company in the extension of its business activities (including the completion of construction referred to above), and from which no benefits have been reflected in the earnings shown above.

The above net earnings of \$4.876,684 for the fiscal year ended Jan. 31 1928, after deducting interest paid or accrued, management participation in profits, and profits taxes, but excluding extraordinary charges and credits resulting in a net charge of \$4.876, 3 as cartified by Price, Waterhouse & Co., were \$2,254.887, equivalent to \$1.76 per American Share, on the basis of the capital stock outstanding at Jan. 31 1928.

Net sales for the six months ended July 31 1928, as reported by the company, were \$22,089,771, as compared with \$28,015,472 for the corresponding period in the preceding fiscal year.

Capitalization.—The capitalization of the company as at July 31 1928, adjusted to give effect to the issuance of these bonds, the issuance of additional capital stock referred to below, and to the application of part of the proceeds thereof, is as follows:

First mortgage collateral 6% sinking fund bonds (this issue).—\$15,000,000.

Data from Letter of D. Emil Klein, President of the Company. Company.—Incorporated in New York in Feb. 1922, with a paid in capital of \$150,000. The company is engaged in the manufacture of hand made cigars exclusively, its best known brands being marketed under the names. Haddon Hall, Nottingham and Emanelo which retail from 10c. each to 3 for 50c.

each to 3 for 50c.

The original business was started in the company's factory in New York City but before it was a year old, the management realized that a second unit would be necessary in order to keep up with the increasing demand for their product and accordingly a new factory was opened at New Brunswick, N. J. in 1923. This additional capacity proved adequate only a comparatively short time; for in 1926 it was necessary to open a third unit at Trenton, N. J.

tively short time; for in 1926 it was necessary to open a third discretion, N. J. .

Production figures have shown a steady normal increase. Starting with a production of 17,515,000 cigars for the 10 months ended Dec. 31 1922, the company has built up its sales to 38,042,000 cigars for 1927 and for 1928 with the last two months estimated the company will have sold approximately 44,000,000. At the present time the company has a capacity of 50,000,000 cigars annually.

Earnings.—The net earnings of the company for the past 3 years and 10 months, on the basis of the present proposed capitalization, have been as follows:

Kolster Radio Corp.—Contract With Wired Radio, Inc., Subsidiary of North American Co.—See latter company and "Public Utilities" above.—V. 127, p. 2693.

McKesson & Robbins, Inc. (Md.).—Listing.—
The New York Stock Exchange has authorized the listing of 318.026 shares of pref. stock, series A, 7% conv. (par \$50), now issued and outstanding; 1.974 shares of pref. stock upon official notice of issuance, such shares may be issued to acquire certain pref. stocks of subsidiaries; 664.409 shares of common stock (without par value) now issued and outstanding; 320.000 shares of such common stock upon official notice of issuance on conversion of the above-mentioned pref. stock; 175,000 shares of such common stock upon official notice of issuance and payment in full, making the total amounts applied for: pref. stock, series A, 7% conv., 320,000 shs; common stock, 1,159,409 shares.

Purpose of Issue.—318,026 shares of pref. stock and 664,409 shares of common stock have been issued in connection with the acquisition by the corporation (either directly or through subsidiaries) of all of the common stock of McKesson & Robbins, Inc. (Conn.) and of the other drug companies, and in connection with the corporation's acquisition or in connection with the redemption of outstanding pref. stocks of said companies; 1,974 additional shares of pref. stock may be issued in connection with the corporation's acquisition of certain non-redeemable pref. stocks of certain of said companies; 320,000 additional shares of such common stock may be issued upon the conversion of a like number of shares of such pref. stock; 175,000 additional shares of such common stock may be issued for cash from time

to time to provide funds for the general corporate purposes of the corporation, as follows:

(a) 25,000 shares against subscriptions therefor made under the terms
of an employees' stock subscription plan; (b) 50,000 shares against subscription therefor made prior to Jan. 1 1929, by retail druggists at the
price of \$40 per share, such shares to be paid for in monthly installments;
(c) 100,000 shares upon the exercise of an option expiring Nov. 27 1928,
to purchase such shares at the price of \$37.50 per share, granted by the
corporation in consideration of the assignment to it of certain option on
the capital stock of additional drug companies. (Compare also V. 127,
p. 1539.).

Consolidated Balance Sheet as at Aug. 31 1928.

\_\$42,228,354 Total\_\_ Effect has not been given in the foregoing balance sheet to the payment to former stockholders of interest to Sept. 28 1928 on the purchase prices of certain of the common stocks of subsidiaries in an amount of \$582.796 less common dividends of \$38.289 declared and paid between April 30 1928 and Sept. 28 1928.—V. 127, p. 2379, 1816.

(R. C.) Mahon Co.—Listed.—
The Detroit Stock Exchange has approved for listing 35,000 shares, par value, conv. pref. stock. See also V. 127, p. 2241.

Manhattan Electrical Supply Co., Inc.—Rights.—
The directors have authorized 32.500 additional shares of common stock to be offered to stockholders of record Nov. 30. at \$30 a share in the ratio of one new share for each four shares held. Warrants will be issued on or about Nov. 30.

In a letter to the stockholders President Richard H. Brown says: "This company has now outstanding bank loans amounting to \$810.000. which it has made in order to provide the working capital necessary for the conduct of its business. It has need for additional working capital in order to enable it to finance the growing requirements of its subsidiary, the Troy Laundry Machinery Co. Under these circumstances the directors believe it to be to the best interest of the stockholders to secure funds from the sale of common stock sufficient to provide for the retirement of bank loans, and for the program of improvement of the properties and business of the Troy Laundry Machinery Co.

"The sale of 30.000 of the above shares has been underwritten, but the management hopes that the stockholders will subscribe to the issue. Application for listing the new stock on the New York Stock Exchange will be made shortly."—V. 127, p. 1398.

Earnings 9 Months Ended Sept. 30, 1928

Earnings 9 Months Ended Sept. 30, 1928 \$6,176,675 4,252,972 1,788,789 Cost of sales.
Selling, adminis. & gen. expenses. \$134,913 247,182 \$382,095 172.75. 121,494 48,558 Profit before Federal taxes \$39.259

Barns. per shs. on 130,000 shs. capital stk. (no par) \$0.30

Sales for the quarter ended Sept. 30 1928 were \$2,182,446 and net profit after all charges except Federal taxes \$15,918.—V. 127, p. 1398.

Massachusetts Investors Trust.—Pays 94c. Dividend.—A dividend of 94 cents per share was paid Oct. 20 last to holders of record Oct. 8.

Oct. 8.

This makes regular payments for the year of 7.42% on the par value of 850 per share plus a 2% extra dividend paid on May 22 so that the total dividends received by the shareholders were 9.42% as compared with 6.80% in 1927.—V. 127, p. 2100.

Mergenthaler Linotype Co.—Extra Div. of 50 Cents.—
The directors have declared an extra div. of 50c. per share in addition to the regular quarterly dividend of \$1.25 per share on the outstanding 256.000 shares of no par value capital stock, both payable Dec. 31 to holders of record Dec. 5. From June 30 1926 to Sept. 29 1928, inci., there were paid quarterly, in addition to the usual \$1.25 dividend. an extra dividend of 25 cents per share.

This investment trust reports through P. H. Whiting & Co., New York, earnings of 16% on the average amount of capital invested for its first quarter, for which period initial quarterly dividends on both the preferred and common stocks have been declared. Dividends on the preferred stock are at the rate of 6% per annum and on the no par common stock, \$1.20 a year.—V. 127, p. 2242.

Are at the rate of 6% per annum and on the no par common stock, \$1.20 a year.—V. 127, p. 2242.

Milwaukee Post Office Service Station (National Postal Buildings, Inc.), Milwaukee, Wis.—Bonds Offered.—Love, Bryan & Co., St. Louis, are offering at 100 and int. \$165,000 1st mtge. 5½% gold bonds.

Dated June 1 1828; due Dec. 1 1938. Principal and int. (J.& D.) payable at Frankin -American Trust Co., St. Louis, Trustee. Denom. \$1000 and \$500. Red. in part upon 30 days' notice to and inc. Dec. 1 1933 at 102 zand int.; thereafter to and inc. June 1 1938 at 101 and int. Red. as a whole only on 30 days' notice at 101 and int. Interest payable without deduction for normal federal income tax not in excess of 2%.

The Milwaukee Post Office Service station will be located on the north side of Menomonee St. with a depth of 180 ft. The building will be of fire-proof construction, consisting of a one-story brick and stone structure containing 24.000 square feet. It will be erected under architect's super-vision in accordance with plans and specifications already approved by the United States Post Office Department.

These bonds will be secured by a direct first mortgage on the land and building, owned in fee simple, together with all equipment and fixtures. The property has been appraised at \$217.855 by F. J. Batchelder & Co., Inc., Chicago. The entire proceeds of these bonds will be deposited with the Trustee to be paid out only on architect's certificates, as construction progresses, up to 85% of the amount of such certificates. The remaining 15% will be paid out upon completion.

The entire building is under contract for lease to the United States Government for Post Office purposes, for a period extending beyond the maturity of these bonds. This lease is to be in the form designated as non-cancellable by the Post Office Department. The annual rentals received from the Government will amount to \$16.750, whereas expenses are estimated not to exceed \$3.950, leaving net rentals of \$12.800 per annum.

Monmouth Title & Mortgage

Monmouth Title & Mortgage Guraanty Co.—Merger. See Lincoln Mortgage & Title Guarantee Co. above.—V. 128, p. 1519.

Montgomery Ward & Co., Chicago. - Stock Inc.

\$500 c\*. Colonial Trust Co., Philadelphia, Pa., trustee. Int. payable without deduction for the Pennsylvania four-mills tax.

Data from Letter of Wm. Fulton Kurtz, Chairman of the Board. Company.—Incorporated under the General Corporation Act of the Commonwealth of Pennsylvania on March 29 1928 by a group of investors, bankers and leading real estate experts. The trust agreement under which the company's bonds are to be issued will embody numerous conservative restrictions which European and American experience has found advisable in the safeguarding of this class of investment.

Security.—These bonds and all other bonds of the company to be issued under the trust agreement must always be secured by a trust fund deposited with the trustee, consisting of first mortgages on carefully restricted types of improved real estate located in the Commonwealth of Pennsylvania or governmental securities or cash, which must always equal in face value the amount of bonds outstanding under the trust agreement. No mortgage deposited may be included in the computation of the amount of the trust fund at more than 10% of the fully paid capital stock and paid-in surplus of the company or at more than 60% of a conservative appraisal; and no such mortgage may exceed 65% of such appraisal, except as any excess constitutes an interest subordinated to the company's interest therein.

In addition to the above security, the bonds will be direct obligations of the company which, on Sept. 30 1928, had a fully paid capital stock and paid-in surplus of \$2,700.000 available to meet the prompt and full payment of all indebtedness of the company.

Company will be limited in the issue of bonds and other indebtedness (to be defined in the trust agreement) to an amount not to exceed 15 times its fully paid capital stock and paid-in surplus.

National Cash Register Co., Dayton.—Old Suit Ended.
The case of the Remington Cash Register Co. against the National Cash
Register Co., in which the former concern charged employees of the latter
with unfair trade practices, was closed in the U. S. Court at Cincinnati,
Nov. 12, by Judge Hichenlooper with a fine for one of the 92 salesmen
involved.

James A. Goldman of New Orleans was ordered to pay fines of \$1,000
each on two charges of contempt. Charges against Thomas McCue of
Dallas, Tex., were dismissed. Goldman and McCue were the only ones
of the 92 indicted to be brought to trial. Goldman was accused of attempting to Induce breaches of contract on the part of business men who had contracted to purchase a Remington cash register.

As to the defendants against whom charges were dropped, the Judge said:
"It seems highly reprehensible that any department of the Government
should so needlessly and without that thorough investigation which the
seriousness of the situation demanded, subject the defendants to groundless
prosecution and thus jeopardize the positions, reputations and good names
of those individuals."—V. 125, p. 2156.

Data from Letter of O. J. Evenson, Pres. of the Company.

National Bank & Trust. Co., and Calvin Fentress. Chicago, rustees.

Data from Letter of O. J. Evenson, Fres. of the Company.

Company.—An Oregon corporation, recently organized for the purpose of acquiring and operating a valuable and unusually well located timber tract, with complete logs/ing facilities, in Coos County, Ore. Company's properties which come under the first lien of the mortgage securing these bonds, consist of railroad and equipment, and 1,689 acres of solidly blocked timberlands owned in fee simple in Coos County, Ore. These lands carry, according to estimate on which purchase was made, the following amounts of merchantable timber: White cedar, 32,089,000 ft.; high quality spruce, 28,316,000 ft.; Douglas fir, 11,385,000 ft.; hemlock, 11,133,000 ft.; small spruce, 7,390,000 ft.; total, 90,313,000 ft., also railroad and equipment.

The property securing these bonds while shown on the balance sheet at \$1,131,352, has been independently valued at \$1,325,555.

Stockholders' Undertakings.—In order to provide flexibility for the company's financial set-up as well as to give assurance of their readiness further to increase their investment in securities secondar yto the bonds, if this should at any time be desirable, stockholders have subscribed at par for \$455,000 additional of the company's preferred stock. These subscriptions are secured pro rata by all of the company's preferred and common stock, and with the collateral securing them, are assigned to the trustees, with the right in the trustees to call any unpaid balance thereof when due, should such call be required for the service of these bonds.

Sinking Fund.—The mortgage requires the company to pay to the corporate trustee for timber as cut or released from the mortgage a sinking fund at the foll wing rates per thousand feet: \$15 for the white cedar; \$3 for the high-grade spruce; \$2 for fir; and 50c. for Hemlock and small spruce.

Based on experience in similar operations and on contracts n w offered it, for its Port Oxford cedar logs, the man

Pacific Western Oil Co.—Bonds Sold.—Blyth, Witter & Co. and J. & W. Seligman & Co. announce the sale at 100 and int. of \$15,500,000 15-year 6½% sinking fund gold debentures (with stock purchase warrants).

debentures (with stock purchase warrants).

Dated Nov. 1 1928; due Nov. 1 1943. Denom. \$1,000 and \$500c\*. Red. all or part on 30 days' notice at 105 if red. on or before May 1 1931, with successive reductions of 1% during each three-year period thereafter, in each case with accrued int. Interest payable (M. & N.) without deduction for Federal income tax not in excess of 2%. Upon proper application company will refud to resident holders in Penn., Conn., Maryland, District of Columbia, Calif., Iowa and Kentucky, any personal property taxes to the extent of six mills in each year, or any Mass. income tax not in excess of 6% in each year on the interest. Authorized and to be outstanding \$15,500,000. Guaranty Trust Co., New York, trustee.

Stock Purchase Warrants.—Each debenture will carry a warrant entitling the holder to purchase capital stock of Pacific Western Oil Co. at \$33 1-3 per share on or before Nov. 1 1938, in the ratio of 15 shares of capital stock for each \$1,000 principal amount of debenture. Provision will be made for protection against dilution of the stock purchase privilge in certain cases. Warrants are non-detachable except in the event of the redemption of the debentures.

Sinking Fund.—Cumulative sinking fund operating semi-annually commencing Nov. 1 1929, calculated to retire 60% of these debentures by maturity. The entire proceeds from the exercise of the stock purchase warrants will be applied to the retirement of debentures.

Data from Letter of Jacques Vinmont, Chairman of the Board of Directors.

Properties.—Pacific Western Oil Co. has been organized in Delaware to acquire substantially all of the oil producing properties, and the greater portion of the undeveloped oil properties in California, owned, leased or controlled by Petroleum Securities Co., a corporation all the stock of which is owned by Edward L. Doheny and members of his family.

The properties comprise a total of about 40,000 acres, of which approximately 31,000 acres are owned in fee, 5,450 acres are held under lease (of which 667 acres are held jointly with others), 728 acres are controlled through ownership of mineral rights or otherwise, and 3,100 acres are held under U. S. Government permits or leases which will be acquired subject Governmental consent (which, according to counsel, is usually obtained in due course), together with certain production equipment, materials and supplies and gasoline absorption plants located on the properties. Of the acreage held in fee or controlled, a lease has been granted on a royalty basis on about 10,265 acres. Production is being obtained at present from Ventura Ave., Inglewood, Huntington Beach, Alamitos Heights (Seal Beach), Torrance, Los Alamos and East Coyote Districts. The production for October 1928, from the properties being acquired averaged over 16,000 barrels daily after deducting production due joint owners; and after deducting royalties, averaged approximately 13,000 barrels net production. In addition to the present production, the management has shut in approximately 4,000 barrels daily. Eight wells are now being drilled, all of which are in the prolific Ventura Ave. field.

Robert B. Moran, independent engineer, estimates total recoverable oil reserves of approximately 56,800,000 barrels from present proven acreage in the properties being acquired, without taking into consideration potential recovery from undeveloped acreage.

Contracts.—Pacific Western Oil Co. will presently enter into a contract with the Rich

the necessity for large expenditures for storage and transportation fa-

the necessity for large expenditures for storage and transportation facilities

Valuation & Assets.—The physical properties to be acquired by Pacific Western Oil Co. have been appraised by Robert B. Moran, independent engineer, at over \$43,000,000. On the basis of this appraised valuation and including working capital of about \$1,750,000, to be provided out of current financing, total assets of Pacific Western Oil Co. will amount to over \$44,750,000, equivalent to over \$2,800 per \$1,000 debenture. Such assets will be carried on the books at a valuation of about \$27,500,000.

Earnings.—On the basis of net production of 5,100,000 barrels for the first year of operation (equivalent to daily average of 13,900 barrels), as estimated by Robert B. Moran, independent engineer (based on the actual production record of wells now producing and estimated production from wells now being drilled or to be drilled, on proven territory), and at present prices for oil, net earnings for the first year of the properties to be acquired, after all expenses but before depletion, depreciation and Federal income taxes, are estimated by Mattison & Davey at over \$4,900,000, which is more than 4.8 times maximum annual interest requirements on these debentures. After deducting depletion and depreciation of \$1,599,000 based on book values, but before Federal income taxes, Mattison & Davey estimate that such net earnings will exceed \$3,300,000, or over 3.1 times annual interest requirements on these debentures. The foregoing earnings do not include any income from the present shut-in production of approximately 4,000 barrels of oil daily.

Mattison & Davey estimate that after deducting, in addition, the maximum annual interest requirements on these debentures and estimated Federal income taxes, the remaining net earnings will amount to more than \$2,000,000, equivalent (through its ownership of the entire capital stock of Pacific Western Oil Corp. to over \$2 per share on the 1,000,000 shares of capital stock of Pacific Western Oil Corp. to be

shares of capital stock of Pacific Western Oil Corp. to be presently outstanding.

Purpose of Issue.—These debentures, together with the capital stock of Facific Western Oil Corp. are being issued in connection with the acquisition of the properties and to provide working capital for the company.

Debentures.—These debentures will be the direct obligation of the Facific Western Oil Co. and will constitute its sole funded debt. The company has no preferred stock authorized or outstanding and all of its capital stock will be owned by Pacific Western Oil Corp., a holding company. Pacific Western Oil Corp. will have an authorized capitalization of 2,000,000 shares of capital stock, no par value, of which 1,000,000 shares will be presently outstanding and 232,500 shares will be reserved for the exercise of stock purchase warrants to be attached to these debentures.

Management.—Jacques Vinmont, formerly Pres. of California Petroleum Co., is Chairman of the Board of Pacific Western Oil Co. and of Pacific Western Oil Corp. William C. McDuffle, formerly in charge of crude oil production for the Royal Dutch-Shell Group, will be President of both companies. The executives will hold a substantial interest in the capital stock of Pacific Western Oil Corp.

Pacific Western Oil Corp.—Stock Oversubscribed.-Subscription books for common stock offered by Blyth, Witter & Co. and & W. Seligman & Co. at \$24 have been closed. See V. 127, p. 2836.

Paraffine Companies.—Extra Dividend .-

The directors have declared an extra dividend of 25c. per share and a rezular quarterly of \$1 per share on the common stock, both payable Dec. 27 to holders of record Dec. 17. Previously, the company paid quarterly dividends of 75 cents per share. In each of the 3 preceding quarters an extra disbursement of 75 cents per share was made.—V. 127, p. 2102.

Parker Pen Co.—Stock Sold.—A banking syndicate comprising A. G. Becker & Co.; Hallgarten & Co.; Lawrence Stern & Co., and Morris F. Fox & Co., have sold at \$53 per share, 75,000 shares common stock. The offering does not represent new financing for the company.

Dividends exempt from normal Federal income tax. This stock has been listed on the Chicago Stock Exchange.

Data from Letter of Pres. Geo. S. Parker, Janesville, Wis., Nov. 21.

Company.—A Wisconsin corporation. Is one of the largest manufacturers of fountain pens and mechanical pencils in the world. Business was incorp. In 1892 with an authorized capital of \$1,000. The present net worth has been built up entirely from earnings after making liberal cash distributions. Company's principal manufacturing plant is located at Janesville, Wis. A subsidiary company operates a factory in Toronto. Can., and another subsidiary (controlling interest in which was puchased this year) operates a factory in Heidelberg, Germany. Company sells, through over 40.000 retailers in the United States and foreign countries, a complete line of fountain pens and mechanical pencils.

Capitalization.—As of Dec. 31 1927 there was \$885.000 7% preferred stock outstanding which has been reduced to \$511,600. Company now proposes to retire all of this outstanding preferred stock on or before Feb. 1 1929. after which the capital authorized and outstanding will consist exclusively of 200,000 shares of common.stock of \$10 par value.

The 75,000 shares of common stock presently offered represent no new financing for the company. These shares are being purchased from individual stockholders who will continue to retain a substantial portion of their holdings. Control of the company will be held by Pres. Parker and his family.

Earnings.—Net profits of the company and its subsidiaries for the 5 years ended Dec. 31 1927, consolidated from independent audits of the several companies, after all charges and after the payment of preferred stock dividends, which dividends will cease after Feb. 1 1929, together with consolidated net profits, as estimated by the company for 1928, after payment of such preferred dividends are as follows:

at \$25 per share.—V. 127, p. 1959.

Pickwick Corp., San Francisco.—Rights.—

The stockholders will be notified within the next two weeks of a plan to offer them the right to subscribe on or before Jan. 5 1929 to one unit of new Pickwick Airways Corp. for each 6 shares of Pickwick Corp. stock held, according to a Los Angeles dispatch. The Pickwick Airways Corp. with one share of common stock as a bonus.

At the present there are 100,000 shares of 8% preferred stock authorized and outstanding, 200,000 shares of 7% preferred stock authorized and outstanding, 200,000 shares outstanding, and 700,000 shares of common stock with approximately 400,000 shares outstanding, all of \$10 par value.

Any stock not subscribed will be offered to the public at \$21 a unit.

The Pickwick Airways Corp. has \$1,000,000 in 7% preferred and \$1,000,000 in no par common stock authorized.—V. 125, p. 1063.

Piggly-Wiggly Western State Co.—Earnings. Net profits of the company for quarter ended Sept. 30 1928, we ter charges and Federal taxes, equivalent to 19 cents a share ,000 no par shares of class A stock—V. 127, p. 2102.

Polymet Mfg. Corp.—Stock Increase—Rights.—
The stockholders have authorized an increase in the no par value capital stock from 30,000 to 60,000 shares. Of this increase, 15,000 shares are to be issued to stockholders of record, Nov. 23, to whom rights will be given to subscribe in the ratio of one share of new stock for each two shares of the old stock held. at \$20 a share. Rights expire Dec. 15.

N. C. Greene, Vice-President in charge of sales, stated that the company during August, September and October, the first three months of its current fiscal year, returned earnings of about \$3 a share on the old capitalization and that the outlook for continued satisfactory earnings is indicated by the volume of orders on hand. The rate on the new stock will be \$1.50 a share, the same as that paid on the old shares, it is said.—V. 127, p.

Corp. Stock Offered .- Trumbull, Wardell & Process Corp.—Stock Offered.—Trumbull, warden & Co., Inc., Chicago, are offering 30,000 shares common stock (no par value) at \$28.50 per share.

1928 (estimated) 290,000

Dividend Policy.—The management has agreed to adopt a policy of paying dividends at the rate of \$2 per share per annum, payable quarterly, commencing Feb. 1 1929.

Pressed Steel Car Co .--Bond Conversion .-

The New York Trust Co. on Nov. 21, issued a notice that the 10-year 5% conv. gold bonds, due Jan. 1 1933, are exchangeable until Dec. 31 1928, for \$1,000 of 15-year 5% conv. gold debentures, due Jan. 1 1943, and three shares of common stock. The exchange may be effected upon surrender of the bonds at the trust company, 100 Broadway, N. Y. City.—V. 127, p. 2102.

Produce Terminal Cold Storage Co.—Bonds Offered.—Chicago Trust Co. recently offered \$1,300,000 1st (closed) mtge. 6% serial gold bonds at 100 and int.

Dated June 1 1928; due serially 1931-1948. Interest payable (J. & D.) at Chicago Trust Co., Chicago, or Bankers Trust Co., New York, without deduction for normal Federal income tax not in excess of 2%. Company also agrees to refund certain State taxes in Maryland, Mass. and Penn. Callable all or part on any int. date to and incl. June 1 1933 at 104; thereafter and on or before June 1 1938 at 103; thereafter and before June 1 1947 at 100; in each case with accrued interest. Denom. \$1,000, \$500 and \$100. Chicago Trust Co., trustee.

Data from Letter of Frank E. Roth, Pres. of the Company.—Let now constructing a cold storage warehouse of the most.

Data from Letter of Frank E. Roth, Pres. of the Company.

Company.—Is now constructing a cold storage warehouse of the most modern and efficient type on the site lying between the tracks of the Chicago & North Western Ry. on the south and the Baltimore & Ohio Chicago Terminal RR. on the north, and fronting east on Blue Island Ave. at its intersection with Throop St., Chicago. This land, approximately 108 ft. by 278 ft., was sold by the Chicago & North Western Ry. for the erection of a cold storage warehouse, and has exceptional advantages for that purpose, being only one block from the new South Water Market and served directly by five of the trunk line railroads entering Chicago and indirectly, through the B. & O. Chicago Terminal RR., by all railroads in the Chicago district. There is at present no modern public cold storage warehouse within a radius of two miles of the new South Water Market, the principal wholesale produce center of Chicago. The building, which is now about 25% completed, and which will be ready for occupancy in January 1929, ft.

will have 11 stories and basement, with a total gross floor area of 337,210 sq. ft.

Security.—These bonds will be secured in the opinion of counsel by a closed first mortgage on the land, building and permanent equipment. The land has been appraised by Hodge, Nicolson & Porter, Inc., Industrial Real Estate, at \$208,859 and the building by Ford, Bacon & Davis, Inc., Engineers, at \$1,787,000, making the combined value of the land and building upon completion not less than \$1,995,859. Net proceeds from the sale of these bonds will be deposited with the trustees, to be applied only toward the construction of the building, as provided in the depository agreement.

toward the construction of the building, as provided in the depository agreement.

Capital.—These bonds will be followed by \$500,000 preferred stock and 38,500 shares no par common stock. Of the preferred stock, \$400,000 has been sold at par and applied toward the construction of the building. The remaining \$100,000 is being sold to provide working capital. The common stock represents the land.

Earnings.—Assuming the erection of the warehouse substantially in accordance with plans and specifications, the execution of the leases now being negotiated, and that the company may rely upon its stockholders and directors for a substantial volume of business, Ford, Bacon & Davis, Inc. estimate that for the first full year of normal operation under experienced and aggressive management with competitive conditions no more severe than at present, and under normal general business conditions, net earnings before deducting depreciation and Federal income tax will amount to \$270,570, or 3.46 times the maximum annual interest requirements of \$78,000. These earnings are based on the conservative assumption of only 55% constant occupancy of the net available cold storage space.

Ranier Pulp & Paper Co.—Stock Sold.—Blyth, Witter Co. have sold at \$33.25 a share, to yield 6%, 100,000 shares class A common stock. The stock, which is non-callable, is entitled to cumulative dividends of \$2 per share annually from Dec. 1 1928 and after dividends at the rate of \$2 per share shall have been paid in any year on the class B common, the class A shall participate equally share for share with the class B in any further dividends.

Company and Properties.—Company, organized April 26 1926 in Delaware. Is engaged in the manufacture of sulphite pulp at Shelton, Wash. Company owns approximately 16 acres of land fronting on tidewater. Its manufacturing plant consists of a sulphite pulp mill, completed in 1927, with a daily capacity of 125 tons of unbleached sulphite or 115 tons

of bleached sulphite, together with the usual auxiliaries such as woodpreparing plant, warehouse, docks, &c. All buildings are of concrete. All equipment and machinery is of the latest design.

Closely adjacent to the plant are two large saw mills owned and operated respectively by the Simpson Logging Co. and the McCleary Lumber Co. from which the Rainier Pulp & Paper Co. purchases electric energy and steam at low rates under a satisfactory contract.

Company began manufacturing operations in July 1927. Results since that time establish it as one of the lowest cost pulp producers on the Pacific Coast. Company's plant is operating at full capacity.

Wood Supply.—Company has entered into a long term contract with the Simpson Logging Co., whereby the Rainier company has the right to take out, in advance of logging operations, trees up to 10 inches in diameter. Company also has contracts with the Simpson Logging Co. and with owners of other saw mills for the right to take from the conveyors of such mills such pieces of wood as are suitable for manufacturing into sulphite. Through these contracts the company is assured of a low cost wood supply ample for its requirements for approximately twenty years.

Dividends and Earnings.—Class A common stock will be entitled to cumul. divs. of \$2 per share, in any year, shall have been paid on the class B common stock the class A common stock will be entitled to sumul. divs. of \$2 per share, in any year, shall have been paid on the class B common stock in any further dividends.

Dividends on the class B common stock in any further dividends.

Dividends on the class B common stock in any further dividends.

Dividends on the class B common stock will be initiated on the class B shares at the rate of \$1 per share per annum not later than for the quarterly period beginning Dec. 1 1928.

Company has been in operation since July 1927, and, except for the first few months, operations have resulted profitably. Net profits for the class A common stock. After providing for the \$2 divide

Railway & Light Securities Co.—Rights.—
The directors on Nov. 19 voted to offer to common stockholders the right to subscribe for additional common shares at \$70 per share in the ratio of one new common share for each three common shares outstanding. Subscriptions are to be payable in full on Dec. 15 1928.

It is understood that subscription payments will be evidenced by interim receipts bearing interest at 5% from Dec. 15 to Feb. 1 1929 and exchangeable on or after that date for common stock.—V. 127, p. 2245.

Net profit after deprec., int. & Federal taxes ... \$52.360 \$579.949 \$498.740 \$1,420,893

James H. Rand, Jr., Chairman of the Board, commenting on the report

James H. Rand, Jr., Chairman of the Board, commenting on the report said:
"Our report for Sept. 30 was bad. Sales for the month of October were approximately \$400,000 larger than September and approximately 15% better than October 1927. Current booked orders are showing substantial increases from month to month and our cash position is steadily improving." Gross before interest and taxes for the quarter ended Sept. 30 amounted to \$565,537. Preferred dividends for the quarter, which amounted to approximately \$347,000, were paid fom earned surplus.

As of Sept. 30 1928, current assets were \$33,635,748 and current liabilities \$3,379,119, leaving net working capital of \$30,256,629, or a ratio of 8.7 to 1. As of June 30 1928, current assets stood at \$34,021,121 and current liabilities \$3,989,342, leaving net working capital of \$30,031,779, or a ratio of 8.55 to 1.—V. 127, p. 2837.

Reymer & Brothers, Inc.—Stock Offered.—J. H. Holmes (no par value) at \$28 per share.

Common stock (no par) 200,000 shs. 100,000 shs.

Listing.—Company has agreed to make application to list its common stock on the Pittsburgh Stock Exchange.

Data from Letter of Benjamin Dangerfield Jr., Pres. of the Company. Business and History.—The company, manufacturers, wholesalers and retailers of high-grade candy and dealers in cigars, was established in 1846 by Philip Reymer, Jacob S. Reymer, Joshua Rhodes and R. W. Anderson, under the name of Rhodes, Reymer & Anderson. Rhodes and Anderson soon afterwards withdraw and the business was continued under the name of Reymer & Brothers.

In 1901 Benjamin Dangerfield and John H. Smitley, who had been taken into the firm as partners in 1883, purchased the interest of Jacob S. Reymer, the then surviving brother, and incorporated the business in Pennsylvania as Reymer & Brothers, Inc. Since that time, the business has grown steadily, annual sales having increased from \$600,000 in 1901 to over \$3,000,000 in 1927. The company at present has a wholesale distribution of candy and cigars and other tobacco products to some 2,500 dealers in Pennsylvania and bordering states, besides operating in the City of Pittsburgh, 20 retail establishments of which 7 are retail candy stores, 5 retail cigar stores and 8 stands which retail candies and tobacco products. Within the past few years, four attractive and modern tea and lunch rooms have been opened in conjunction with candy stores, and these promise to become an increasing factor in the business.

Earnings.—The net earnings adjusted to give effect to the elimination of interest paid on borrowed money (which in 1923 was \$14,109; in 1924, \$14,686; in 1925, \$14,211; in 1926, \$18,367, and in 1927, \$17,686) and Federal income taxes at the present rate of 12%, for the five-year period ending Dec. 31 1927, were as follows:

Call Years—

Net Farmings.—See Stock

Net Earnings. Com. Stock.
\$154,082 \$1.54
178,443 1.78
141,559 1.42
183,121 1.83
118,112 1.18 

(R. J.) Reynolds Tobacco Co.—May Split Shares.—
The following is from the N. Y. "Evening Post" of Nov. 21: "Directors of the company were reported to-day to be considering a split-up of the \$25 par common and class "B" shares into no par stock. Alternative plans are said to be a two-for-one split with a \$3 dividend basis for the new shares or a three-for-one split with the new shares on a \$2 basis.—V. 127, p. 274.

Ross Gear and Tool Co.—Earnings.—
Net earnings as reported by Pres. Edward A. Ross, for the first tegmonths of this year after all charges including Federal taxes are \$715,539's This is equal to \$4.77 per share on the common stock for 11 ); at the annual rate of \$5.72 per share.—V. 127, p. 2103.

Royal Baking Powder Co.—Changes in Personnel.—
W. W. Stanley has been elected Vice-President and a director. He will also become Treasurer, succeeding J. F. Chumasero. S. H. Curran has been elected Vice-President and General Production Manager and W. J. Merrill, Vice-President and Comptroller. M. W. Self has been elected a Secretary-Treasurer.—V. 127, p. 2549.

Rumidor Corp.—Initial Dividend.—
The directors have declared an initial quarterly dividend of 62% cents at share on the common stock, no par value, payable Jan. 15 to holders record Dec. 15. (For offering, see V. 126, p. 2894.)
President R. D. Zucker announces that business during Oct. 1928, towed an increase of over 200% over September and 700% over May.—127, p. 1819.

(Joseph T.) Ryerson & Son, Inc.—Sales and Earnings.—Sales for 1928 are estimated in excess of \$29,000,000 and net profits are estimated at \$1.630,000. or over \$4 per share compared with \$1,248,974. or, \$3.12 per share, in 1927. Chairman Donald M. Ryerson states: "Further improvement is anticipated as the company is benefiting by the combination of sustained demand for steel with upward trend in prices and the better. relationship between productive capacity and consumption in the industry." It is also stated that 400,000 shares of capital stock of the corporation have just been listed on the Chicago Stock Exchange.—V. 127, p. 2697, 2549.

St. Mary's Mineral Land Co.—\$1 Dividend.—
The directors have declared a dividend of \$1 per share, payable Dec. 15 to holders of record Nov. 30. A dividend of \$2 per share was paid April 18 making a total of \$3 for 1928, against \$2 per share paid in 1927.—V. 126, p. 3137.

Schulte Retail Stores Corp.—Listing.—
The New York Stock Exchange has authorized the listing on Dec. 1
1928 of 5.630 shares additional common stock without par value, on official notice of issuance, as a stock dividend, making the total applied for to date 1.133,058 shares

Total\_\_\_\_\_34,306,242 34,758,028 Total\_\_\_\_\_34,306,242 34,758,028 a Represented by 1,121,667 no par shares on June 30 1928, and 1,116,145 shares on Dec. 31 1927.—V. 127, p. 1820.

Seiberling Rubber Co.—\$1 Common Dividend.—
The directors have declared a dividend of \$1 per share on the common stock, no par value, payable Dec. 15 to holders of record Nov. 26. An initial dividend of like amount was paid on this issue on Dec. 15 1927; none since.—V. 127, p. 1690.

Sentry Safety Control Corp.—Registrar.—
The Chase National Bank has been appointed registrar for 150,000 shares of common stock, no par value.—V. 127, p. 967.

Separate Units, Inc.—Rights.—

The corporation announces an offer to its stockholders of rights to subscribe to the 948 shares outstanding, in the ratio of one new share for each four shares held. Because Separate Units, Inc., began as a closed investment company, the directors felt that the old stockholders should have the first option before further public subscriptions are accepted, in spite of the fact that applications from non-stockholders for the stock already exceed the amount unissued of the 5,000 shares of authorized capital stock.

Although the actual value of the Separate Units shares as of Nov. 13 was \$132, based on the market prices of the securities held in the company's portfolio, the shares are offered to stockholders at the original price of \$100 and this price will hold for public subscriptions after the offer to present holders expires on Nov. 26. The policy of holding down the price is in line with the new investment trust management theory of William H. Williams, President of Separate Units, Inc. As a result of the theory of building up a safety surplus and proving the efficiency of management methods before permitting limited public participation, the company in less than 11 months has shown an increase of \$132,728 in the value of its investments, based on closing prices of Nov. 13.—V. 127, p. 2104.

Solar Refining Co.—To Split-up Shares.—
The stockholders will vote Jan. 9 on changing the authorized capital stock from 40,000 shares, par \$100 (all outstanding) to 160,000 shares of \$25 par value, four new shares to be issued in exchange for each share held.—V. 126, p. 1999.

Southern Bond & Share Corp.--Stock Offered.-MacCrone & Co., New York and Detroit and Taylor, Ewart & Co., Inc., New York and Chicago, and Jemison & Co., Inc., Birmingham, Ala., are offering 40,000 shares preferred stock, \$3 series (no par value), at \$50 per share and dividend. One-half share of class B common stock will be delivered with each share of preferred, delivery being made by allotment certificates.

certificates.

Dividends payable Q.-J. Preferred as to to cumul. divs. of \$3 a share per annum and as to assets up to \$50 per share and divs. over the common stocks, but subject to the prior rights of the prior pref. stock. Red. at any time upon not less than 30 days' notice, as a whole or in part, at the option of the corporation, at \$52.50 and divs.

Subject to conditions stated in the certificate of incorporation, when and as declared by the board of directors class A shares are entitled to non-cumul. annual divs. up to \$2 per share before any divs. on class B. In excess of this amount class A shares are entitled to receive per share one-half the amount of divs. paid per share on class B until each class has received \$4 per share per annum. Additional divs. shall be paid equally on both classes. Subject to the rights of the prior pref. and pref. stocks, exclusive voting power is vested in the common stocks, each share being entitled to one vote.

In the event of any distribution or liquidation of the assets of the corporation there shall be distributed, subject to the rights of holders of the prior pref. stock and the pref. stock, \$30 a share to each share of class A common stock outstanding; thereafter \$10 a share to each share of class B common stock outstanding; after which all remaining assets are to be distributed equally per share of common stock irrespective of class. Whenever for two consecutive years annual divs. of at least \$4 per share shall have been paid out of current net earnings on both classes of common stock, the preferences and priorities of class A common stock shall cease and thereafter both classes of shares shall become one class of common stock entitled per share to equal divs. and equal assets in liquidation.

Transfer agent for allotment certificates, Chemical National Bank, New York.

Data from Letter of Robert Jemison Jr., President of the Company

New York.

Data from Letter of Robert Jemison Jr., President of the Company Business.—Corporation has been organized to conduct the business of an investment trust of the general management type. It will invest and reinvest its resources in securities, broadly diversified industrially and geographically, under carefully formulated investment regulations established in the certificate of incorporation and by-laws of the corporation. Management.—The board of directors of the corporation is composed of men prominent in many fields of activity, including the management of investment trusts similar in character to Southern Bond and Share Corp. They will have available the services of the Investment Research Corp., which has supplied the economic, financial and corporate analyses used by the Investment Co. of America, Pacific Investing Corp. and American Capital Corp. in the management of their investment funds which now aggregate more than \$43,000,000.

Data from Letter of T. J. Kauffman, General Manager of Co.

History & Business.—The company whose plants are located at Detroit, Mich. and Peru, Ind., was incorp. in Michigan in 1903. The products of the copmany are electrical safety devices including enclosed electric switches, both for industrial and residential uses, panel boards, Square Duct, electrical porcelain and other devices used in electric wiring installations. Company is the largest manufacturer of enclosed electric switches in the United States, producing approximately 25% of the total output. Company maintains a thoroughly modern experimental laboratory where research is constantly in progress on new devices for use in the electrical installation field. Many of the products now being manufactured by the company were developed in this laboratory.

Square D products are sold both through a strong distributors organization and the company's own field sales organization. This combination affords an effective sales outlet for the products of the company. Square D products are also distributed throughout Canada by the Square D Co., Canada, Ltd., with which the company is affiliated.

Earnings.—Net earnings for the company, on the new basis of capitalization, after all charges, including Federal taxes at the current rate and after adjustment of administrative salaries to the present basis (which adjustments were \$32,500 in 1925; \$32,500 in 1926; \$37,400 in 1927; and \$26,550 for the first nine months of 1928) are as follows:

Assets.—The balance sheet as of Sept. 30 1928 shows net tangible assets of \$2,034,894, current assets in excess of four times current liabilities, and net current assets of \$664,693.

Dividends.—Company will take proper action to place the class A preferred stock on an annual dividend basis of \$2.20 per share payable quarterly. The first dividend will be payable the last day of December 1928 to stockholders of record Dec. 20.

Listing.—These units have been listed on the Detroit Stock Exchange.

Standard Oil Co. (Kentucky).—To Increase Capitalization.—The stockholders will vote Dec. 20 on increasing the authorized capital stock from \$17,500,000 (par \$25) to \$35,000,000 (par \$10), 2½ new shares to be exchanged for each share now held. The directors have also planned to declare a 50% stock dividend.

The directors have declared the regular quarterly dividend.

The directors have declared the regular quarterly dividend of 2% in addition to the regular quarterly dividend of 4%, both payable Dec. 21 to holders of record Dec. 15. The last previous extra dividend was 20%, in March 1927.—V. 125, p. 2000.

Standard Oil Co. (New Jersey.)—Obituary.—George H. Jones, Chairman of the Board of Directors, died in N. Y. City on Nov. 22.

Stock to Employees .-

Stock to Employees.—

The company has announced the terms of its third stock-acquisition plan for employees, which will become effective on Jan. 1 and run three years, the second plan expiring with this year. No employee who has participated in the present plan and parted with more than one-third of his stock can share in the third plan. nor can any one who participated in both plans and has disposed of more than one-half of his holdings.

Each employee who participates in the third plan will authorize the company or the subsidiary for which he works to deduct from money due him a sum not in excess of 10% thereof, this to be placed in the purchase plan fund to his credit. His employer will add 50% of this amount to his deposit. The trustees of the fund will buy from time to time stock of the company at prices fixed by the directors, but not above or more than 10% below the average market price for the previous three months. This stock the trustees will apportion to the participants in proportion to the deposits—

Toledo (O.) Glass Co.--Increases Capital-Rights. The stockholders have approved an increases Uapital—Rights.—
The stockholders have approved an increase in the capital stock from 150,000 to 400,000 shares of \$1 par value common to allow it to take advantage
of its subscription privileges to acquire 27,560 shares of the new common
stock to be issued by the Libbey-Owens Sheet Glass Co. To finance the
\$3,169,400 purchase, the company will turn in 5,000 shares of LibbeyOwens preferred, worth \$575,000, and then offer its stockholders additional
shares of its own stock at the rate of \$90 per share in the ratio of one share
for each five held on Nov. 26.—V. 123, p. 2533.

Traders Investors Corp.—Extra Dividend of \$30.—
The corporation has declared an extra dividend of \$30 per share, payable
Nov. 26 to holders of record Nov. 26.

Trans-Lux Daylight Picture Screen Corp.—Rights.—
A special meeting of the stockholders has been called for Nov. 30 to act upon a proposal, recommended by the directors, to increase the authorized capital stock to 1,000,000 shares of no-par value, from 700,000 shares and to consider an agreement made by the directors for the underwriting, or purchase, of 100,000 of such increased shares at \$5 a share, less underwriters' commission.

The agreement provides that the stockholders be given the first opportunity to purchase these shares in the ratio of one new share for each six held. Stock transfer books will be closed Nov. 20.

In a letter to the stockholders, Chairman Percy N. Furber, stated that in consequence of legal action last December, declaring a portion of the "movie ticker" equipment an infringement, the company was put to considerable expense to work out a new apparatus, as a substitute for the infringing device.

"When the judgement was rendered against us in December of last year," continued Mr. Furber, "we had about 850 'movie ticker' installations; today we have nearly 1,200 installations, all equipped and operating with the new device, and every month we are adding steadily to the number of these installations. Also, after several years of steady work, we have finally solved the very difficult problem we had to contend with, in getting a first class equipment for motion pictures. Our latest equipment is now installed in the Roxy Theatre, and also in Hammerstein's new theatre at Broadway and 52nd St., N. Y. City. We anticipate making a large number of these installations in the motion picture theatres, as well as in the regular theatres, during the coming year. Outstanding notes have been reduced from \$600,000 to \$475,000, and cash position is good.—V. 126, p. 2983.

Virginia Iron, Coal & Coke Co.—No Action on Div.— The directors on Nov. 22 took no action on the regular semi-annual div. of 2½% due in January on the 5% cumul. pref. stock. The last distribu-lon at this rate was paid on the pref. shares on July 2 last.—V. 127. p. 2384.

wagner Electric Corp.—To Split Up Shares—Rights.—
The stockholders will vote Nov. 27 (a) on increasing the authorized common stock from 80.000 shs. of no par value to 100.000 shs. of no par value to 100.000 shs. of no par value to the holders of common stock of record Nov. 27 (a) on increasing the authorized common stock from 80.000 shs. of no par value to 100.000 shs. of no par value to the holders of common stock of record Nov. 27 1928 for subscription at \$80 per share in the ratio of one share of new stock for each 4 shares of stock now outstanding, the balance of the additional authorized common stock, and any amount not so subscribed by the stockholders to be sold or disposed of by the board of directors from time to time upon such terms and to such persons, who need not be stockholders. as the directors may determine:

(b) on authorizing the board of directors to offer the stock for subscription, and to sell and dispose of any such stock not subscribed. In accordance with the terms of the amendment to the certificate of incorporation: (c) on authorizing the directors to issue to holders of common stock of record Nov. 27 assignable warrants evidencing their rights to subscribe to the said 19,569.4 shares of the additional authorized issue, in multiples of even shares, and upon such terms as the directors may determine, and on authorizing the issue and delivery against such subscriptions, of 4 shares of new stock, par \$15 per share (to be authorized) for each share of such no par value stock, so subscribed: (d) if the foregoing amendment to the certificate of incorporation shall be authorized, and after the same has been made effective, to further amend the certificate of incorporation as so amended, so as to change the authorized common stock and increase the number of shares of the same. So as to change the authorized in exchange for all of the no par value common stock of the par value of \$15 per share, of which 391,388.5 shares shall be presently issued by the board in exchange for all of the no par val

President P. B. Postlethwaite Nov. 9 says in substance:

whereupon the remaining proposal will be submitted.

President P. B. Postlethwaite Nov. 9 says in substance.

The object of these chances is to authorize in the first instance an increase of the present authorized issue of no par value common stock from 80,000 shares to 100,000 shares, and offer to the stockholders of the company 19,669.4 shares of said increased stock at \$80 per share, this being one share for each 4 shares now outstanding; subsequently, at an adjournment of said meeting, to authorize a further change in the common stock from 100,000 shares of no par value to 400,000 shares of the par value of \$15 per share; and, finally, to authorize the exchance of all such no par value common stock for the new par value stock on the basis of 4 new shares for each share of no par value stock.

There are now outstanding bonds secured by mortgage upon the property of the company to the amount of \$1,599,200, and it is the intention of the directors to call all of these bonds for payment Feb. 1 1929 and to apply the proceeds from the sale of the 19,569.4 shares toward their redemption.

The purpose of increasing the shares of common stock to 400,000 and suchanging them, as above set forth, is to broaden the market for the stock, which should be to the material interest of the stockholders. The change from no par value common stock to stock having a par value of \$15 per share will not in any way affect the financial condition of the company nor determine the actual value of the stock, and is done solely for the purpose of meeting certain conditions prescribed by the statutes of some of the States in which the commany operates and effecting some reduction in taxes.

The meeting of the stockholders is called for Nov. 27, and the officers have been authorized immediately the cafter to issue warrants to the holders of the common stock of record Nov. 27, evidencing their rights to subscribe for the 19,559 4 shares of stock at \$80 per share for the stock. The balance of \$60 per share with a payment of \$20 per share for

and taxes.

Dividends have already been declared on the present outstanding common stock at the rate of \$6 per share for one year, payable quarterly, beginning Dec. I 1928 and ending Sept I 1929. It was the sense of the meeting of the board of directors that after giving effect to the above transactions, at least equivalent proportionate dividends should be paid for the first \$ quarters of 1929 on the shares then to be outstanding.

Jan. 1 1929 at 105 and divs. at the Eddin City.

The rights of the holders of the preferred stock to convert the same into common stock shall continue up to and including Dec. 22.

Prior to redemption date, the holders of preferred stock, upon surrende of the certificates therefor at the office of Hayden, Stone & Co., 25 Broad St., New York, may obtain 105 and divs. to the date of such surrender —V. 127, p. 2555.

St., New York, may obtain 105 and divs. to the date of such surrender —V. 127, p. 2555.

Wayne Pump Co.—Proposed Merger.—

A meeting of the stockholders has been called for Dec. 4 1928, to approve provisions for the acquisition of all the assets and business (other than reastate not at present used or needed for operations) subject to the liabilities of the Fry Equipment Corp. of Rochester, Pa., manufacturers and distributors of gasoline pumps, lubricating equipment and other related accessories. W. M. Griffin, President of the Wayne Pump Co., stated that payment will be made in stock, the price being 30,000 shares more or less of Wayne conv. presence stock, depending on the result of an audit now being made, and 18,000 shares of common stock. The combined companies will have total assets of approximately \$8,000,000.

The Fry Equipment Corp. has for many years been one of the largest concerns actively engaged in the business of manufacturing and selling pumps and service station equipment and accessories. The purchase of the Fry corporation will enable Wayne to round out its line of products so that it will be in a position to completely furnish and equip service stations with pumps and all accessories and equipment necessary in the maintenance and operation of the station as a complete unit. Among its products is the Marvel oil pump for handling lubricating oils, an item not at present carried in the Wayne line. It is expected that the purchase will also effect economies in manufacturing and selling.

Mr. Griffin estimates that the new lines acquired with the Fry corporation, with the enlarged operations and economies in manufacturing and clistribution, should within a reasonable period of time add approximately \$500,000 net to annual earnings of the Wayne company.

This is the second consolidation in which the Wayne company has taken part during the past two months, it having recently acquired the Boyle Dayton Co. of Los Angeles. (See V. 127, p. 2106).—V. 127, p. 2841.

Wheeling Steel Corp.—Sells Control of Subs. See Continental Can Co., inc., above.—V. 127, p. 2700.

Wilcox-Rich Corp.—New Contract, &c.—
President C. H. L. Flintermann, reports that all divisions of the corporation continue to operate at record levels. Sales of valves, tappets and piston rings are at levels which surpass all previous periods. New business acquired, including contracts from the two largest volume producers in the automobile industry, has made it necessary for the company to steadily increase production in contrast to a normally expected seasonal decline during this period of the year. Both Battle Creek and Saginaw plants are operating day and night and the Marshall plant is being put on double shift as soon as additional equipment is completely installed, it is stated. The company has recently entered into a contract with McQuay-Norris Mfg. Co. for exclusive distribution of company's valve tappets. This assures the company of large additional volume in its replacement part business and through this contract it is expected that the replacement tappet business will assume as large proportions as the original equipment business. At the last directors meeting \$ 00,000 was authorized for expenditure in new plant and equipment.—V. 127, p. 1962.

#### CURRENT NOTICES.

—Announcement is made by Alvin H. Frank & Co., investment bankers, with head offices in Los Angeles, of the association with that firm as a Vice-President of Leigh M. Battson, who for the past four years has been a general partner of the New York Stock Exchange firm of E. F. Hutton & Co. Battson is well known in the investment banking business both on the Pacific Coast and in the Eas . He came to California in 1918 and joined the San Francisco organization of Bond & Goodwin, a Boston firm dealing in commercial paper, acceptances and investment securities generally. In January 1919 he opened a Los Angeles office for that firm and continued gement of that business in the Southern California territory until March 1921, when he and four associates organized the well known investment house of Bond & Goodwin & Tucker, Inc. He was Vice-President of that firm in charge of the Los Angeles office until the end of 1924, when he retired to accept a partnership in the Hutton firm. Mr. Battson's activities with Alvin H. Frank & Co. will include supervision of the origination department, which has underwritten many millions of dollars in Pacific Coast securities during the past few years.

Stern, Kempner & Co., members New York Stock Exchange, 50 Broadway, N. Y. City, have prepared a circular on American Stores Co. in which they say in conclusion that the success of chain grocery stores is largely due to their ability to supply the community with food necessities at a lesser cost than the individual merchant. It is common knowledge that these companies with efficient management have enjoyed substantial progress and have been the source of much profit to shareholders. "The record of the American Stores Co. is impressive; the management is able; and in our opinion the association with that management of a banking sponsorship identified with numerous other chain store comanies would point toward a progressive development of the company in

Alfred O. Corbin announces that he will return from F. J. Lisman & Co. members of the New York Stock Exchange, as of the close of the year. Mr. Corbin has been a partner of F. J. Lisman & Co., since 1922 and represents the Lisman interests on the board of the Alpine Montan Steel Corp., Austria, Rima Steel Corp., Hungary, Miag Mill Machinery Co., Germany, First Bohemian Glass Co., Czechoslovakia, and the Tyrol Hydro Electric Co., "Tiwag," Austria. He is President and director of the First Federal Foreign Investment Trust, New York and director of the American Basic Business Corp., New York.

-According the the New York "Times," De. Coppet & Doremus, oddlot dealers and members of the New York Stock Exchange, on Monday, Nov. 19, had, what is believed to be, a record for clearances of stock on a single day, when they cleared 1,150,000 shares, the largest amount in its 37 years of business. The article further states: This was accounted for by the big days of last week, also by the fact that yesterday was double-clearance day, clearances of Friday and Saturday going through the Clearing House yesterday. The task was made more difficult by the variety of stocks cleared, amounting to 900.

-Jas. H. Oliphant & Co., members New York Stock Exchange, 61 Broadway, N. Y., will mail to their clients on Monday, Nov. 26, a brouchure entitled "The Greatest Law Suit in History," in which they discuss the issues involved in the St. Louis & O'Fallon Railroad valuation case set for argument before the United States Supreme Court on Jan. 2 1929. They say that "Inasmuch as it embodies the ideas which the I.-S. C. Commission will apply to the valuation of railroads—if the Courts will permit—it is of importance to all present or prospective investors in railroad securities."

The odd-lot houses do not deal with the public, but with member firms of the Stock Exchange, supplying the lots of less than 100 shares wanted of any stock. De Coppet & Doremus now have 800 employes

—Merchants National Co., owned by the shareholders of Merchants National Trust & Savings Bank, 650 South Spring St., Los Angeles, Calif., announces the appointment of S. D. Lamon, formerly Manager, municipal son of the First National Co. of St. Louis, investment divi-sion of the First National Bank in St. Louis, at Manager of their municipal bond department.

-Harold R. Bunce, formerly of the financial staff of the New York Evening "Sun," has become affiliated with the advertising firm of Doremus & Co. Mr. Bunce has been prominent in the financial district for a number ef years, having been previously affiliated with the financial staff of the New York Evening "Post" and also Financial Editor of the Brooklyn

—Prince & Whitely, members of the New York Stock Exchange, anmounce they have opened an additional office in New Haven at 86 Collage St. The office was formerly maintained by E. A. Pierce & Co., who are continuing business in New Haven. The new office will be in charge of Walter F. Storey, formerly Assistant Manager of the older New Haven

-Minton, Lampert & Co., 137 South La Saile St., Chicago, announce a change in name to R. P. Minton & Co., Inc., and the withdrawal of H. H. Lampert as Secretary and Treasurer. The following officers have been elected: R. P. Minton, President; J. D. Pickett, Vice-President; Marshall Arnold, Vice-President and B. F. Lewis, Secretary and Treasurer.

-Ward, Gruver & Co., 20 Broad St., N. Y. City, have issued an analysis of the Standard Oil Co. of Indiana, pointing out that the company, which is the largest retail distributor of gasoline in the United States, has benefited by rising prices and generally stabilized conditions existing in the gasoline market this year.

-Arthur Calvert Smith and Richardson Morris, who are both retiring —Arthur Caivert Smith and Richardson Morris, who are to a service-Presidents of the Pacific Coast Trust Co. and American National Co., have formed a partnership, under the firm name of Smith & Morris, to conduct a general business in investment securities, with offices at 52 Broadway, N. Y. City.

-Morgan Davis & Co., members of the New York Stock Exchange, announce the opening of an uptown branch office in the Loew's Spooner Bldg., 963 So. Boulevard under the management of Carl F. DeWitt, formerly manager of the Hunts Point office of the American Exchange Irving Trust Co.

—The investment securities business of Frick, Martin & Co. has been acquired by James R. Martin and will be conducted, with the same organization under the name of James R. Martin & Co., at the Pacific-Southwest Bank Building, Pasadena, Calif., and at 647 South Spring St., Los Angeles, Calif.

—Allen S. Richardson, formerly a member of the statistical staff of this paper, and later a member of the firm of Gray, Emery, Vasconcells & Co., investment bankers, has become manager of the Denver office of Camp, Thorne & Co., which is in the U.S. National Bank Building in that city.

—David Cowan, who until recently was in charge of the Statistical Department of the New York Office of Otis & Co., has left New York to take up his residence in Montreal, Canada. He will look over the Canadian public utility field, and will retain his connections with Otis & Co.

—H. E. Petersen, formerly a partner in the firm of J. R. Schmeltzer & Co., announces the formation of H. E. Petersen & Co. The new firm will have offices at 52 William St., N. Y. City, where it will specialize in

-Hamilton F. Biggar, who has been in the Statistical Department of Otis & Co. in their main office at Cleveland, Ohio, has been appointed head of the Statistical Department of this firm's New York City office,

—Announcement is made of the retirement of A. G. Lawson, from Messrs. Hanson Bros., Inc., to become a member of the new firm of W. C. Pitfield & Co., with head offices in the Royal Bank Building, Montreal.

Chesebrough Manufacturing Co., Consolidated, of the Standard Oil Group, is the subject of a special analysis issued by Lage & Co., members New York and Chicago Stock Exchanges, 160 Broadway, N. Y. City.

—Chicago Rock Island & Pacific RR. and Commonwealth Pewer Co. are analyzed in the current issue of the "Granger Financial Review" published by Sulzbacher, Granger & Co., 111 Broadway, N. Y. City.

-Alvin V. Filer has been admitted to the firm of Filer & Co., 39 Broadway, New York City, members New York Stock Exchange and associate members New York Curb Market, as a limited partner

—Cecil Williams, formerly Manager of the statistical department of Theo. Hoffacker & Co. has joined Peter P. McDermott & Co., 42 Broadways N. Y. City, in charge of the statistical department.

-Rhoades & Co., members of the New York Stock Exchange, announce the opening of an uptown office in the General Motors Building, 1775 Broadway, under the management of Philip Hunter Robb.

—Sutro Bros. & Co. have prepared a pamphlet reviewing the Postal Telegraph & Cable Corp. and calling particular attention to the corporation's collateral trust 5% gold bonds due in 1953.

—Harris, Winthrop & Co., members of the New York Stock Exchange, 11 Wall St., N. Y., have prepared a special circular analyzing the Union Pacific Railroad and its investment holdings.

Curtis & Sanger, members New York and Boston Stock Exchanges, 49 Wall St., N. Y. City, have issued a current analysis and quotation pamphlet of bank and insurance company stocks.

-Paul Bauer & Co., 7 Wall St., N. Y., have prepared for distribution to investors a tabulated analysis of leading national banks, trust companies, State banks, and title companies.

—Libaire & Co., members New York Stock Exchange, 74 Broadway, N. Y. City, have issued special circulars describing Safeway Stores, Inc. and Sanitary Grocery Co., Inc.

-Halle & Stieglitz, members of the New York Stock Exchange, announce that Frank G. E. Livingston is now associated with them in their Newark office at 24 Clinton Street.

-Millett, Roe & Co. have prepared a revised circular setting forth the history, earnings and dividend record of the Merchants' Fire Insurance Corp. of New York.

—James Talcott, Inc., have been appointed factor for Young & Exner, 180 Madison Ave., N. Y. City, selling agents for woolen and worsted

-McDonnell & Co., members of New York Stock Exchange, 120 Broadway, N. Y., have issued a special analysis of Public Service Cerp. of

The Equitable Trust Co. of New York has been appointed registrar for the stock of United States Hammered Piston Ring Co.

-W. W. Snyder & Co., 74 Broadway, N. Y. City, announce that D. D. Jackson Jr. has been admitted to membership in their firm.

—The Equitable Trust Co. of New York has been appointed registrar for the capital stock of the Jenkins Television Corp. -The Philadelphia firm of Moyer & Co., which was founded in 1842,

have removed their offices to 1500 Walnut St. -Stein Bros. & Boyce, Baltimore. Md., have prepared a folder discussing

recent developments in Davison Chemical Co. -A. C. Allyn & Co., Inc., announce that John L. Wilson is now asso-

clated with them in the trading department. —Bristol & Willett, 115 Broadway, N. Y. City, have prepared a historical analysis of Scovill Manufacturing Co.

-Salmon, Weed & Co., 39 Broadway, N. Y. City, have prepared a circular on the Claremont Investing Corp.

—Raiph B. Leonard & Co., 25 Broad St., N. Y. City, have issued a report on Bankinstocks Holding Corp. —J. Francis Coogan and Frank Fox have become associated with Detwiler & Co., Inc., 11 Broadway, N. Y.

—Farr & Co. are distributing a circular reviewing the annual report of Cuba Cane Sugar Corp.

—Prince & Whitely, 25 Broad St., N. Y., are distributing an analysis of Southern Pacific Co.

## The Commercial Markets and the Crops

COTTON-SUGAR-COFFEE-GRAIN-PROVISIONS

#### COMMERCIAL EPITOME.

The introductory remarks formerly appearing here will now be found in an earlier part of this paper immediately following the editorial matter, in a department headed "INDICATIONS OF BUSINESS ACTIVITY."

Fri 'ay Night, November 25 1928.

COFFEE on the spot was firm with No. 7 Rio here scarce and consequently not quoted. Some of the trade therefore went to New Orleans. Small sales of No. 4 Santos are being made at 23 to 23½c. and of Victoria at 17½c. On the 19th inst. cost and freight offers were irregular. On the 20th inst. cost and freight offers were unusually plentiful at very irregular prices. On the 21st inst. cost and freight offers were again in unusually large supply with prices irregular. For prompt shipment offers included: Santos Bourbon, 2-3s at 23.40 to 23.90c.; 3s at 22.40 to 23.30c.; ¾s at 22.10 to 22¾c.; 3-5s at 21.65 to 22.20c.; 4-5s at 21½ to 22c.; 5s at 21.15 to 21.60c.; 5-6s at 20½ to 21.45c.; 6s at 20½ to 20¾c.; 6-7s at 19.40 to 20.30c.; 7s at 19 to 19.40c.; 7-8s at 17.10 to 18¾c., part Bourbon 3s at 23¼c.; 3/s at 22.40c.; 3-5s at 20½c.; peaberry 2-3s at 22.80c. to 23¼c.; 3s at 22.40c.; 6s at 20½c.; peaberry 2-3s at 22.80c. to 23¼c.; 3s at 22.40c.; 6s at 20½c.; peaberry 2-3s at 21.15 to 21½c.; 5s at 21.15c.; 5-6s at 21.10 to 21½c.; Rio 7s at 16.60 to 16.85c.; ½s at 16.10 to 16¼c.; Victoria ½s at 15.90 to 16c. As some see it the outstanding features of the present situation are that contract prices continue to be considerably below Street prices, that deliverable grades are in limited supply and that there is a concentrated long interest in both "A" and "D" December contracts, with the result that shorts in that month are becoming uneasy. The market is in a technically strong position, and as we have no reason to doubt Brazil's ability to maintain her policy of orderly marketing, we can see nothing to justify the tremendous discounts at which the distant months are selling. Futures on the 20th inst. advanced 1 to 9 points on Rio with sales of 15,500 bags. Brazilian cables were favorable but Havre fell sharply and to some extent checked

According to Sao Paulo Coffee Institute, the interior stocks in Sao Paulo warehouses and railways on Oct. 31 were 13,669,000 bags, compared with 13,469,000 on Sept. 30 and 11,049,000 on Oct. 31 last year. The visible supply of the world they place at 5,390,465 bags on Nov. 1, against 4,917,119 bags on Nov. 1 last year. Some observe that the country continues a hand-to-mouth buying policy and the invisible supplies are at a low ebb, which should guarantee a steady demand from roasters and jobbers throughout the country. The heavy break in prices for mild coffees amounting to 2c. a pound naturally affected the spot market for Santos through the resulting competition. The market for milds, however, recovered a cent of this loss, but up to a day or two ago, had lost half of this gain. Later prices showed signs of firming up again. European has been buying a good deal of Rio coffee, which would account for the recent firmness of the primary market and the smallness of offerings to this country. The European demand seems to have been satisfied for the present, and both Rio and Victoria are offering more freely and at some concession from recent prices. The deliveries of Brazilian coffee in the United States for the week ending Nov. 17 were 129,775 bags, against 128,933 bags for the preceding week and 197,994 for the corresponding week last year. To-day Rio futures closed 15 to 20 points lower with sales of 32,000 bags; Santos 12 to 20 points lower with sales of 30,000 bags. Final prices show a decline for the week on Rio of 18 to 32 points and on Santos of 3 to 20 points.

Rio coffee prices closed as follows:

Spot unofficial....18¼ | Mar.....14.79@14.80 | July.....13.60@.....

SUGAR.—Of prompt nearby Cuban on the 19th some 120,000 bags were reported sold at 2½c. c. & f. or 3.89c. delivered. Later the asking price was 23-16c. A better business in refined sugar witn a larger area opened to them by the withdrawal of beet sugar interests from markets east of the Buffalo-Pittsburgh line largely explained this sudden buying. Besides Europe was after Cuban raw sugar for shipment from December to March shipment and bidding close to the New York parity. Back of all this too is the fact that stock remaining in Cuba sold and unsold, available for the United States is estimated at only about 350,000 tons. And at the current rate of weekly exports this will be exhausted it is figured before the new crop sugars will be available. Hence despite the December liquidation the tone was firmer. Refined sugar at the opening of the week was quiet so far as new business was concerned but withdrawals were reported very good. The

quotation was generally 5.20c. Futures on the 19th instwere three to five points higher. Europe at first appeared to be selling July. But later the covering of hedges by Cuban and trade interests against sales of actual sugur injected a new note of strength into the market. A beet crop estimate of 1,771,760 tons by the German Factory Association in contrast with Licht's recent one of 1,665,000 tons had no lasting effect. On the 19th inst. sales were 126,000 bags mostly prompt Cuba at 2½c. c. & f. Futures on the 20th inst. ended three to four points higher with sales of 92,600 tons Cuban interests were good buyers especially of December, but including not a little September. Europe bought. The statistics grow stronger under steady European buying. Prompt Cuban was 2½c. bid and 2 13-16c. asked.

Receipts at United States Atlantic ports for the week were 55,300 tons, against 45,996 in the previous week and 37,317 last year; meltings, 60,000, against 65,000 in previous week and 44,000 last year; importers' stocks, 131,389 tons, against 146,692 in previous week and 124,380 last year; refiners' stocks, 79,084 tons, against 68,481 in previous week and 82,981 last year; total stocks, 210,473, against 215,173 in previos week and 207,361 last year. Receipts at Cuban ports for the week were 15,348 tons, against 7,218 in the same week last year; exports, 58,686 tons, against 43,083 last year; stock (consumption deducted), 358,999, against 430,010 last year; centrals grinding, none. Of the exports, 46,499 went to Atlantic ports, 3,090 to New Orleans, 562 to interior of United States, 1,451 to Galveston, 145 to Central America and 6,939 to Europe. Havana cabled: "National Association of Sugar Mills has petitioned the Government to remove the tax of 10 cents a bag on raw sugar during every fortnight in which the average price shall fall below 2 cents a pound. It also has petitioned United Railways, one of the heaviest carriers of sugars, to reduce its rate whenever the price of sugar falls below 2 cents. The Association went on record requesting Cuban Sugar Export Corporation to devote its publicity fund to counteracting the campaign being waged in the United States against Cuban sugars. The Association also has directed its executive committee to report to President Machado on the difficulties encountered in its efforts to obtain authorization from the Haitian Government to import Haitian labor into Cuba during the grinding season." Some say that only about 300,000 tons of this Cuban crop remains in the Islands, and of this about half has been sold and is awaiting shipment. Out of this balance of say 150,000 to 175,000 tons, which it is believed will not be offered for sale in this market, event possibly at higher prices

in this market, except possibly at higher prices.
On the 20th inst. Europe bought 13,000 tons including Cubas or San Domingos for January shipment to the United Kingdom at 10s 1½d equivalent to about 1.97c f.o.b. Cuba and November shipment at 10s 4½d c.i.f. Mediterranean port equal to about 10s 3d c.i.f. United Kingdom or about two cents f.o.b. Cuba. Operators bought f.o.b. sugars and in one case took 7,000 tons for prompt shipment at 2.05c f.o.b. Later a bid of 2.05c was refused. Pacific Coast f.o.b. Later a bid of 2.05c was refused. Pacific Coast refiners were said to want a couple of cargoes of prompt Cubas Meltings have greatly improved, some point out, since the low of July 27, when they were 540,000 tons behind last year, to 340,000 tons to-day. Should they continue inlast year, to 340,000 tons to-day. Should they continue increasing at the present rate, the Atlantic refiners will require, it is said, a further 400,000 tons of centrifugals, to be drawn from the 475,000 tons of Cubas available to this country, 25,000 "duty frees" and the stock of 215,000 tons now held in Atlantic ports, all of which total 715,000 tons. If developments take this course, they add a carryover in Cuba and United States Atlantic ports will remain of about 315,000 tons at the end of the year, against 438,000 last Dec. 31. Some who look for higher prices said that the steady diminu-tion in sugars in warehouses at New York continue; that for the first time since Feb. 28 1928 the quantity in warehouses is less than 1,000,000 bags, and a further reduction is expected that the U.S. Department of Agriculture's recent estimate of the domestic beet sugar crop (802,678 long tons) is considerably at variance with recent opinions relative to the same crop; that it is now apparent that the current domestic beet crop will approximate 925,000 long tons. This is a reduction of only about 40,000 tons from last year's outturn and rear domestic beet companies ar distributing in greatly reduced area compared with last year. London terminal market reported sales last week were 48,000 tons, against 39,300 tons in the previous week. London beet sugar sales last week were 47,700 tons, against 19,800 in the previous week.

Prompt raws sold on the 19th inst. at 2½c. c. & f., or 3.89c. delivered. Two or three cargoes sold at that price. Holders advanced their price to 2 3-16c. c. & f., or 3.96c. delivered after having sold an additional 25,000 bags to the National and 5,000 Porto Ricos at the same price.

The offerings at 2 3-16c. were small. There was a rumor that Savannah bought a cargo of prompt Cuba at 2½c. c. & f. The Sugar Institute, Inc., gave the total melt and deliveries of 15 United States refiners from Jan. 1 up to the week ending Nov. 10 as follows: Meltings, 9,137,014,021 pounds, against 9,947,249,850 pounds in the same time last year; deliveries, 86,084,147 bags, against 90,619,803 bags last year. Stress was laid on the fact that Willett & Gray had issued their first estimate on the world's 1928-29 gray as 26,536,100 tons, an increase over last year of 1,318,551 crop as 26,536,100 tons, an increase over last year of 1,318,551 tons. The Cuban crop figures for 4,900,000 tons and the European beet crop for 8,000,000 tons, or slightly in excess of last year' return. The United States beet crop is estimated at 925,000 tons, or merely 40,000 tons below the outturn of last year, which is in line with the latest estimate of the Meinrath Co., which reports that in view of favorable weather conditions, it has increased its estimate from 883,000 to 927,000 tons. The increase of 1,319,000 tons in the total crop, on top of an increase last year of 1,484,000 tons, was not a surprise. Prices have been discounting it for some time. Some think other factors must govern the future trend of values and with prospects of record production fully realized, they think the outlook favors better prices. It was remarked that much was heard lately about prospects of a change in the sugar tariff which demestic producers will endeavor to have raised for addidomestic producers will endeavor to have raised for additional protection. It does not look very probable that this important issue will be taken up by Congress for some time, but the possibility, it is pointed out, nevertheless exists. It may become an important market factor sooner or later with the small stocks now carried in consumers' hands. Weekly statistics, as published, continue to make a good showing, meltings run well ahead of the corresponding period a year ago and total stocks in the United States and Cuba show a further decrease, and amount now to 992,415 tons, compared with 915,815 tons at this time in 1927. To-day futures closed unchanged to 2 points higher with sales of 115,000 tons; Cuban raws were 2½c. Futures and 2 to 4 points higher than a week ago. period a year ago and total stocks in the United States and ended 3 to 4 points higher than a week ago.

LARD on the spot was steady at one time with prime western 12.25 to 12.35c. Refined Continent, 12%c.; South America, 13%c.; Brazil, 14%c. Prime Western on the 19th inst. was up to 12.35 to 12.45c. with Chicago decidedly higher; Cash, 11.70c. Refined for the Continent, 12%c.; South America, 13%c. Bra il 14%c. Futures advanced to the continent of two points on the 17th inst. closing about unchanged. Hogs in the face of larger receipts were steady. The total receipts at Western points were 39,000 against 29,100 a week previously and 28,000 last year. Futures on the 19th inst. advanced 10 to 20 points with hogs up 10 to 20c. to a top of \$9.35 at Chicago. Hog receipts were not up to expectations coincident with the rains and floods in parts of the West. The receipts are 131,700 against 150,300 a week previously. The sharp rise in cash lard gave a certain stimulus to prices for futures. To-day futures closed 20 to 22 points lower with hogs lower and considerable pressure 22 points lower, with hogs lower and considerable pressure from packers and liquidation. The run of hogs was large. There was a fair cash trade but this apparently had little effect. Western hog receipts were 144,000. Chicago expects 30,000 to-morrow. Final prices on lard show a decline for the week of 20 points.

PORK steady but dull; mess, \$32.50; family, \$34; fat back, \$25 to \$28. Ribs, Chicago, cash, 11.25c., basis of 50 to 60 lbs. average. Beef firm; mess, \$26; packet, \$28 to \$30; family, \$32 to \$34; extra India mess, \$44 to \$46. No. 1 canned corned beef, \$3.10; No. 2 six pounds, South America, \$16.75; pickled tongues, \$75 to \$80 per bbl. Cut meats quiet; pickled hams, 10 to 20 lbs., 20¼ to 20¾c.; pickled bellies, clear, f. o. b., New York, 6 to 12 lbs., 16½ to 16¾c.; bellies, clear, dry salted, boxed, 18 to 20 lbs., 14¼c.; 14 to 16 lbs., 14¾c. Butter, lower grades to high scoring 42½ to 51c. Cheese, flats, 25 to 28½c.; daisies, 24¼ to 27½c. Eggs, medium to extras, 30 to 59c.; premium marks 60 to 64c.

OILS.—Linseed was quiet. Car-lots were quoted at 10.4e. and single barrels at 11.2.e. Cocoanut, Manila Coast, tanks, 8e.; spot, N. Y., tanks, 8%c. Corn, crude, barrels, 10½c.; tanks, f.o.b. mill, 8½c. Olive, Den., \$1.35 to \$1.50. Chinawood, N. Y. drums, earlots, spot, 14½c.; Pacific Coast, tanks, Nov.-Dec., 13c. Soya bean, barrels, N. Y., 12½c.; tanks, coast, 95%c. Edible: Corn, 100-barrel lots, 12c.; olive oil, 2.25 to 2.40; lard, prime, 16c. extra strained winter, N. Y., 14c.; cod, Newfoundland, 67c. Turpentine, 59 to 64½c. Rosin, \$9.60 to \$12.05. Cotton-seed oil sales to-day, including switches, 21,400 barrels. P. crude S. E., 8½c. PETROLEUM.—Early in the week gasoline was cut 2c. by the Atlantic Refining companies in the retail price at Boston. The new price is 18c. The Jenny Manufacturing Co. reduced the price 1c. to 19c. Other refiners are expected to make similar reductions. Gasoline buying was a little more active during the week and U. S. Motor was firm at

11c. refinery and 12c. in tank cars delivered to nearby trade. The unusually warm weather early in the week brought about a noticeable increase in consumption. Jobbing demand was good. In the Gulf the demand was up to expectations. The demand for spot bunker oil was better. Leading refiners quoted \$1.05 refinery, and \$1.10 f.a.s. New York harbor. Fuel oils were in good demand despite the warm weather of late. Diesel oil was steady at \$2. Gas oil was in good demand; 28 plus,  $4\frac{3}{4}$  to  $5\frac{1}{4}$ c. refinery. Kerosene demand was checked to some extent by the warm weather demand was checked to some extent by the warm weather refineries, and 10c. in tank cars delivered to nearby trade. The Gulf market reported a good foreign demand, against previously placed business. Lubricating oils were in good demand. Pennsylvania oils were steady with a better demand. demand. Pennsylvania oils were s mand. Cylinder stocks were firmer.

[Tables of prices usually appearing here will be found on an earlier page in our departments of "Business Indications," in an article entitled "Petroleum and Its Products."

RUBBER.—New York on the 19th inst. ended unchanged to 30 points higher. That was due to a decrease in the London stock and a rise there of 1-16 to ½c. Also the London stock and a rise there of 1-16 to  $\frac{1}{3}$ c. Also the demand was better here. Outside prices were stronger. November on the Exchange here on the 19th closed at 17.70 to 17.80c.; December at 17.70c.; January, 17.90c.; March, 18.10 to 18.30c.; May, 18.50c.; July, 18.70c.; September, 18.90c. and October, 18.80 to 18.90c. Smoked sheets, spot and November, 17% to 18c.; Dec. and Jan.-March, 17¾ to 18c.; April-June, 18¼ to 18¾c.; July-Sept., 18¼ to 18½c.; Spot, first latex crepe, 19¼ to 19¼c.; clean thin brown crepe, 16½ to 16¾c.; specky, 16¼ to 16½c.; rolled 14 to 14¼c.; No. 2 amber, 16⅙ to 16½c.; No. 3, 16¾ to 16⅙; No. 4, 16¼ to 16¾c.; Acre, fine spot, 19 to 19¼c.; coarse, 13 to 13½c.; Acre, fine spot, 19¾ to 20c.; Brazil, washed dried, fine, 25 to 25¼c.; Caucho, Ball-Upper, 12c. In London the stock on the 19th inst. was 20,194 tons against 21,494 in the previous week, 26,477 a month ago, 69,850 a year ago and 44,057 two years ago. London ended on the 19th inst. with spot and November, 8½d.; December, 8 9-16d.; Jan.-March, 8 11-16d. to 8¾d.; April-June, 8¾d.; July-Sept., 9⅓d. Singapore on the 19th inst. advanced 1-16d.; Nov. and Jan.-March., 8 5-16d.; April-June, 8¾d. Some of the buying in December was against sales of later months. On the 19th inst. London closed firm and 1-16d. Some of the buying in December was against sales of later months. On the 19th inst. London closed firm and 1-16d. to ½d. higher with spot-November, 8½d.; December, 8 9-16d.; Jan.-March, 8 11-16d., April-June, 8½d. and July-Sept., 9½d.

New York on the 20th inst. was active and 10 to 30 points higher. United States Consular invoice figures showing exports of 14,834 tons to America for the week ended Nov. 17 or practically the same as the previous one when the total was 14,874 tons, were construed here as both bullish and bearish. London was 1-16 to ½d. higher. Outside prices advanced ½c. the rise not however being in every case. On the Exchange here December closed at 18.80c., January, 17.90c.; March, 18.20c.; May, 18.40c.; July, 18.70c.; September, 18.80c. and October, 18.80c. Smoked sheets, spot and November, 18 to 18½c.; December, 17½ to 18½c.; spot and November, 18 to 18½c.; December, 17½ to 18½c.; July-September, 18¾ to 19c.; first latex crepe, 18½ to 19½c.; clean thin brown crepe, 16½ to 16¾c.; specky, 16¼ to 16½c.; rolled, 13½ to 14½c.; No. 2 amber, 16¾ to 17c.; No. 3, 16½ to 16¾c.; No. 4, amber, 16¼ to 16½c.; Para, Upriver fine spot, 19¼ to 19½c. London, Nov. 20: Spot and November, 8½d.; December, 8½d. to 8 11-16d.; January-March, 8 13-16d. Singapore, December, 8 5-16d.; January-March, 8¾d. On the 21st inst. prices advanced 10 to 30 points after July had dropped 10 points ending unchanged to 10 points higher on that day with sales of 920 tons against 2,232 tons on the 20th. December closed at 17.80c.; January, 17.90 to 18c.; March, 18.30c.; May, at 17.80c.; January, 17.90 to 18c.; March, 18.30c.; May, 18.50 to 18.60c.; June, 18.70c.; July, 18.80c.; and later deliveries, 18.80c. The situation in regard to supply and demand some say is one in favor of increased supply at the moment, but add that this condition is temporary and is due to the expiration of British restriction. Shipments for the the first half of November will probably reach 40,000 tons. It is still highly probable that the aggregate will reach 100,000 tons, at any rate the November and December shipment figures are the key to the situation and it is an argumentative point whether available stocks have been exaggerated or underestimated. Another factor which still remains a problem is whether or not there is an ample supply of off-grades held up-country but not reported. Much depends, it is urged, on how much of the shipment rubber has already been sold.

Importations into the United States for 10 months ending October 31 1928 were 364,861 tons; same time in 1927, 362,693 tons. United States consumption in Sept. this year, 39.900 tons; last year 27,200 tons; Oct., 1928, 40,900 tons; last year 26,800 tons; total for 10 months this year 372,700 tons, against 318,700 last year; Now estimated this against 318,700 Nov. estimated this year, year 35,000 tons, against 26,800 tons last year; Dec. estimated this year 35,000 tons against 25,500 last year; total estimated all this year 442,700 tons, against 371,000 last year. On the 22nd inst. prices here advanced 10 points; Dec. ended at 17.90c.; Jan. at 18c.; sales 952 lots. Outside prices unchanged. Dealers' stocks in Singapore and Penang on Oct. 31st were 12,149 tons, a low figure for recent years, comparing with 14,898 tons at the end of Sept., and 18,971 tons at the end of Aug. London spot and Nov.-Dec. 8 9-16d. Singapore up 1-16 to ½d. on the 22nd; Dec. 8 %d.; Jan.-

er

58 cl st

Mar. 8½d. To-day prices ended 10 points lower to 10 points higher with sales of 869 lots. For the week values show an advance of 20 to 40 points.

HIDES.—Higher prices ruled for River Plate frigorifico and sales were made of 41,000 steers up to \$50. or 23½c on renewed buying by Europe. City packer were quiet owing to the fact that buyers and sellers could not agree as to prices. Packers asked 22½c for native steers, 20½c for butt brands and 19½c for Colorados. Buyers awaited developments in the West. Common dry hides were steady and a rather better demand was noticeable. County hides were in fair demand though actual business was small. hides were in fair demand though actual business was small. Common dry, Cucutas 31½c; Orinocos 30½c; Marcaibo ½c; Central America 30 to 30½c; La Guayra 30½c; Savanilas 29½c; Santa Marta 30½c. New York City calfskins, 5-7s, 2.30 to 2.35c; 7-9s 2.80c; 9-12s 3.80 to 3.85c.

OCEAN FREIGHTS.—Grain rates later were weaker.

OCEAN FREIGHTS.—Grain rates later were weaker. For eargo tonnage there was a fair demand.

CHARTERS included lumber Gulf to Buenos Aires-Montevideo, 150s., Dec.-Jan.; coal, New York to St. John, \$1.50, prompt; Hampton Roads to Halifax, \$1.90, Dec.; grain, 26.000 qrs. Baltimore to Antwerp-Rotterdam, 15c.; Havre-Dunkirk, 17c.; Hamburg-Bremen, 16c., Dec. 10-31; Gould, Piraeus, 23½c., Jan.; 38,000 qrs., Antwerp-Rotterdam, range, 15c. and 15½c., Dec. 5-15; 35,000 qrs. full barley, Antwerp-Rotterdam range, 16c.; Hamburg-Bremen, 17c., Dec. 10-28; wheat, Portland or Puget Sound to United Kingdom-Continent, 34s. 6d.; if Cork, Dublin, or Belfast, 35s., Dec. 20-Jan. 20; wheat, Vancouver to Antwerp or Rotterdam, 31s.; Hamburg, 31s. 9d., Feb. 1-28; wheat, Vancouver to Spanish Mediterranean, 35s. 6d., Dec. 10-28; wheat, Vancouver to Adriatic, 34s. 9d., Mar. 10-31; wheat, Vancouver to Antwerp or Rotterdam, 31s.; Hamburg, 31s. 9d., Feb. 1-28; wheat, Vancouver to Adriatic, 34s. 9d., Mar. 10-31; wheat, Vancouver to Antwerp or Rotterdam, 32s. 6d., late Dec.; lumber, North Pacific to two ports Japan, 39, late Nov.; tankers, clean, Constanza, to two ports United Kingdom-Continent, 9s., 6d., Dec.; clean, California to North Hatteras, 64c., early Dec.; time, trip over, redelivery there, \$1.75; about three months West Indies trade, \$1.30; delivery New York, prompt loading; round trip transatlantic trade, 4s. 6d.; delivery and redelivery United Kingdom-Continent, Nov. loading; New York to three Black Sea ports, 12c. for agriculturals, Dec. 20-31; Detroit, machinery for Cork, 314,000, prompt; sugar, Cuba to United Kingdom-Continent, 19s. 9d., prompt; time, delivery New York, trip across, \$2.75, prompt; West Indies round, \$1.85; grain, 29,000 qrs, Philadelphia to Havre, 16½c., Nov. 21-28; Montreal to Antwerp er Rotterdam, 17c., Nov. 22-Dec. 1; 33,000 qrs. Philadelphia to Havre, 16½c., Nov. 21-28; Montreal to Antwerp er Rotterdam, 17c., Nov. 22-Dec. 1; 33,000 qrs. Philadelphia, redelivery Rhanghai, redelivery River Plate, one trip via Nor

COAL.—Local trade for domestic account was dull at the end of last week in summer-like weather. That was inevitable. That was noticeable in both New York and New Jersey. Job lots of anthracite sold it seems at lower prices. At Hampton Roads the export trade was slow, but the eastern demand there was better. West Indies bunker advanced on actual business. At Hampton Roads the market was said to be firm at \$4.50 for the best low volatile, and at \$4.25 for seconds. Western advices reported low volatile southern lump and egg firmer, stove at \$2 to \$2.50, nut and slack at \$1.25. Hampton Roads nut and slack was quoted at \$3.85. Later non-circular prices owing to temperatures in the upper 60s and 70s declined. Illinois in pre-election week produced 1,290,000 tons the largest total in recent years and only exceeded in Nov. 1926, when the British coal strike was still on. Bituminous New York tidewtaer f.o.b. piers, navy standard \$5 to \$5.25; high volatile steam, \$4 to \$4.30; high grade medium volatile, \$3 to \$5. Anthracite long ton f.o.b. mines company, grate, \$8.25; stove, \$9.10; pea, \$4.50 to \$5; rice, \$1.50 to \$2.25; Egg, \$8.75; nut, \$8.75.

TOBACCO as a rule has been quiet but Porto Rico and TOBACCO as a rule has been quiet but Porto Rico and Sumatra have been in fair demand and also packings of 1927 binders. Stocks in the United States it is said represent 44% of the crop against 80.6% as the 10 year average. Wisconsin binder, 25 to 30c.; Northern, 40 to 45c.; Southern, 35 to 40c.; New York State, seconds, 35 to 40c.; Ohio-Gebbardt binder, 22 to 24c.; Little Dutch, 21 to 22c.; Zimmer Spanish, 30c.; Havana, first Remedios, 90 to 95c.; Second, Remedios, 70 to 75c.; Pennsylvania Broadleaf filler, 10c.; broadleaf binder, 20 to 25½c.; Porto Rico, 60 to 80c.; Connecticut No. 1 second, 1925 crop 65c.; seed fillers, 20c.; medium wrappers, 65c.; dark wrappers 1925 crop 40c.

COPPER was generally quiet but steady. Prices were 16c. delivered to the Connecticut Valley and 164c. c. i. f. Europe. Shipments from the Lake are large with the end of navigation in sight. The Middle West has been buying more freely during the past two weeks. In London on the 20th inst. standard copper was unchanged at £68 3s. 9d. for spot and £8 12s. 6d. for futures; sales, 100 tons spot and 400 futures; electrolytic unchanged at £74 15s. for spot and £75 5s. for futures. Spot standard in London on the 21st inst. advanced 5s to £68 8s. 9d.; futures up 3s. 9d. to £68 16s. 3d.; sales, 100 tons spot and 900 futures; electrolytic unchanged. Later the home demand was fair and export trade somewhat better. Export sales thus far in November are stated at about 60,000,000 lbs. London on the 22nd inst. fell 2s. 6d. on spot to £68 6s. 3d.; futures off 1s. 3d. to £68 15s.; sales, 200 tons spot and 350 futures; electrolytic, £74 15s spot and £75 5s. futures.

TIN was very active and higher. Factors the advance were the heavy consumption of tin in the form of solder in the automobile industry this year and in the tin plate making industry. Sales were made at the local ex-

strengthening effect. Consumers have evidently accepted this price for they are reported to have placed orders for this price for they are reported to have placed orders for first quarter of 1929 and in some cases for quick delivery during the balance of the year. Of late trade has been very quiet. Spot 51½ to 51½; November 51½c; December 51½c; January 50½ to 51c; February 50¾ to 50½c; March 50¾c; April and May 50½ to 50½c. In London on the 22nd inst. spot standard declined £1 5s to £232 10s; futures off 10s to £229; sales 50 tons spot and 550 futures; spot Straits fell £1 5s to £232 10s; Eastern c.i.f. London up 10s to £233 on sales of 225 tons.

LEAD was in good demand and firmer. Prices were 6.17½ to 6.20c East St. Louis. Lead ore was reduced \$3 to \$82. White lead makers cut prices 25 points. European consumption appears to be falling off. Yet American consumers are encouraged by the well sold condition of order books. One consumer is said to have turned away orders for the last fortnight owing to inability to make the desired deliveries. The New York quotation was steady at 6.20c. In London on the 20th inst. prices were unchanged at £21 2s. 6d. for spot and £21 7s. 6d. for futures; sales 100 tons spot and 200 futures. On the 21st inst. spot in London advanced 1s. 3d. to £21 3s. 9d.; futures unchanged; sale 150 tons spot, and 1,200 futures. Later in the week th market was active and firm at 6.35c. here, and 6.17½c. t 6.20c. in the Central West. White lead products declined In London on the 22nd inst. spot £21 3s. 9d.; futures up 2s 6d. to £21 10s.; sales 250 tons spot, and 400 futures.

ZINC was in better demand and steady at 6.25c. East St. Louis. Production is very small and both visible and invisible stocks are low. Zinc ore producers are going back to the six day schedule after having worked 5 days a week for several weeks. In London on the 20th inst. spot advanced 8s. 9d. to £25 2s. 6d.; futures up 6s. 3d. to £25; sales 1,000 tons spot and 950 futures. The demand later on was brisk at 6.25c. for East St. Louis. In London on the 22nd spot £25 3s. 9d.; futures advanced 1s. 3d. to £25 3s. 9d.; futures advanced 1s. 3d. to £25 3c. 9d.; futures advanced 1s. 3d. to £25 2s. 6d.; sales 100 tons, spot and 1,200 futures.

STEEL.—A fair business is being done in some cases in structural material for this time of year. In other cases trade has been quiet. Nowhere is there any real activity. Yet there is said to be more winter building than in former years. Some call there is for material for bridges, colleges, freight houses, hospitals, and other buildings, subway stations, &c. Pittsburgh wired that practically all sheet producers have announced advances in their prices of \$2 per ton on all descriptions of sheets. Some of the mills state that advances are effective at once on prompt business. But it is intimated that not on all orders for delivery after January does the advance apply. Sheets were quoted as follows: Blue annealed, 2c. to 2.10c.; tin mill black plate, 2.90 to 3c.; black sheets, 2.75 to 2.85c.; galvanized, 3.50 to 3.60c.; automobile sheets, 4c. to 4.10c.; long ternes remain at 4c. Some look for wire rods, wire and wire products to be advanced \$2. a ton for first quarter. Nails are now \$2.55, with \$2.65 quoted, but not always paid by consumers. Bars and plates prices will be fixed this week for first quarter. A rise of \$2 per ton is talked of both East and West. Tin plate it is stated has been definitely advanced 10c. a box or about \$2 a ton to \$5.35 per case box, the price to apply for the half year with manufacturing consumers. The rise is due it is declared to be in response to the advancing tendency of steel prices. The plan to reduce the conditional prices are the conditional tendency of steel prices. The plan to reduce the conditional prices are selected to be in the conditional tendency of steel prices. consumers. The rise is due it is declared to be in response to the advancing tendency of steel prices. The plan to reduce the cash discount on tin plate from 2% to ½ of 1% was dropped. Production is gradually falling behind not as rapidly as 10 days ago. There is a loss of 1½% within a week, the general average now being 81% of capacity. The United States Steel Corp. is at 79½% while the independent companies average 82%. The decline is natural for the time of year and by comparison with a year ago the industry is feverishly active. New York iron and steel jobbers find business very satisfactory, though below the volume of October. Shipbuilders are buying more freely than for some time past. But output is falling and the recent decline in iron and steel scrap is not considered 4 a recent decline in iron and steel scrap is not considered a good omen. In Chicago specifying against old contrets was the largest since the beginning of the year.

PIG IRON sold in New York last week to the extent of 15,000 tons much of it for first quarter shipment. Buffalo is quoted at \$17.50 to \$18 though it is claimed that now and then sales from store are made at a higher price than \$18. Virginia iron it is stated, is sold at \$20 at furnace to consumers, but in this district there has been no trade in Virginia iron it is stated. ginia iron for several weeks. This week only a moderate business has been done. This week trade has fallen below that of last week. Moreover less confidence in the stability of present or recently raised prices was shown. There have plate making industry. Sales were made at the local exchange for the first time in weeks when 25 tons of November-December Straits went at 50½c. Other sales included Spot at 50½ to 51½c. Other sales included Spot at 50½ to 50½c. On the 21st inst. the market advanced ½ to 5½c on spot tin and ½c on futures. It is now at the highest level in six months. Prices were 51¾ to 51½c for spot and 51¼c for futures. The settlement of the price of tin plate at \$5.35 for the next year had a since Buffalo iron in Jersey at under the nominal prices and since Buffalo iron in Jersey storage was sold in some cases at a decline. This naturally made for more or less unsettlement in the East. Birming-ham advanced to a new and higher level was at \$16.50 for No. 2 foundry. Youngstown reported basic iron \$18, against \$18.50 to consumers a few weeks ago. Cleveland reported sales last week as 50,000 tons. A good business was reported in other parts of the Central West, i. e., Chicago, St. Louis. been reports that Eastern Pennsylvania iron had been sold

Eastern trade was a bit slow on the whole with prices apparently rather weak.

WOOL.—Late last week Boston reported that domestic 58-60s, wools were advancing slightly with sales being closed at the top of the ranges recently quoted. Ohio 58-60s, strictly combing is bringing 52. in the grease. Territories of this grade and class sell readily at \$1.08 to \$1.10, scoured basis, while sales have been reported at \$1.12, scoured basis. The French combing 58-60s, territory is strong at \$1.02 to \$1.05 and asking prices on some offerings have been advanced 2 to 3c. a pound on a scoured basis. At Wellington on Nov. 16, 7,800 bales were offered and 7,600 sold. Little merino was offered. Demand good; prices closed firm. Cross-breds 56-58s, sold at 18½d. to 22¾d.; 50-56s, 17½ to 20½d.; 48-50s, 16 to 20d.; 46-48s, 14 to 18d.; 36-40s, 12 to 15½d. Carpet wool was in less demand in Boston. Stocks are not large of spot wools in the seaboard markets. Offerings of China wools have not been large and have been at strong prices. A moderate business is being done in Egyptian and Chinese filling wools in Boston chiefly at 42 to 43c. clean basis, for the average wools and at about 44c. for the best white wools. East Indies have met with some demand, and good Kandahar wools shrinking about 18% have sold at 45c. clean basis. Cordoban wools have sold at about 25c. for choice wools, estimated to cost clean basis. Ohio and Pennsylvania fine delaine, 45 to 46c.; ½-blood, 51 to 52c.; %-blood, 55 to 56c.; ½-blood, 54 to 55c.; Territory clean basis, fine staple, \$1.12 to \$1.14. Texas fine 12 months, \$1.10 to \$1.12; pulled "A" super, \$1 to \$1.05.

Buper, \$1 to \$1.05.

Boston comment on the Wellington sale on the 16th inst. was that the opening of the New Zealand wool season at the sale at Wellington was accompanied by high prices. England was the big buyer, America taking little. Prices paid for super wools were equivalent on a clean landed basis, in bond at Boston to about \$1c. for 56-58s; 76c. for 50-56s; 50s for 48-50s; 52c. for 44-46s; 49c. for 40-44s and 48c. for 36-40s. A strong market was predicted for Napier on Nov. 20th. Imports of wool into the United States during August 1928 were: clothing wool in grease on skin and washed, 1,582,624 lbs.; scoured, 385,134 lbs.; combing wool in grease, on skin and washed, 3,697,558 lbs.; scoured, 115,907; hair of angora goat, 852,672. Boston on Nov. 22nd wired this Government report: "Advanced asking prices are tending to lacken trade in the wool market. Firms that are accepting prices quoted last week are selling readily, while those which have advanced quotations find business slow. Graded strictly combing territories 64s and finer wools are bringing \$1.10 to \$1.15, scoured basis, and French combing \$1.07 to \$1.10, scoured basis. Original bag Montana wools are bringing \$1.08 to \$1.10 scoured basis for bulk French combing wools with an edge of strictly coming wools."

with an edge of strictly coming wools."

At Sydney and Melbourne, Australia, on Nov. 20 prices were firm. Japan was the leading buyer of wool still both in Melbourne and Sydney, closely followed by Continental Europe. Yorkshire and America bought little. At Sydney the selection was good and mostly merinos. At Melbourne there was a fairly good selection both of merinos and crossbreds. Cape prices were somewhat stronger. River Plate prices are reported steady. Montevideo offers fine crossbreds fully up to any this season. Many here and in Boston eagerly awaited the opening of the Colonial sale on Thursday the 22d inst. At Geelong on Nov. 22 the week's sales closed with 92% of the offerings of 21,000 bales sold. Compared with sales on Nov. 11, greasy merinos and comebacks were unchanged, crossbreds favoring sellers. Skirtings were somewhat higher. Merinos brought 31¾d.; comebacks 28d.; merino lambs, 33d. In London on Nov. 20 the final series of Colonial wool auctions this year opened. Offerings total 116,000 bales at present. It was arranged to close Dec. 5. Large attendance of home and foreign buyers. Demand good. Offerings of 6,710 bales was mostly cleared. Compared with preceding auctions, prices of merino were 5% higher and slipe crossbreds 5 to 10% higher. A small supply of Cape best was withdrawn at firm limits, the quantity sold being insufficient to test values.

being insufficient to test values.

Details:—Sydney, 1,735 bales; scoured merinos, 36 to 39½d.; greasy, 21 to 26d. Queensland, 1,556 bales; scoured merinos, 30 to 44½d.; greasy, 14½ to 22d. Victoria, 397 bales; scoured crossbreds, 20 to 38½d. South Australia, 202 bales; greasy merinos, 21½ to 24d. West Australia, 166 bales; greasy merinos, 17½ to 20d. New Zealand, 2,482 bales; scoured merinos, 40 to 43d.; scoured crossbreds, 24 to 38d. Cape, 165 bales; greasy merinos, 12½ to 13d. Victoria scoured comeback sold at 39½ to 41d.; New Zealand slipe crossbred sold at 14½ to 27½d.

In London on Nov. 21 offerings 9,868 bales. Demand brisk. Home and Continental buyers took part. Opening prices firmly maintained. New Zealand crossbred sold 5 to 7½% above preceding auctions, best 50-56s realizing 20½d.; 50s, 19d.; 48s, 18½d.; 46s, 16½d.; shabby, 46s, 14¾ to 16d. Cape par was 5% above that at the September sales

Details:—Sydney, 3,222 bales; scoured merinos, 38½ to 41d.; greasy, 15 to 27d. Queensland, 1,142 bales; scoured merinos, 37 to 47d.; greasy, 19 to 20½d. Victoria, 1,430 bales; scoured merinos, 36 to 43d.; greasy, 25½ to 29½d. West Australia, 268 bales; greasy merinos, 22½ to 24½d. New Zealand, 3,151 bales; greasy crossbreds, 14¾ to 20½d. Cape, 607 bales; scoured merinos, 32½ to 39d.; greasy, 12 to 17d. New Zealand crossbred slipe sold at 14½ to 28d.

In London on Nov. 22 offerings 8,137 bales of Colonial and 3,223 bales of English. Demand good from British and Continental buyers. English wool sold at 10% above September sales. New Zealand crossbreds, mostly slipe, and a few greasy lots of 50s realized 18½d.; 48s, 18d.

Details:—Sydney, 1,124 bales; greasy merinos, 18½ to 28d. Queensland, 1,967 bales; scoured merinos, 32½ to 45d.; greasy merinos, 15 to 21½d. Victoria, 925 bales; scoured merinos, 35 to 38d.; greasy merinos, 28 to 31d. South Australia, 552 bales; scoured merinos, 41 to 43d.; greasy merinos, 15½ to 24d. West Australia, 1,304 bales; scoured merinos, 33½ to 40d.; greasy merinos, 16 to 24d. New Zealand, 1,668 bales; greasy cross breds, 16½ to 18½d. Cape, 311 bales; scoured merinos, 30 to 38d.; greasy, 13½ to 16d. Falklands, 269 bales; greasy crossbreds, 15 to 19½d. New Zealand slipe sold at 17½ to 30d. Prices for Falklands were 5 to 7½% above September. English best washed realized 25d.; greasy, 22½d.

SILK closed 1 point lower to 2 higher, with sales of 505 bales. November closed at 5.09c. and December-January 5.06 to 5.07c.

#### COTTON

Friday Night, Nov. 23 1928.
THE MOVEMENT OF THE CROP, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 351,505 bales, against 351,467 bales last week, and 396,001 bales the previous week, making the total receipts since Aug. 1 1928, 5,272,666 bales, against 5,005,737 bales for the same period of 1927, showing an increase since Aug. 1 1928 of 266,929 bales.

\* Beginning with the season of 1926, Houston figures include movement of cotton previously reported by Houston as an interior town. The distinction between port and town has been abandoned.

The exports for the week ending this evening reach a total of 267,878 bales, of which 63,340 were to Great Britain, 25,092 to France, 104,381 to Germany, 14,536 to Italy, nil to Russia, 42,862 to Japan and China and 17,667 to other destinations. In the corresponding week last year total exports were 154,503 bales. For the season to date aggregate exports have been 3,263,575 bales, against 2,913,950 bales in he same period of the previous season. Below are the exports for the week:

Note.—Exports to Canada,—It has never been our practice to include in the above table reports of cotton shipments to Canada, the reason being that virtually all the cotton destined to the Dominion comes overland and it is impossible to get returns concerning the same from week to week, while reports from the customs districts on the Canadian border are always very slow in coming to hand. In view, however, of the numerous inquiries we are receiving regarding the matter, we will say that for the month of October the exports to the Dominion the present season have been 32,444 bales. In the corresponding month of the preceding season the exports were 17,105 bales. For the three months ended Oct. 31 1928 there were 50,958 bales exported, as against 35,960 bales for the corresponding three months of 1927.

In addition to above exports, our telegrams to-night also give us the following amounts of cotton on shipboard, not cleared, at the ports named:

|                                                                       | 2                                      |         |                            |                            |                                       |         |                                     |

Speculation in cotton for future delivery has been much more active at rising prices, owing to a steady trade demand and larger buying by the outside public following the ginning statement. Many did not think it presaged a crop as large as 14,133,000 bales, the Government estimate on Nov. 8. Up to Nov. 14 the total was 11,320,302 bales against 10,160,907 bales up to Nov. 1, 10,894,912 bales up to Nov. 14 last year and 12,956,444 in 1926. That meant ginning during the period of Nov. 1 to Nov. 14 of 1,159,395, against 973,-000 in the same period last year, 1,701,000 in 1926, 1,040,000 in 1925 and 1,446,000 in 1924. The previous private estimates on the total were some 11,197,000 to 11,330,000 bales, an average of about 11,265,000 bales or something under the actual figure. But on the other hand, the opinion was quite general that Texas will not gin the Nov. 8 crop estimate of 5,150,000 bales; the ginning up to the 14th inst. was 4,098,-000 bales; nor will Oklahoma gin a crop of 1,180,000 bales, it is thought, with ginning thus far of 832,971 bales; nor North Carolina gin 885,000 bales, with the total up to Nov. 14,615,902 bales. As to just how far short of the crop estimate of 14,133,000 bales the ginning will fall, there is a difference of opinion. The consensus seems to be that the actual yield will be 14,000,000 bales or less. Meanwhile, too, the estimates of the world consumption of American cotton tend to increase. At one time this season it was assumed that it would be half a million bales less than last season when the total was 15,502,000 bales. Now some think it will nearly or quite equal that of last year's. Some think that 80% of the crop had been ginned up to Nov. 14 against 85.2 to the same date last year, 73 in 1926, 76 in 1925 and 81.8 in 1924. The average for four years ending Nov. 14 1927 was 79%.

The weekly weather report stated that picking the remaining cotton crop made good advance in most portions east of the Mississippi River, especially in the Northeast portion of the belt, but over the northwestern portion conditions were decidedly unfavorable. In Arkansas frequent rains delayed harvest. Little progress was made in northern Texas, because of cloudiness and wet weather, and there was additional loss by high wind. Development has been stopped by freezing weather in the western half. In Oklahoma staple was damaged by heavy rains, with picking suspended during most of the week. Undeveloped cotton was killed by freezing weather in New Mexico. Frost closed the growing season in Arizona and picking was interrupted by rain in California.

To-day prices opened higher with the cables firmer and with buying by Wall Street, the West and local shorts. Worth Street reported a better trade in print cloths. Man chester had a better tone. The sales of cloth to India were larger, and yarns were stronger. Spot markets were reported firm, with Europe and Japan buying. Of late the basis has been inclined to be somewhat firmer. All the foreign markets were higher, especially Alexandria, Egypt, where it was up some 50 to 83 points. Speculation here at-It has increased noticeably this tracts more attention. Western orders have been coming in. Wire houses are larger buyers. Wall Street was buying here to-day as well as the West and Liverpool. Speculative sentiment is encouraged by the rise in seats to \$550,000 on the New York Stock Exchange and to \$45,000 on the Chicago Board of Trade and to \$34,000 at New York Cotton Exchange. The "into-sight" total was expected to show a decrease. The statistical position is by many considered strong. The exports keep far ahead of those of a year ago. Estimates of the world's consumption of American cotton range from 15,000,000 to 15,500,000 bales; exports from 8,500,000 to 9,000,000 bales against 7,830,000 last year. Of late, the weather has been very cold at the South. To-day heavy and wide-spread frost was reported over the belt. But later in the day came liquidation of December in anticipation of the notices on Monday. This, with week-end profit-taking, caused a reaction of 15 to 20 points from the early high The Southwest was considered quite a large seller and there was selling by local New Orleans and Wall Street, interests. Moreover, the spinners takings fell off for the week. That was something of a damper. Moreover, the recent advance has been quite sharp. In a week it has amounted to \$4.50 to \$5.00 a bale. It was argued that some reaction was due. Final prices show an advance for the week of 83 to 89 points. Spot cotton closed at 20 50c. for middling, an advance of 85 points as compared with last week.

The following averages of the differences between grades, as figured from the Nov. 22 quotations of the ten markets designated by the Secretary of Agriculture, are the differences from middling established for deliveries in the New York market on Nov. 30:

THE VISIBLE SUPPLY OF COTTON to-night, as made up by cable and telegraph, is as follows. Foreign stocks as well as afloat, are this week's returns, and consequently all foreign figures are brought down to Thursday evening. But to make the total the complete figures for to-night (Friday), we add the item of exports from the United States, including in it the exports of Friday only.

| meruding in it the exports of                                                   | T T. TIMM               | y omy.             |                                 |                               |

INDIAN COTTON CROP ESTIMATE.—Under date of Calcutta, Oct. 18, the Indian Government issued its second cotton forecast for the crop of 1928-29. The report in part

This forecast is based upon reports furnished by the undermentioned provinces and States which comprise the entire cotton area of India. It generally relates to sowings made up to Oct. 1.

The total area so far reported this year amounts to 21,700,000 acres, as compared with 20,592,000 acres at the corresponding time last year, or an increase of 5%.

Weather conditions have been generally favorable, and the present condition of the crop is, on the whole, reported to be good. The detailed figures for the previnces and states are given below:

ACTIVITY IN THE COTTON SPINNING INDUSTRY FOR OCTOBER.—Persons interested in this report will find it in our department headed "Indications of Business Activity," on earlier pages.

COTTON GINNING REPORT.—The Bureau of the Census on Nov. 21 issued the following report showing the number of bales of cotton ginned in each of the cotton-growing States the present season up to Nov. 14, in comparison with account of the contraction of the cont parison with corresponding figures for the two preceding seasons. It appears that up to Nov. 14 1928, 11,320,302 bales of cotton were ginned, against 10,894,912 bales for the corresponding period a year ago, and 12,956,444 bales two years ago.

REPORT ON COTTON GINNING. Number of bales of cotton ginned from the growth of 1928 prior to Nov. 14 1928, and comparative statistics to the corresponding date in 1927 and 1926.

Running Bales (Counting round as half bales and excluding linters).

\* Includes 88.761 bales of the crop of 1928 ginned prior to Aug. 1 which was counted in the supply for the season of 1927-28, compared with 162,283 and 47.770 bales of the crops of 1927 and 1926.

The statistics in this report included 440,960 round bales for 1928; 401,020 for 1927, and 427,323 for 1926. Included in the above are 16,145 bales of American-Egyptian for 1928; in this report are subject to correction when checked against the individual returns of the ginners being transmitted by mail. The corrected statistics of the quantity of cotton ginned this season prior to Nov. 1 are 10,164,334 bales.

Consumption, Stocks, Imports and Exports—United States.

Cotton consumed during the month of October 1928 amounted to 618,-788 bales. Cotton on hand in consuming establishments on Oct. 31 was 1,194,961 bales, and in public storage and at compresses 4,635,981 bales. The number of active consuming cotten spindles for the month was 30,-315,086. The total imports for the month of October 1928 were 27,840 bales and the exports of domestic cotton, excluding linters, were 1,240,-702 bales.

World Statistics. World Statistics.

The estimated world's production of commercial cotton exclusive of linters, grown in 1927, as compiled from various sources is 23.370.000 bales counting American in running bales and foreign in bales of 478 lbs. lint, while the consumption of cotton lint (exclusive of linters in the United States) for the year ending July 31 1928, was approximately 25.285.000 bales. The total number of spinning cotton spindles, both active and idle, is about 165.000.000.

WEATHER REPORTS BY TELEGRAPH.—Reports to us by telegraph this evening indicate that the weather during the week has been decidedly unfavorable for gathering the erop in many sections of the cotton belt. In Arkansas

frequent rains delayed picking. Little progress has been made with this work in Northern Texas because of cloudiness and wet weather. Elsewhere in the Western Section of the belt development has been stopped by freezing weather. early part of the week good progress was made with picking and ginning in the Eastern portion of the cotton belt, but this work has been hampered by freezing and wet weather the latter part of the week.

#### BREADSTUFFS

Friday Night, Nov. 23 1928.

Flour was in much the same state as to the condition of trade that it has been for weeks and in no very different position as to prices. The mill output was said to be moderate so that feed quotations were noticeably firm especially for spot and early delivery. The offerings for such deliveries were so small as to attract attention. New export business was on a moderate scale for Europe and South America. Late last week, it is true, there were rather large clearances for Europe and Egypt.

Curiously enough, while recent reports have persisted in the statement that there was only a moderate export business, where there was any at all, the export clearances from New York last week were the largest for any week for a long time. They were approximately 193,000 sacks and 560 bbls. against 93,000 sacks and 791 sacks in the same week last year. It was said, however, that a goodly percentage was Canadian.

Wheat has declined, with little expert trade. On the 17th inst. prices declined ½ to %c. after a small advance early, that is, ¼ to %c., with rather firm cables. But later liquidation set in. The President's speech over the radio was regarded as disclosing nothing new. Liverpool closed unchanged to ½d. lower in a dull market and an expectation of large world's shipments on Menday. Here the shipments were expected to approximate 20,000,000 bushels and the stock afloat, showing a similar increase. Buenos Aires closed unchanged to ½c. higher, with the weather there reported generally clear. The weather in the Northwest was clear and somewhat warmer. In the Southwest further rains were noted and, while these were regarded as beneficial for the winter wheat, it is true a continuance of rains would be detrimental. An entomological survey of the northern half of Kansas found Hessian fly eggs in abundance on young plants in Trego and other counties.

northern half of Kansas found Hessian fly eggs in abundance on young plants in Trego and other counties.

On the 19th inst. prices fell as bulls got a surprise in an increase in the United States visible supply. They seemed to think that the peak of the movement had not passed or else that the cash demand was slow. The increase was else that the cash demand was slow. 1,333,000 bushels against a decrease in the same week last year of 1,062,000 bushels. The already big total was increased to 135,254,000 bushels against 89,721,000 a year ago. Prices closed ½ to %c. net lower after an early rise of % to ¼c. on steady cables, rains in northern Argentina, a rather better demand in Liverpool for Manitoba and rumors of increasing trouble among the peasants of Russia due to Government requisition of this grain. Of course, the rumors of a "revolution" in Russia were unfounded, but trouble seems to be brewing; certainly there are persistent reports of peasant discontent. The smoldering dissatisfaction may yet, it is feared, flame up into something more serious. The reaction later of 1 to 1½c. was traceable to fine weather in the Southwest, some pressure in the northwestern markets, large primary receipts at the leading primary points, sales of only 400,000 bushels for export and, as already stated, the increase in the visible supply. Also there was selling on the very large Canadian marketings, which since Aug. 1 to Nov. 16 amounted to 322,000,000 bushels or

about 82,000,000 bushels larger than last year. Cash interests bought December and sold March and May. Mills take choice milling grades, but ignore the medium and ordinary. Some in Chicago contend that visible wheat stocks in all positions are so large that a normal world consumption cannot cope with them. Yet consumption this year will be unusually large. Wheat, because of its cheapness and low quality in many sections, combined with the comparatively scarcity and dearness of feed grains, will be fed to an unusually large extent. There will be wastage and stor-

ing away, as usual in years of plenty.

On the 20th inst. prices ended \( \frac{1}{2}\) to \( \frac{3}{4}\)c. higher largely because of a rise in corn of 1\( \frac{1}{2}\) to 1\( \frac{3}{4}\)c. with some talk of a better export demand for Manitoba. Export sales were estimated at 350,000 bushels in all positions, including 100,-000 No. 2 hard at the Gulf. Liverpool raised the estimate on world requirements to 880,000,000 bushels or 56,000,000 more than previously. World's shipments so far this season have been in excess of last year, without creating any large stocks there. This certainly looks suggestive. Canadian movement continued large and stocks in the American Northwest show a further increase. Advices say that collections of grain in Russia during October exceeded last year's. Since July 1 this year, 4,000,000 tons of grain have been collected, which is about the same as a year ago, but smaller than two years ago. Transportation in Siberia and Ural Mountains is very inadequate with the result that the food situation continues to be acute. There is much congestion of grain in all Eastern districts.

The 1928 wheat crop of Australia which is now beginning to be harvested is placed at 150,000,000 bushels. That is lower than early unofficial ones which ranged from 165,-000,000 to 200,000,000 bushels, but it is about 33,000,000 bushels above the latest estimate of last year's crop of A record acreage was sown this year, but drought in the important Eastern and Southern areas of Australia cut down the yields materially. Stocks from the present crop appear to be almost exhausted and will probably be entirely used up before the new crop begins to come on the market says the Bureau of Agricultural Economics.

To-day prices closed unchanged to \( \frac{1}{4}c. \) lower at Chicago. Minneapolis was unchanged to 1/8c. lower and Winnipeg was down % to %c. Bearish factors were the disappointing cables, lower corn prices, and selling by the Northwest. The weakness in Winnipeg also had some effect. At one time prices advanced on reports of damage in South Argentine from hot winds and commission house buying and covering. India was reported to be buying. The Australian crop was estimated at 160,000,000 bushels, or 8,000,000 more than the Government estimate. The world's visible supply on Nov. 1 was put at 424,240,000 bushels against 317,840,000 in the previous month and 299,280,000 a year ago. Some inquiries were reported for Gulf wheat. Export sales were estimated at 500,000 bushels mostly Manitobas. Black Sea shipments this week were 232,000 bushels. Argentine exports were estimated at 2,389,000 bushels against 1,750,-000 last year. Final prices show an advance of 1/sc. on December as compared with a week ago, but are % to %c. lower on other months.

Indian corn has changed but little with no export business and signs now of better weather. European cancellation of old export business have been a feature. On the 17th inst. the market was irregular, advancing early some %c. owing to rains and then declining on a forecast of cold and clearing weather. Fair weather would naturally favor husking and marketing. The corn market was largely a weather affair with the cash demand also a noteworthy fac-The speculation in the meantime was small. Weekend liquidation told to some extent. On the 19th inst. prices advanced early ½c. on rains at the West, higher cables and rumors of European demand abroad for American mixed corn. But later in the day came a drop of 1c. from the top, owing to an increase in the United States visible supply of 772,000 bushels, a forecast of cold and clearing weather and larger country offerings. The industries were the best buyers of cash corn. Receipts were fair. No export business eported. Some cancellations were rumored. Shippers and elevator companies bought little.

On the 20th inst. prices advanced 11/2 to 13/4 c. as Europe will require 129,000,000 bushels of American corn this season of which 95,000,000 bushels remain to be bought. Moreover, rains and snows at the West had a bullish effect. Country offerings remained very light. Clear, cold weather was needed. The outside markets were said to be paying higher prices than Chicago. To-day prices closed ½ to %c. lower with the weather favorable, cash demand limited, and liquidation general. It was reported that 1,000,000

bushels or more were cancelled by foreigners the past few days. Realizing of profits and buying against privileges together with light country offerings checked the decline, Argentine exports this week were estimated at 3,858,000 bushels against 5,016,000 a year ago. Final prices show an advance for the week of \%c. to \%c.

Oats have advanced with a steady cash trade. On the 17th inst. prices ended unchanged to \( \frac{1}{2} \text{c} \). higher, braced by the steadiness of the cash market and the absence of selling pressure on futures. The United States visible supply increased last week 342,000 bushels against a decrease last year of 137,000 bushels. The total is now 14,532,000 bushels against 23,333,000 a year ago. The cash demand was brisk. Futures on the 19th inst. were ¼ to ½c. higher early and reacted only slightly in the later trading. On the 20th inst. prices ended unchanged to ¼c. higher. Cash demand was brisk. No signs of a larger crop movement appeared. And the rise in other grain had some effect.

To-day prices ended unchanged. Commission house buying and short covering caused an early rise with prices touching new season's highs. The cash market was stronger. The weakness of other grain and general selling caused a set-back. Cash demand was rather light. The movement was only fair and the weather was cool over the West. Final prices show an advance for the week of 11/4c.

May 46¾ 46½ 47 47¾ 47½ 

Rye prices have followed those for wheat pretty closely. On the 17th inst. prices ended ½c. lower in sympathy with a similar decline in wheat. On the 19th inst. prices advanced slightly and then reacted about 1c. from the early high, owing to a set-back in wheat prices. The United States visible supply increased last week 469,000 bushels against 55,000 last year. The total is 5,572,000 bushels against 2,640,000 a year ago. On the 20th inst. buying of futures was said to be partly against sales for export. No actual export business was reported. Prices advanced % to %c. To-day prices closed %c. lower to ¼c. higher with demand rather small. The weakness of wheat and the slowness of export trade had a depressing effect. The cash market however was steady. Final prices show no change on December for the week, but other months are 1/8 to 1/4c.

WEATHER BULLETIN FOR THE WEEK ENDED NOV. 20.—The general summary of the weather bulletin issued by the Department of Agriculture, indicating the influence of the weather for the week ended Nov. 20 follows:

influence of the weather for the week ended Nov. 20 follows:
At the beginning of the week an area of high pressure overspread the country east of the Mississippi River, with attendant low temperatures, but at the same time two centers of low pressure prevailed over the western States, with precipitation reported from widespread sections of the West and Southwest. On the succeeding days of the week these "lows" moved eastward, bringing warm weather for the season to the East and further rains to the far Southwest as well as the trans-Mississippi areas. On the morning of the 17th the far western "lows" was central over Missouri, attended by widespread precipitation over the central valleys, while there were some additional light rains er snows over the N9rthwest.

Following the passage of this storm it was generally much cooler in central sections and an area of high pressure obtained over the northern Great Basin with much colder weather prevailing west of the Rocky Mountains. On the 19th a rather shallow depression was reported over the central Appalachian Mountains, with attendant precipitation in most sections west of the mountains to the Mississippi River, and following this, much cooler weather overspread the East at the close of the week; it was somewhat colder also over central and western portions of the country, but there was a reaction to warmer west of the Rockies.

Chart I shows that the week, as a whole, was abnormally warm east of the Rocky Mountains, and much colder than normal over the far Southwest and the Great Basin. The temperatures were especially high for the season in the Ohio Valley and Atlantic Coast States where the weekly means ranged from 6 deg. to as much as 15 deg. above normal, while in most trans-Mississippi States they were from 3 deg. to 8 deg. above. On the other hand, a considerable area, comprising the Great Basin States, Arizona,

and New Mexico, shows an average temperature for the week of 3 deg. to 6 deg. subnormal. In the East, freezing did not extend farther south than western North Carolina, while in the trans-Mississippi area the freezing line extended only to central Arkanasa and west-central Texas. The coldest weather of the season, however, was reported from some Rocky Mountain districts and other western localities, with the first-zero temperatures at first-order stations occurring in portions of Colorado and Wyoming. Chart II shows that rainfall was heavy to excessive over a belt extending from Oklahoma and southern Kanasa northeastward to northern Illinois and the western portion of the Lower Peninsula of Michigan; in this area the weekly totals ranged from 2 to more than 8 inches. Elsewhere the amounts were generally light to moderate, with very little rainfall reported from the Atlantic Coast States and much of the far Southwest. Generous falls occurred, however, in most Pacific districts, and in some Rocky Mountain sections.

The heavy to excessive rains that occurred in parts of the interior valleys and the southern Plains States were generally unfavorable for agricultural interests, especially for gathering corn, while local damage from floods occurred, the latter principally in eastern Kansas. Elsewhere, while seasonal farm operations were interrupted by rain to some extent in a number of localities, the week was generally favorable for outdoor operations, especially over the eastern third of the country. In the more western States, the abrupt change to colder weather was rather hard on livestock, but the storms were not severe, as a rule, and no materially damaging low temperatures occurred.

Showers in the upper Ohio Valley, Atlantic Coast States, and east Gulf districts were helpful to winter grains and fall truck crops in southern sections, but more moisture is needed in parts of the south Atlantic area, while the warm weather was unfavorable for citrus fruit in Florida. A general freeze overspread much of the South

able in the main winter wheat belt, with the crop making satisfactory advance in nearly all sections. The harvest of rice has been practically completed, and conditions were mostly favorable for winter oats in the Southern States.

CORN AND COTTON.—In the interior valley States the weather was less favorable for husking corn than has prevailed recently, as interruption was caused by frequent rains, especially in the Mississippi Valley and southern Great Plains; there was some damage by flooding, while high winds blew down more corn in lowa and leveled shocks in the western Lake region. In the northern Great Plains, the upper Ohio Valley, and generally in the Atlantic Coast States, conditions were mostly favorable for outside work, and husking made good progress.

Picking the remaining cotton crop made good advance in most sections east of the Mississippi River, especially in the northeastern portion of the belt, but over the northwestern portion conditions were decidedly unfavorable. In Arkansas frequent rains delayed harvest. Little progress was made in northern Texas, because of cloudiness and wet weather, and there was additional loss by high winds; development has been stopped by freezing weather in the western half. In Oklahoma staple was damaged by heavy rains, with picking suspended during most of the week. Undeveloped cotton was killed by freezing weather in New Mexico, frost closed the growing season in Arizona, and picking was interrupted by rain in California.

The Weather Bureau also furnishes the following resume

The Weather Bureau also furnishes the following resume of the conditions in the different States:

Virginia.—Richmond: Temperatures high until close of week, when blder; rainfall light. Warm weather favorable for drying corn in shock of for husking. Rainfall beneficial for winter wheat, which is in good and the bloom week generally favorable and farm work well advanced in ctions

most sections. Week generally lavorable and work with a wind went most sections. North Carolina.—Raleigh: Most of week fair and mild. Very favorable for gathering crops and other farm work. No general killing frost yet in east: two weeks late. Truck doing well. Small grains need rain in portions of west.

South Carolina.—Columbia: Unseasonably warm most of week, which closed decidedly colder, with light rains. Winter cereal plowing and planting continue, but generous rains needed to promote more rapid germination. Cotton picking confined principally to gleaning. Sweet potatoes practically all harvested. Fall truck on coast in good condition.

Georgia.—Atlanta: Favorable week, mostly light rain. Cotton and other crops mostly harvested. Winter cereals sown. Fall crops mostly very good.

good.

Florida.—Jacksonville: Dry and sunshiny most of week; cooler than usual fore part and last day in extreme north and west. Recently-planted oats up to good stand, except some localities where germination delayed as a result of dry soil. Mild temperatures unfavorable for citrus fruits and need of rain becoming urgent on some uplands of central.

Alabama.—Montgomery: Unseasonably warm until near close and mostly fair favorable for harvest. Needed rains occurred latter part. Reclaiming cotton opened rapidly in parts of north. Corn harvest continues in north. Syrup making progressing in south Oats good stand; growing nicely. Growing season practically ended in north by frosts latter part of last week.

nn north. Syrup making progressing in south. Oats good stand; growing nicely. Growing season practically ended in north by frosts latter part of last week.

Mississippi.—Vicksburg: Moderate precipitation; unseasonably cold at beginning and end of week, but other days abnormally warm. Housing crops practically completed. Frost throughout on 20th; damage probably slight. Progress of gardens, pastures, and truck generally fair.

Louisiana.—New Orleans: Unseasonably warm first part, with sharp change to colder near end, accompanied by generous rains in southeast, but still too dry in some other sections. Many cotton gins closed for season and harvest of rice and corn practically finished. Cane harvest proceeding rapidly; cool weather excellent for further ripening; tonnage generally heavy and sugar yield high.

Texas.—Houston: Fore part of week warm; latter part cold, with hard freeze in western half and light frost nearly to coast. Rainfall heavy in Panhandle. Pastures, wheat, oats, and truck favorably affected and condition fair to good. Citrus late and ripening slowly. Picking cotton delayed by cloudiness and rain in north, where some loss by high winds; development stopped by freeze in western half.

Oklahoma.—Oklahoma City: Damp and cloudy, with frequent rains; precipitation heavy to excessive. Freezing at close of week: farm work practically suspended. Cotton damaged by heavy rains and picking suspended most of week. Harvesting corn, kafir, and feed crops delayed. Early-planted wheat generally very good: some yet to be planted.

Arkansas.—Little Rock: Cotton opening slowly due to four or five rainy, cloudy days; killing frost or freezing temperatures in all portions on 20th will stop growth; practically all picked in southern and western portions and well along elsewhere, but badly delayed during past week; rains caused some deterioration. Rice threshing delayed; other crops gathered in many localities. Very favorable for wheat, oats, and winter truck.

truck.

Tennessee.—Nashville: Unusually high temperatures, with heavy showers last of week in central, south, and east. Fall grains about all sown and having good start; all, including clover, green in fields, with rye and barley most advanced. Livestock generally on winter feed.

Kentucky.—Louisville: Temperatures moderate to high. Wheat good growth and considerable stooling: improving slowly. Corn gathering proceeding slowly under interference by showers and wet fields. Pastures improved; livestock doing well with little feeding.

#### THE DRY GOODS TRADE

New York, Friday Night, Nov. 23 1928.

People are already responding to the advertisements which invite them to do their Christmas shopping early,

and retail distributers are, as it were, getting into position to receive the forthcoming rush. The interest which the public is taking in early holiday displays seems to indicate an active season for most lines of merchandise during the near future, and, since there is no reason why textiles should prove exceptional, the holiday demand is expected to approximate satisfactory proportions. Meanwhile more or less favorable conditions are noted in the various divisions of the trade, with a confident sentiment in evidence even in places where present business is quit. The situa-tion in the woolens and worsteds markets is very favorable indeed in the eyes of those who remember the comparative depression of previous years. Linen manufacturers are showing renewed confidence since the election of Mr. Hoover, which is generally regarded as favorable to business, and are expecting an accentuated demand within a short time. Cotton goods are quiet, and weakness in certain lines is causing primary factors some trepidation. It is feared that stocks are still too large for safety in the matter of price stability, and there is a good deal of sentiment in favor of co-operative regulation of production. An important item in this regard was the address to the textile conference, last Monday, in which the speaker authoritatively pointed out that the problem confronting the industry is not essentially one of elimination of waste, of lower costs, or of more systematic merchandising, but of scientific regulation of production and limitation of competition, in order to provide stable and profitable prices.

DOMESTIC COTTON GOODS.—The outlook for cotton goods is being regarded confidently by many factors, although current business is continuing fairly quiet. Certain lines of colored goods are sold ahead comfortably and manufacturers of denims have unfilled orders on hand which will fully absorb production on its present basis for some time to come. Towel and bedspread production, which is practically unrestricted, is also said to be contracted ahead, and, in those divisions of the market which have been limiting output in order to adjust unfavorable conditions i. e, cotton duck, and wide sheetings-improvement seems to be taking place. Large orders from the automotive industry are also in the market. On the other hand, while it seems to be the general opinion that business holds bright possibilities, there is much anxiety as to whether opportunities for a profitable season will be spoiled by hap-hazard methods. For instance, the weakening tendency in print cloths and narrow sheetings is occasioning some disquietude. This may be principally accounted for by the fact that stocks of these fabrics are larger than orders, many manufacturers continuing to operate at capacity in order to keep production costs down, until such time as a co-operative curtailment plan has been decided upon and agreed to by manu-The realization that they cannot be sure of a facturers. stable and profitable market until they have some systematic and co-operative policy to work on is becoming more widespread among manufacturers, and while they are not yet, as a whole, responding to suggestions as quickly as could be desired, there is little doubt that progressive ideas are gradually winning general recognition of their worth. Print cloths 28-inch 64 x 60's construction are quoted at 61/4c. and 27-inch 64 x 60s at 6c. Grey goods in the 39-inch 68 x 72's construction are quoted at 9c., and 80 x 80's at

WOOLEN GOODS.—Conditions, in the woolens and worsteds markets continue very favorable. The volume of goods which has moved into distribution channels from primary sources during the past month shows a very marked acceleration of demand, and there is every indication that the better conditions will not only be maintained but improved as time goes on. It is expected that the existing spot business will last for some weeks, before it gives way to a growing call for spring goods, and a short but exceptionally active season is anticipated for the latter as a consequence of the protracted fall demand. With stocks in manufac-turers hands, estimated at what is possibly the lowest figure on record, a measurable decline in hand-to-mouth buying is taking place and many cutters are covering future needs in order to avoid such a situation as late buyers encountered when the recent rush demand for certain types of overcoatings practically wiped out stocks.

FOREIGN DRY GOODS.-With conditions practically unchanged, and little confirmation of the expanded demand which factors expected to develop around this time, the situation in the linen markets leaves something to be desired. However, business in some directions continues to be satisfactory, and the outlook is not considered destitute of prom-The fact that buyers are proceeding on a cautious ise. hand. to-mouth basis, while it has a distinctly limiting fect on manufacturers, may ultimately, in keeping stocks in distributing channels low, have a good effect on the trade. Primary factors' objection to this, is that, forced as they are to withhold production until they know what buyers will want, it would be impossible for them to supply goods on a spot basis in sufficient volume to take full advantage of a suddenly developing public demand. Burlaps have been Light weights are quoted at 6.75-80c., and fairly quiet. heavies at 9.85-90c.

#### NEWS ITEMS

Bulgaria (Kingdom of).—Offer \$13,000,000 7½% Bonds—Speyer & Co. in conjunction with the J. Henry Schroeder Banking Corp. are offering for public subscription an issue of \$13,000,000 7½% Kingdom of Bulgaria sinking fund gold bonds at 97 and accrued interest to yield 7.75%. Dated November 15 1928. Coupon bonds in denominations of \$1,000 and \$500. Due November 15 1968.

The following information is taken from the official offering

The following information is taken from the official offering

circular:

Interest payable May 15 and Nov. 15. Principal and interest payable in New York at the office of Speyer & Co. or of J. Henry Schroder Banking Corporation, in United States gold coin, without deduction for any Bulgarian taxes, present or future. Principal and interest will also be collectible at the option of the holder, in Belgian francs in Brussels, in lire in Milan and in Swiss francs in Zurich, at the banking houses referred to below, at the current buying rates for sight exchange on New York.

Cumulative Sinking Fund sufficient to repay all of these Bonds at or before maturity, to be appiled to the semi-annual redemption of Bonds by lot at par, the first redemption to be on Nov. 15 1929.

Not subject to call before Nov. 15 1938, except for sinking fund. The Government reserves the right to repay at par on that date, or on any interest date thereafter, all or any part of the Bonds then outstanding, upon six months' previous notice.

Of the above issue \$4,000,000 bonds have been withdrawn for sale as follows: \$1,000,000 in Belgium by Banque Belge pour l'Etranger, Brussels. \$1,500,000 in Italy by Banca Commerciale Italiana, Milan, and \$1,500,000 in Switzerland by Credit Suisse, Zurich.

Further information regarding this loan may be found in

Further information regarding this loan may be found in our "Department of Current Events and Discussions" on a preceding page.

Florida (State of).—Vote on Amendments.—Of the four proposed constitutional amendments submitted to the voters on Nov. 6 the one providing for specific proof of advertising to accompany introduction of local bills into the legislature was the only one approved. The other three amendments would have increased legislators' pay, required a uniform system of government for counties and cities and allowed the division of counties into convenient school

Houston Independent School District, Texas.—Legality of Bond Issue Affirmed.—In connection with the offering on Dec. 4 of the \$1,995,000 issue of 434% semi-annual school bonds, notice of which appeared in V. 127, p. 2263 and 2401, we are now in receipt of a communication from Thomson, Wood & Hoffman, N. Y. City, attorneys, to the effect that they consider the bonds come under the unlimited taxation category, and are therefore legal investments for sayings category and are therefore legal investments for savings banks in N. Y. State. The State Banking Department has not yet included the bonds of the Houston Independent School District in their legal investment list, but it is understood are ready to do so when the proper documents are filed with them to show that the district has power to levy taxes with them to show that the district has power to levy taxes for the payment of its bonds without limitation as to rate or amount. The opinion of Thomson, Wood & Hoffman reads as follows:

L. Mills, Business Manager, Houston Independent School District, Houston, Texas.

Answering wire, it is our opinion that Houston Independent School District is authorized by Chapter 91, Special Laws of Texas, 1923, to levy unlimited taxes for the payment of the principal and interest of its bonded debts, and that such taxes are not subject to the tax limit of \$1.25 on the \$100 valuation of taxable property applicable to taxes for the current expenses of school maintenance. The statute after providing for the limited tax for ordinary school purposes, expressly provides that the taxes for the payment of the principal and interest of the bonded indebtedness of the city shall always be sufficient for the purpose thus evidencing a clear intention, on the part of the Legislature to exclude such taxes from the \$1.25 limitation. Confirming by letter.

THOMSON, WOOD & HOFFMAN.

THOMSON, WOOD & HOFFMAN. North Carolina (State of) .- Legislators' Pay Increased. On Nov. 6 the constitutional amendment increasing legislators' compensation to \$600 for the term of office was approved in a very close vote, 147,946 to 147,734. The voters defeated the amendments providing for solicitorial districts, for classification of intangible personal property for tax-ation purposes and for repeal of the present system of ad valorem taxation.

Pennsylvania (State of).—Bonds Defeated.—Other Proposals.—The proposals to issue \$50,000,000 highway bonds, \$25,000,000 forestry bonds \$5,000,000 Armory bonds, \$8,000,000 State College bonds and \$50,000,000 welfare interesting bonds. \$8,000,000 State College bonds and \$50,000,000 welfare institutions bonds were defeated by the electorate on Nov. 6. Constitutional amendment No. 6, giving the Courts the right to divide election districts without regard to the number of voters; No. 12, permitting inheritance exemptions to residents of other States which grant reciprocal exemptions; No. 13, permitting the optional use of voting machines; and No. 14, permitting Pittsburgh and Allegheny County to consolidate, were approved. The other six propositions, all of which were beaten, were: all of which were beaten, were:

No. 1—Authorizing the State to do its own printing and binding, and also to "make or produce" its own fuel and furnishings.

No.5—Authorizing the Legislature to grant exemptions by subject to amount, in the levying of inheritance taxes. This was inadvertently phrased so that it would have wiped out tax exemptions for properties of veterans' associations used for meeting purposes.

No. 7—Enabling the City of Pittsburgh to levy special assessments against real estate for benefits derived from public improvements even where the properties did not directly abut on the improvements.

No.8—Increasing the debt limit of second class cities to 10 per cent. of the taxables.

No.3—Increasing the debt limit of second class cities to 10 per cent. of the taxables.

No. 11—Increasing the debt limit of Philadelphia for all purposes to 14 per cent. of the assessed real estate instead of 10 per cent. of the realty and personal property.

Washington (State of).—Classification of Taxable Property Voted Down.—A proposal to amend the State Constitution to allow classification of property for taxation was defeated on Nov. 6.

#### BOND PROPOSALS AND NEGOTIATIONS.

ABILENE, Taylor County, Tex.—BONDS VOTED.—At a special election held on Nov. 17 the voters authorized the issuance of \$575,000 in bonds by a majority of about 6 to 1. The issues are divided as follows: \$350,000 for water; \$125,000 for schools and \$100,000 for paving.

ALEXANDRIA, Douglas County, Minn.—CERTIFICATE SALE.—\$71,000 issue of 5% certificates of indebtedness has been purchased by the Wells-Dickey Co. of St. Paul. Due \$7,000 from Nov. 1 1929 to 1938

chase of a \$200,000 issue of 4½% coupon, semi-annual sewer bends. Denom. \$1,000 and \$500. Dated Dec. 1 1928. A \$2,500 certified check must accompany the bid.

NEW YORK, N. Y.—\$55,000,000 STOCK AND BOND AWAED.—Comptroller Berry on Nov. 20 at 12 m. opened all bids submitted for the \$55,000,000 4½% corporate stock and serial bond issues described below and awarded the obligations to a syndicate managed by the National City Co. of New York, which consisted of 56 individual members shown below, on its "all or none" bid of 100.83999, a cost basis to the city of about 4.-2002%. The award consisted of: \$15,500,000 corporate stock for the construction of rapid transit railreads. Principal and interest payable in gold in New York City. Due Nov. 15 1978.

13,500,000 corporate stock for the construction of rapid transit railreads. Principal and interest payable in gold in New York City. Due Nov. 15 1978.

The stock will be issued in coupon ferm and interchangeable denoms. of \$1,000 for coupon bonds, or in registered form in any multiple of \$16: \$21,000,000 serial bonds for various municipal purposes.

Principal and interest of both serial bond issues mature in 40 equal annual installments on Nov. 15 from 1929 to 1968 incl. To be in coupon or registered form in \$1,000 denom. Payable as to both principal and interest submitted. The other was made by a Chase Securities Hallgarten & Ce. syndicate offering 100 for all or any part of the serial bonds and 169.47 for the corporate stock.

The last sale by the city, held on Feb. 29 this year (V. 126, p. 1396), censisted of \$52,000,000 4% gold corporate stock maturing on Dec. 31 1931. This issue brought a price of 100.48997, a cost basis to the city of about 3.866%, and was awarded to a syndicate managed by the National City Ce. In May 1927 \$60,000,000 long-term corporate stock and bonds bearing a coupon rate of 4% were awarded to a Chase Securities Corp.—Blair & Ce. syndicate which paid 101.3468 for the \$42,600,000 stock due in 1977, a cost basis of about 3.938%, and 100.90 for the

Union Trust Co., Pittsburgh
A summary of the bids

1928, follows:

Comptroller Berry, in expressing satisfaction with the result of the sale, said:

"It should be a source of satisfaction to every resident of the city. The high price received for our securities, the splendid premium realized by the city and the eagerness of the most substantial investment and banking houses to bid for the issue, all constitute a fine tribute to the stability of the City of New York. It shows supreme confidence on the part of the investing public."

The Comptroller said that in all probability there will not be another sale to the public of long-term bonds before the latter part of next year. He plans, however, to offer for sale within a short time \$52,000,000 off four-year rapid transit corporate stock (previously scheduled to have been included in the current sale), recently authorized by the Board of Estimate and Apportionment. This is for the construction of the new independent subway system. The condition of the bond market will govern the date when these short-term bonds will be offered to the public.

A list of the individual investment houses participating in the award is as follows:

The Company of New York
Bankers Company of New York

PUBLIC ABSORBS ISSUES RAPIDLY.—The following article commenting on the rapid absorption of the issues by the public appeared in the Wall Street "Journal" of Nov. 23:

"Retail distribution of the New York City serial bonds and corporate stock is progressing satisfactorily, according to bankers handling the issue. The award was made Tuesday and public offering followed almost immediately.

mediately.

Approximately \$27,000,000 of the \$55,000,000 total has been placed with institutions and private investors. About half of the amount thus distributed consists of corporate stock. Several large blocks have been distributed singly, while numerous other smaller inquiries have been received. One of the most favorable aspects of the inquiry which has developed for the major municipal offerings of the week has been the increasing number of individual investors placing commitments."

NEZ PERCE COUNTY (P. O. Lewiston), Ida.—BOND SALE.—A block of \$100,000 of the \$240,000 issue of road and bridge bonds offered for sale on Nov. 14—V. 127, p. 2573—was awarded to Richards & Blum, Inc. of Spokane as 4½%, for a premium of \$185, equal to 100.185, a basis of about 4.72%. Dated Nov. 14 1928. Due from 1930 to 1939 incl. The fellewing bids were all examined and rejected:
